

Ever met a girl,

Where her two eyes are among,

As two colors are shown,

It's blue as the morning runs,

And as green as the emerald dreams.

The fire in your eyes;

It blinds -

The tear in my heart.

Tales of Ind, and Other Poems T. Ramakrishna Pillai, 2019-12-11 In *Tales of Ind and Other Poems* T. Ramakrishna Pillai weaves a rich tapestry of narratives steeped in Indian cultural heritage and mythology. Through exquisite imagery and lyrical prose, the collection explores themes of love, nature, and the human condition, reflecting the nuances of traditional Indian storytelling. Pillai's unique literary style harmonizes modern poetic forms with classical influences, engaging readers in a profound exploration of spiritual and existential questions that resonate across temporal and geographic boundaries. His work emerges amid a burgeoning interest in Indian poetry during the early 20th century, often contrasting colonial undercurrents with indigenous aesthetics. T. Ramakrishna Pillai, a prominent figure in the Indian literary landscape, draws inspiration from his upbringing in Kerala, infused with the rhythms of local folklore and the philosophical depth of Indian spirituality. His background as a lawyer and freedom fighter undoubtedly shaped his worldview, providing a lens through which he articulates the struggles and aspirations of his people. This intersection of personal and political context enriches his poetry, imbuing it with a sense of urgency and relevance that transcends mere artistic expression. *Tales of Ind and Other Poems* is highly recommended for readers seeking not only aesthetic pleasure but also a deeper understanding of Indian psyche and cultural identity. Pillai's poignant verses invite readers to reflect on universal themes through the prism of Indian experience, making this collection an essential addition to any literary exploration of the human spirit.

Dictionary of Italian-American Poets Ferdinando Alfonsi, 1989 This book, the first of its kind in the world, studies a body of literature thus far almost unexplored. After discussing such concepts as immigration and ethnicity and giving a definition of Italo American Poetry, it presents roughly one thousand poets. Following the criterion of inclusiveness, known and unknown poets, those who have published one or more collections as well as those whose works have appeared only in magazines, have been listed. A short bio, a list of his/her books, and criticism have been given for each of them whenever available.
