How To Succeed In Law School:

How to Succeed in Law School Gary A. Munneke, 1989 **Hard-nosed Advice from a Cranky Law Professor** Austen L. Parrish, Cristina C. Knolton, 2010

If students wish to survive and excel in law school they must approach it correctly. Students also need to understand what professors expect of them or they will be left behind. *Hard Nosed Advice from a Cranky Professor* explains some of the correct ways to approach law school and provides insight into professor expectations. This book is designed for new law students who would like to improve their chances of doing well in law school. Written from the perspective of a cranky cantankerous professor, the book side-steps pleasantries to provide no-nonsense, sometimes hard-nosed advice that is intended to instruct students on what they must do to succeed. While blunt, the practical advice is provided in a light-hearted, humorous way. The book's aim is to give concise answers to questions that most students have when they begin law school. The book's user-friendly style is one of its greatest assets. In tight-to-the-point chapters, the book addresses those tasks that students commonly face in law school, from reading and briefing cases to outlining to preparing and taking exams to being called on in class. The book also provides advice on success outside the classroom, including preparing for the bar exam. In many ways, through the professor's grumblings, the book promotes professionalism and common sense. At the back of the book are sample case briefs and exam answers.

Professor Lawrence, the cranky cantankerous law professor who serves as this book's guide to law school and beyond, offers the kind of blunt advice and criticism that law students often fear but alas rarely receive. Whether you are new to law school or a law professor seeking the kinds of tips your students need to hear, you will find much in this book that deserves careful attention. All of it is presented in a clear and entertaining fashion. Its advice will help you avoid the pitfalls of law school and get the most out of your legal education and the beginning of your professional life as a lawyer.

Prof. Paul Horwitz, University of Alabama School of Law: *Hard Nosed Advice from a Cranky Law Professor* delivers the type of practical, helpful, no-nonsense guidance that law students navigating the first year would be hard-pressed to find elsewhere. This is serious advice provided in an utterly refreshing and truly funny way.

Prof. Lillian Aponte Miranda, Florida International University School of Law: First-year law students often have no solid information about what they ought to be doing to succeed; instead, they rely on popular culture, hearsay, and rumors from upper-division students and their own undergraduate experiences, none of which is very useful. Parrish and Knolton's book provides that guidance bluntly but sympathetically and humorously. Parrish and Knolton have done first-year law students a great favor by explaining what law professors expect from them, even though we usually never take the time to tell them.

Prof. William D. Araiza, Brooklyn Law School: Finally, a book that gets to the point of law school, grabs your attention, and is entertaining at the same time.

Prof. Elizabeth Trujillo, Suffolk University Law School: I'm glad I never had a professor like Professor Lawrence while I was in law school, and I really hope you never do either. But law school would have been easier if I had read his advice before going. The key to being successful in law school isn't complicated and is

certainly not top secret If you follow what Professor Lawrence has to say you ll be well on your way Prof David S Cohen Drexel University Earle Mack School of Law Professors Parrish and Knolton have written a succinct guide to law school that students will find tremendously helpful and a lot of fun Dispensing wisdom with a clever sense of humor Hard Nosed Advice from a Cranky Law Professor entertains as it teaches and demystifies the law school experience This engaging book offers practical advice on topics ranging from briefing cases to preparing for the bar exam making it an important resource for students at all stages of their legal education The book s guidance on outlining exam taking and law review and clinical opportunities is especially valuable I will recommend Hard Nosed Advice from a Cranky Law Professor to my first year students and law schools should consider assigning it as part of their orientation programs Prof Christopher A Whytock University of Utah S J Quinney College of Law Professors Parrish and Knolton share their wisdom and experience explaining how law school works and what is expected of students There are profound insights in this invaluable guide it belongs on the desk of every law school student Prof Kristen E Boon Seton Hall University School of Law When admitted students ask me how to prepare for law school I offer three suggestions First to learn micro economics because it is useful to understanding many first year courses Second to adopt a sustainable exercise routine because law school is not just a test of intellect it is an equally grueling test of stamina And third to watch Paper Chase because it exposes much of the good and bad of the law school experience But starting now I will offer students a fourth suggestion to read this book With this book Professors Parrish and Knolton have given students the key to unlock the secrets to law school success This book may well become for JD students what the Federalist Papers are for constitutional law scholars an indispensable roadmap to navigate labyrinthine terrain Prof Richard Albert Boston College Law School As Parrish and Knolton make clear there are no shortcuts to success in law school Hard work is required every step of the way But this book will help law students focus their efforts by working smart along with working hard The book s straightforward organization makes law school less overwhelming and more manageable I would recommend to every student beginning law school Prof Noah D Hall Wayne State University Law School Professors Parrish and Knolton have managed to convey crucial advice to entering law students in a fun and straightforward way Would be law students should listen carefully to what their cranky law professor has to say They are unlikely to get all of this advice so succinctly explained in one convenient source once they enter law school Prof Michael Waterstone Loyola Law School Los Angeles This is a great book not only for law students but for law professors seeking to re learn some lessons of delivering a legal education Most importantly it sensibly if crustily speaks to expectations in the law classroom an elusive baseline of behavior in an era of evolving classroom technologies tightening job markets and changing academic cultures Whether the student or the professor agrees with the blunt advice in this book this is as thought provoking as a fun book like this can be Prof Shi Ling Hsu University of British Columbia Faculty of Law This comprehensive yet concise manual is an indispensable resource for both prospective and current law students With its witty practical and no nonsense advice
