Haunting Experiences Diane Goldstein,Sylvia Grider,Jeannie Banks Thomas,2007-09-15

Ghosts and other supernatural phenomena are widely represented throughout modern culture They can be found in any number of entertainment commercial and other contexts but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them based on tradition or direct experience Personal belief and cultural tradition on the one hand and popular and commercial representation on the other nevertheless continually feed each other They frequently share space in how people think about the supernatural In *Haunting Experiences* three well known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts Diane E Goldstein Sylvia Ann Grider and Jeannie Banks Thomas take ghosts seriously as they draw on contemporary scholarship that emphasizes both the basis of belief in experience rather than mere fantasy and the usefulness of ghost

stories They look closely at the narrative role of such lore in matters such as socialization and gender And they unravel the complex mix of mass media commodification and popular culture that today puts old spirits into new contexts **Hell**

Preaching to Convert John Fletcher, 2013-11-13 *Preaching to Convert* offers an intriguing new perspective on the outreach strategies of U S evangelicals framing them as examples of activist performance broadly defined as acts performed before an audience in the hopes of changing hearts and minds Most writing about activist performance has focused on left progressive causes events and actors *Preaching to Convert* argues against such a constricted view of activism and for a more nuanced understanding of U S evangelicalism as a movement defined by its desire to win converts and spread the gospel The book positions evangelicals as a diverse complicated group confronting the loss of conservative Christianity's default status in 21st century U S culture In the face of an increasingly secular age evangelicals have been reassessing models of outreach In acts like handing out Bible tracts to strangers on the street or going door to door with a Bible in hand in elaborately staged horror themed morality plays or multimillion dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields
