Facts Tell Democratic Peoples Republic of Korea,2001-12-01 Originally published in North Korea in 1960 North Koreans reprint the confidential documents of the U S imperialists Syngman Rhee clique which clearly reveal who provoked the Korean War These were seized by the Korean People s Army in the archives of the enemy organs during the war **North Korea's Foreign Policy under Kim Jong Il** Seung-Ho Joo,2016-12-05 The Democratic People s Republic of Korea North Korea joined the rank of nuclear powers in October 2006 after exploding its first nuclear device The test was not fully successful yet it unequivocally demonstrated North Korea s nuclear weapons capability North Korea under the leadership of Kim Jong il remains as unpredictable and mysterious as ever This comprehensive study brings together leading scholars in the field to examine the country s current foreign policy under Kim Jong il as well as its bilateral relations with the USA China Russia Japan and South Korea **North Korea on the Brink** James Glyn Ford,Soyoung Kwon,2007-11-20 North Korea s development and testing of nuclear weapons made headlines in the Western media but is the country really a threat to the rest of the world This accessible introduction examines the country s history and focuses on whether the threat is realistic or exaggerated by the US in order to gain international support for the controversial missile defence system It also shows what the EU can do to engage with North Korea and counterbalance the US policy of isolationism North Korea is struggling to survive in the face of US threats of pre emptive action and regime change by developing its own Weapons of Mass Destruction For the EU the challenge is to resolve this stand off providing North Korea with sufficient security guarantees to enable them to give up their nuclear weapons and enough assistance to enable the economic and social reforms that the country so desperately needs **Talking to North Korea** James Glyn Ford,2018-09-20 Despite recent attempts at negotiation the attitudes of both Kim Jong un s regime and the West seem unchanged North Korea is still shrouded in mystery and there are no clear plans for the future Can we trust either side to bring about peace And if so how This provocative insider s account blasts apart the myths which paint North Korea as a rogue state run by a mad leader Informed by extraordinary access to the country s leadership Glyn Ford investigates the regime from the inside providing game changing insights which Trump and his administration have failed to do Acknowledging that North Korea is a deeply flawed and repressive state he nonetheless shows that sections of the leadership are desperate to modernise and end their isolation With chapters on recent developments including the Trump Kim summit Ford supports a dialogue between East and West whilst also criticising Trump s facile attempts Talking to North Korea provides a road map for averting a war in North East Asia that would threaten the lives of millions *Documents and Materials Exposing the Instigators of the Civil War in Korea* Korea (North). history in the late 1960s North Korean forces captured an American naval vessel and shot down an unarmed reconnaissance aircraft taking the lives of thirty one U S sailors and Marines and striking a damaging blow to American honor This look back to that earlier time of crisis provides serious food for thought as contemporary strategists again grapple with a North Korean regime that threatens regional security and U S national interests The capture of USS Pueblo has been written about extensively but rarely in context with the shoot down fifteen months later of an EC 121 aircraft and never with so much relevant documentation Richard Mobley a veteran naval intelligence officer who served on the staff of U S forces in Korea during the late 1990s confronting many of the same challenges faced in the 1960s and today has uncovered a vast array of recently declassified documents that shed new light on these events and address lingering questions about U S reactions and its failure to retaliate The formerly top secret answers to these and many other frequently asked questions are all covered in Mobley s groundbreaking investigation His careful examination of the resource strains caused by concurrent U S involvement in Vietnam the unexecuted retaliatory plans and lessons learned confirms many criticisms long leveled at U S planners and decision makers It also challenges other criticisms by revealing new information and by placing these facts in the context of the time The author couples the wisdom of hindsight with the revelation of new information for a timely new work on a subject of ongoing and vital importance

**The Pueblo Incident** Mitchell B. Lerner, 2002 Mitchell Lerner now examines for the first time the details of this crisis and uses the incident as a window through which to better understand the limitations of American foreign policy during the Cold War Drawing on thousands of pages of recently declassified documents from President Lyndon Johnson s administration along with dozens of interviews with those involved Lerner provides the most complete and accurate account of the Pueblo incident to date BOOK JACKET
