Brafman, 2024 Critique of Halakhic Reason challenges prevalent ways of thinking about religion by revealing how religious traditions and communities reason about their practices It examines the reasoning operative in the justification and jurisprudence of the Jewish commandments through fresh studies of twentieth century Jewish thinkers It then constructs a novel account of the relation between Jewish thought and law in view of contemporary moral philosophy and legal theory It then develops its consequences for theology the study and philosophy of religion as well as for moral legal and political philosophy

God and the Holocaust Dan Cohn-Sherbok, 1996 Where was God when six million died The twentieth century has never presented a more serious theological question Over the past forty years it has haunted a series of writers In this study Dan Cohn-Sherbok explores the work of eight major Holocaust theologians He argues that all ultimately fail to reconcile as they must the reality of suffering with the loving kindness of God In the final chapter he quarries from the Jewish tradition his own solution which confronts the evil of Nazism but still leaves room for hope

Strange and Gaudy Fruit Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early

church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward

Suffering as Identity Esther Benbassa,2020-05-05 Reaching from biblical times to the present day Esther Benbassa s prize winning exploration of Jewish identity is both epic and comprehensive She shows how in the Jewish world the representation and ritualization of suffering have shaped the history of both the people and the religion Benbassa argues that the nineteenth century gave rise to a Jewish lachrymose historiography and that Jewish history was increasingly seen to be a vale of tears a development that has become even more pronounced since the Holocaust The treatment of the Holocaust in the State of Israel now has the form of a civil religion In principle within reach of everyone the duty of memory and the uniqueness of the genocide have mitigated for many Jews the loss of other traditions The Israeli government invokes the memory of the Holocaust to neutralize threats to its interests ensuring that suffering continues to be a central part of Jewish identity and positioning the State of Israeli as a redemptive force

New Perspectives on Jewish-Christian Relations

Elisheva Carlebach,Jacob J. Schacter,2011-11-25 The delicate balance between toleration and repulsion of the Jews a tiny minority living within the Christian world stands at the center of studies of religion and society The development of this difficult relationship on many levels theological institutional and individual is a matter of continuing relevance in religious history from ancient to contemporary contexts This volume written by the leading scholars of Jewish Christian engagement seeks to revisit the question in light of new sources and re readings of older sources The old view of two implacable enemies battling for their version of truth of Jews living as insular pariahs within a hostile world the tale of persecution by the mighty of the weak has given way to a much more nuanced understanding of areas of congruence of cultural economic and social interchange The volume examines changes in the Christian posture toward the Jews occurring in a time and place of tremendous cultural and religious creativity in Western European society It seeks to understand how Jews integrated elements of Christian culture into their own The volume spans some of the key turning points in the Jewish Christian relationship and re examines critical texts religious disputations and cultural interactions

The Secret of the Jews David Ben Moshe,David Morrison,2008 Explain why so many American Jews are deeply uncomfortable with this outpouring of Christian support

Major World Religions Lloyd Ridgeon,2003-12-08 This book focuses

upon those religions that continue to demand the attention of the Western world Judas Iscariot: Damned or Redeemed
Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process **Three Perspectives: Jewish, Christian, and Muslim**
Steven H. Propp, 2009-12-30 You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book Beyond Heaven and Earth in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world George's Kaddish for Kovno and the Six Million
Catherine Gong, 2009-02-24 After interviewing a Holocaust survivor who took clandestine photographs of the Kovno Ghetto at great risk a graduate student stumbles over a diary chronicling the same time and place during Nazi occupation She soon discovers that photographer George Kaddish is one of only two known Jewish

photographers who recorded ghetto life but most importantly she learns that hope and humanity still exist
