Killing Tradition Simon Bronner, 2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community s heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter s most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural

lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in *Killing Tradition Inside Hunting and Animal Rights Controversies* Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving *Killing Tradition* looks at three case studies that are at the heart of today's hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren't simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain's Hunting Act of 2004 the most comprehensive and divisive anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With *Killing Tradition* Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century [Transcripts of an Internet Scammer](#) Kenny B.,2022-08-01 For the last ten years I have spent between 4 000 to 5 000 hours on many Internet dating sites looking for scammers I have spoken with well over five hundred scam artists from Africa alone and I have files on most of them My goal in researching Internet scammers was to become an expert on their methods and on how to recognize the warning signs of a scam This compiled research will enable people to detect a scam and ask the right questions to foil scammers from accomplishing their mission I hope to save many people from the heart ache embarrassment and financial loss that result from these scams It has been a tiring journey exposing the methods of a scammer My joy was found in wasting their time and asking them questions they simply couldn't answer Find out how the trap works in *Transcripts of an Internet Scammer* *The Internet of Things* Michael Miller,2015-03-13 How the Internet of Things will change your life all you need to know in plain English The Internet of Things IoT won't just connect people It will connect smart homes appliances cars offices factories cities the world You need to know what's coming It might just transform your life Now the world's #1 author of beginning technology books has written the perfect introduction to IoT for everyone Michael Miller shows how connected smart devices will help people do more do it smarter do it faster He also reveals the potential risks to your privacy your freedom and maybe your life Make no mistake IoT is coming quickly Miller explains why you care helps you use what's already here and prepares you for the world that's hurtling toward you What is IoT How does it work How will it affect me What's realistic and what's just hype How smart is my smart TV really And is it watching me Can smart IoT devices make me healthier Will smart appliances ever be useful How much energy could I save with a smart home What's the future of wearable tech When will I have a self driving car When will I have a nearly self driving car Hint Surprisingly soon Is IoT already changing the way I shop What's the future

of drones at war and in my neighborhood Could smart cities lower my taxes Who gets the data my devices are collecting How can I profit from the Internet of Things What happens when the whole world is connected Will I have any privacy left at all
