Fake Paul:

Paul the Progressive? Eric C. Smith, 2019-11-22 A generation of biblical scholars have sparked a revolution in thinking about the apostle Paul Now bible scholar and progressive Christian pastor Eric C Smith is helping Christians see how that revolution makes a difference for people engaged in the work of justice and inclusion In Paul the Progressive Smith revisits Paul in light of modern biblical scholarship telling the story of a Paul who challenged the norms of his day broke down barriers of gender and ethnicity and re imagined God s plan for the world in terms of radical inclusion and salvation available to everyone

The Promise of Not-Knowing David E. Fredrickson, 2022-04-12 David E Fredrickson asks a key question for interpreters of the New Testament in the twenty first century Do established ways of reading the New Testament need to be challenged and new ones explored His answer is yes but he takes care not to dismiss readers experiences in the previous two millennia He values the readings of the past even as he contests the insights of scholars preachers monks nuns skeptics the devout the disinterested the keenly interested and all the rest who have tried to make sense of the earliest Christian writings Fredrickson does not want to give an impression of I know better than them But he goes on to say that strange as it sounds not knowing is actually the point of this book More than anything else not knowing is I believe the key to reading the New Testament in the twenty first century Fredrickson claims that the reduction of a text to its usefulness is something a deconstructive approach seeks to avoid That leads to readings in which practicality enjoys a privilege over mystery knowing wins out over not knowing and control triumphs over hope Ultimately his goal in this book is to give mystery hope and not knowing a chance For Fredrickson the experience of reading is more than coming to know something or receiving information and the more that he has in mind exists in the shock of encountering some other or something that is not easily assimilated to an already known world a familiar horizon or the repeatability of language What if reading the New Testament meant giving an unexpected other a chance to take place and to change the world you thought was an unchangeable given What if we thought of reading as a way of preparing for what postmodernism calls an event

Three Mountains to Freedom John Duncan Davies, 2019-08-26 In Galatians we meet Paul at his most passionate most personal and his most political For him the heart of the Gospel is The Son of God who loved me and gave himself for me But for some of his colleagues faith in Christ is not enough They want something that will give more of a sense of achievement they yearn for the more exclusive insignia of the Jewish law Senior church leaders are confused and compromised Paul faces this crisis with two further essentials of the Gospel our unity in Christ and our freedom in Christ The book shows how in our own day the same testing of faith happens with issues of race gender poverty equality in a culture which values the achievements of some while treating others with disdain Written geographically from a Welsh context this is the Archbishop of Wales s recommended Lent book for 2016 but it speaks to the wider motivations of our present culture For the author Galatians was a primary weapon in the theological struggle against the ideology of apartheid in South Africa it has a similar relevance for today s Britain and beyond

An Exposition of the Old and New Testament. In Six Volumes ... By Matthew Henry ... Vol. 1. [-6.] ,1791 **In the Closet of the Vatican** Frederic Martel,2019-02-21 The New York Times Bestseller An earth shaking expos of clerical corruption National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today This brilliant piece of investigative writing is based on four years authoritative research including extensive interviews with those in power The celibacy of priests the condemnation of the use of contraceptives the cover up of countless cases of sexual abuse the resignation of Benedict XVI misogyny among the clergy the dramatic fall in Europe of the number of vocations to the priesthood the plotting against Pope Francis all these issues are clouded in mystery and secrecy In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself It is based on the double lives of priests and on extreme homophobia The resulting schizophrenia in the Church is hard to fathom But the more a prelate is homophobic the more likely it is that he is himself gay Behind rigidity there is always something hidden in many cases a double life These are the words of Pope Francis himself and with them the Pope has unlocked the Closet No one can claim to really understand the Catholic Church today until they have read this book It reveals a truth that is extraordinary and disturbing

Paul's New Moment John Milbank,Slavoj Zizek,Creston Davis,2010-11 Victorian Art Criticism and the Woman Writer by John Paul M Kanwit examines the development of specialized art commentary in a period when art education became a national concern in Britain The explosion of Victorian visual culture evident in the rapid expansion of galleries and museums the technological innovations of which photography is only the most famous the public debates over household design and the high profile granted to such developments as the Aesthetic Movement provided art critics unprecedented social power Scholarship to date however has often been restricted to a narrow collection of male writers on art John Ruskin Walter Pater William Morris and Oscar Wilde By including then influential but now lesser known critics such as Anna Jameson Elizabeth Eastlake and Emilia Dilke and by focusing on critical debates rather than celebrated figures Victorian Art Criticism and the Woman Writer refines our conception of when and how art criticism became a professional discipline in Britain Jameson and Eastlake began to professionalize art criticism well before the 1860s that is before the date commonly ascribed to the professionalization of the discipline Moreover in concentrating on historical facts rather than legends about art these women critics represent an alternative approach that developed the modern conception of art history In a parallel development the novelists under consideration George Eliot Charlotte Bront Anne Bront and Elizabeth Gaskell read a wide range of Victorian art critics and used their lessons in key moments of spectatorship This more inclusive view of Victorian art criticism provides key insights into Victorian literary and aesthetic culture The women critics discussed in this book helped to fashion art criticism as itself a literary genre something almost wholly ascribed to famous male critics
