[SAMPLER](#) Tony Evans, 2012-06-01 Enjoy these SAMPLE pages from *How Should Christians Vote* Christians are a large and influential voting block today But as each governmental election approaches an increasing polarity occurs within those claiming the Christian faith This comes as a result of party voting rather than voting according to Biblical mandates and authority To refocus correctly Dr Tony Evans goes back to the basics and teaches on how God established government as a divine institution whose tasks include promoting the well being of those within its realm and protection from evil Scripture trumps all political alliances making the voting decision a critical opportunity for Christians to promote God s Word and His values through whom they elect In the face of increasing emotions the Christians representing God s kingdom values should communicate His truths in a manner reflective of the King in a gracious and strategic way Dr Evans also looks at the necessary qualities in a good candidate which include intellect education competency skill and spiritual beliefs whether certain issues are non negotiables and how a responsible citizen is to research a candidates position in order to evaluate it against God s Word      [Ibss: Political Science: 1987](#) British Library of Political and Economic Science, 1991 IBSS is the
