## **Good Fight Canadians And World War II:**

**The Good Fight** J. L. Granatstein, Peter Neary, 1995 Canada and the Second World War Geoffrey Hayes, Mike Bechthold, Matt Symes, 2013-02-01 Terry Copp's tireless teaching research and writing has challenged generations of Canadian veterans teachers and students to discover an informed memory of their country's role in the Second World War. This collection drawn from the work of Terry's colleagues and former students considers Canada and the Second World War from a wealth of perspectives. Social cultural and military historians address topics under five headings: The Home Front, The War of the Scientists, The Mediterranean Theatre, Normandy, Northwest Europe, and The Aftermath. The questions considered are varied and provocative: How did Canadian youth and First Nations peoples understand their wartime role? What position did a Canadian scientist play in the Allied victory and in the peace? Were veterans of the Mediterranean justified in thinking theirs was the neglected theatre? How did the Canadians in Normandy overcome their opponents but not their historians? Why was a Cambridge scholar attached to First Canadian Army to protect monuments? And why did Canadians come to commemorate the Second World War in much the same way they commemorated the First? The study of Canada in the Second World War continues to challenge, confound and surprise. In the questions it poses, the evidence it considers and the conclusions it draws, this important collection says much about the lasting influence of the work of Terry Copp. Foreword by John Cleghorn.

**The Good Fight** Brendan Kelly, 2019-11-01 Before official bilingualism was established in 1969, francophones were scarce in the Canadian public service. Marcel Cadieux was one of the few becoming arguably the most important francophone diplomat and civil servant in Canadian history. Brendan Kelly's insightful entertaining biography draws on extensive archival research and interviews to reveal a complex figure. Cadieux held the nationalist views of many young French Canadians in the 1930s yet he made the distinctly unconventional decision to join the Department of External Affairs in 1941. Public service became the vocation of this blunt, funny, strong minded and sometimes undiplomatic diplomat. Against the backdrop of rising Quebec separatism and the Cold War, he headed the department from 1964 to 1970 and served as Canada's first francophone ambassador to the United States from 1970 to 1975. Cadieux's profound belief in the dignity of service speaks eloquently to readers today when professionalism and expertise are often undervalued.

Veterans Charter and Post-World War II Canada Peter Neary, J. L. Granatstein, 1998 Part history and part social commentary, this book examines the repatriation of Canada's WWII veterans with a collection of essays by 11 historians. Topics include the administration of the return of Canadian soldiers from Europe after VE Day, the philosophy and benefits of the Veterans Charter, veterans' rights, educational opportunities for returning vets, and the rehabilitation of veterans with disabilities. Includes black and white photographs. Appends the complete text of *Back to Civil Life*, a 1946 repatriation manual. Annotation copyrighted by Book News Inc. Portland, OR.

women's history Organized under broad subject headings and accompanied by author and subject indices it is accessible and comprehensive

**Tim's Story** Brian Buckley, 2022-09-23 Courage Heroism Endurance These qualities are emblematic of the stories of thousands of Canadians who fought during World War II Canadians like Tim Carlon a young Montrealer who went off to war doing his part in a global struggle whose legacy remains as relevant as ever eight decades later **Tim's Story** A Canadian Airman in World War II is a tale of an airman who was decorated for gallantry in 1942 only to be wounded and shot down over Germany the following year He spent over two years in POW camps and survived two forced marches in 1945 before the war finally ended But Tim's sacrifice didn't end when he came home A war related illness claimed his life a few years after he returned to Canada Brian Buckley whose wife is Tim Carlon's niece wrote this account to preserve the memory of a brave young man one of Canada's many heroes whose stories and legacies deserve to be remembered A tribute to all those who served **Tim's Story** also aims to deepen Canadians' collective understanding of our country's role in a conflict that largely shaped the modern world

*Canada's Army* J.L. Granatstein, 2021-09-13 In this revised and updated third edition one of Canada's leading historians covers the history of the Canadian military to the present day

**Pick One Intelligent Girl** Jennifer Anne Stephen, 2007-04-28 During the tumultuous formative years of the Canadian welfare state many women rose through the ranks of the federal civil service to oversee the massive recruitment of Canadian women to aid in the Second World War Ironically it became the task of these same female mandarins to encourage women to return to the household once the war was over **Pick One Intelligent Girl** reveals the elaborate psychological economic and managerial techniques that were used to recruit and train women for wartime military and civilian jobs and then at war's end to move women out of the labour force altogether Negotiating the fluid boundaries of state community industry and household and drawing on a wide range of primary sources Jennifer A. Stephen illustrates how women's relationships to home work and nation were profoundly altered during this period She demonstrates how federal officials enlisted the help of a new generation of experts to entrench a two-tiered training and employment system that would become an enduring feature of the Canadian state This engaging study not only adds to the debates about the gendered origins of Canada's welfare state it also makes an important contribution to Canadian social history labour and gender studies sociology and political science

*Behind the Scenes* Robert A. Wardhaugh, 2010-12-04 William Clifford Clark federal deputy minister of finance from 1932 to 1952 had a profound impact on Canadian history An important intellectual figure during the first half of the twentieth century he was leader of The Ottawa Men a group of federal civil servants who shaped a new liberal vision of the nation Robert A. Wardhaugh chronicles Clark's contributions to Canada's modern state in *Behind the Scenes* which reconstructs the public life and ideas of one of Canada's most important bureaucrats The Department of Finance sat at the centre of critical federal decisions and debates From this axis Clark's wide-ranging contributions to Canadian policy were nothing short of phenomenal he was the driving force behind the creation of the Bank of Canada and he spearheaded national housing policy

Clarke also managed the economy during the Great Depression and during the Second World War and he was instrumental in forging Canada's international economic role in the postwar era      **Strategic Cousins** John Charles Blaxland, 2006

Australia and Canada may have different security strategies reflecting contrasting domestic circumstances but John Blaxland shows that common interests have led their forces to work together for over a century. *Strategic Cousins* examines the role of the professional armed forces of these geographically distant nations through a comparison of their historical experiences with expeditionary land forces. Blaxland traces the shift from ties with the British Empire which led Canadian and Australian forces to fight in the Boer War, the two World Wars and Korea to their contribution alongside the United States in Afghanistan. Using late twentieth century concepts of policy, military strategy, operations and tactics, he reveals that Canada and Australia have had remarkably comparable experiences while supporting their key allies. Although the two nations have at times chosen divergent courses, their paths since the end of the Cold War have largely converged and closer collaboration could increase their influence and effectiveness and benefit their allies.      *Managing and Interpreting D-Day's Sites of Memory* Geoffrey Bird, Sean Claxton, Keir Reeves, 2016-03-02

More than seventy years following the D-Day Landings of 6 June 1944, Normandy's war heritage continues to intrigue visitors and researchers. Receiving well over two million visitors a year, the Normandy landscape of war is among the most visited cultural sites in France. This book explores the significant role that heritage and tourism play in the present day with regard to educating the public as well as commemorating those who fought. The book examines the perspectives, experiences and insights of those who work in the field of war heritage in the region of Normandy where the D-Day landings and the Battle of Normandy occurred. In this volume, practitioner authors represent a range of interrelated roles and responsibilities. These perspectives include national and regional governments and coordinating agencies involved in policy planning and implementation; war cemetery commissions managers who oversee particular museums and sites; and individual battlefield tour guides whose vocation is to research and interpret sites of memory. Often interviewed as key informants for scholarly articles, the day-to-day observations, experiences and management decisions of these guardians of remembrance provide valuable insight into a range of issues and approaches that inform the meaning of tourism, remembrance and war heritage as well as implications for the management of war sites elsewhere. Complementing the Normandy practitioner offerings, more scholarly investigations provide an opportunity to compare and debate what is happening in the management and interpretation at other World War II related sites of war memory such as at Pearl Harbor, Okinawa and Portsmouth, UK. This innovative volume will be of interest to those interested in remembrance, tourism, war heritage, dark tourism, battlefield tourism, commemoration, D-Day and World War II.      *Maestro of Science* Jason S. Ridler, 2015-01-01 Jason S. Ridler draws on interviews and declassified records to paint a vivid picture of the influence and achievements of a Canadian leader in Cold War military research.      *Reaching for the Stars* Mark Connelly, 2001-02-16

*Reaching for the Stars* shows why Bomber Command in one of the largest and bloodiest campaigns of the war with 55,000

aircrew lost and more officer fatalities than in World War I has received so much attention and yet remains a lost and black sheep among British wartime achievements There has been little official recognition at the 50th anniversary of VE Day there was hardly a mention and the Bomber Command story has been dogged by the controversy over carpet bombing The role of Bomber Command in the Second World War is still shrouded in mystery This book provides a new and revisionary narrative of the campaign and is both a military history and an investigation of how the modern image of Bomber Command has developed There have been hundreds of books about the RAF and Bomber Command ranging from highly researched histories technical studies of the aircraft to popular works as well as countless films and plays and television and newspaper reportage Mark Connelly pulls all the strands together to produce a fascinating and entirely new perspective on this aspect of World War II

Edible Histories, Cultural Politics Franca Iacovetta, Valerie J. Korinek, Marlene Epp, 2012-01-01 Based on findings from menus cookbooks government documents advertisements media sources oral histories memoirs and archival collections Edible Histories offers a veritable feast of original research on Canada's food history and its relationship to culture and politics This exciting collection explores a wide variety of topics including urban restaurant culture ethnic cuisines and the controversial history of margarine in Canada It also covers a broad time span from early contact between European settlers and First Nations through the end of the twentieth century

**Cultures of Citizenship in Post-war Canada, 1940 - 1955** Nancy Christie, Michael Gauvreau, 2004-01-15 The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal groups By exploring what were actually the mainstream ideologies and cultural practices of the period the authors argue that the postwar consensus was itself a precarious cultural ideal that was characterized by internal tensions and while containing elements of conservatism reflected considerable diversity in the way in which citizenship identities were defined Contributors include Denyse Baillargeon Universit  de Montr al P E Bryden Mount Allison University Nancy Christie Michael Gauvreau Karine Hebert Carleton University Len Kuffert Carleton University and Peter S McInnis St Francis Xavier University

**Canadians Under Fire** Robert C. Engen, 2009-09-23 In *Canadians Under Fire* Robert Engen explores the dynamics of what combat looked like to Canada's infantrymen during the Second World War Analyzing unexamined battle experience questionnaires from over 150 Canadian infantry officers Engen argues for a reassessment of the tactical behaviour of Canadian soldiers in the Second World War The evidence also shows that Marshall's theory of non participation in combat by Allied forces is demonstrably false Canadian soldiers took a continued and aggressive part in the fighting

Canada's Jews Gerald Tulchinsky, 2008-05-24 The history of the Jewish community in Canada says as much about the development of the nation as it does about the Jewish people Spurred on by upheavals in Eastern Europe in the late nineteenth and early twentieth centuries many Jews emigrated to the Dominion of Canada which was then considered little

more than a British satellite state Over the ensuing decades as the Canadian Jewish identity was forged Canada itself underwent the transformative experience of separating itself from Britain and distinguishing itself from the United States In this light the Canadian Jewish identity was formulated within the parameters of the emerging Canadian national personality Canada's Jews is an account of this remarkable story as told by one of the leading authors and historians on the Jewish legacy in Canada Drawing on his previous work on the subject Gerald Tulchinsky illuminates the struggle against anti-Semitism and the search for a livelihood amongst the Jewish community He demonstrates that far from being a fragment of the Old World the Canadian Jewry grew from a tiny group of transplanted Europeans to a fully articulated diversified and dynamic national group that defined itself as Canadian while expressing itself in the varied political and social contexts of the Dominion Canada's Jews covers the 240 year period from the beginnings of the Jewish community in the 1760s to the present day illuminating the golden chain of Jewish tradition religion language economy and history as established and renewed in the northern lands With important points about labour immigration and anti-Semitism it is a timely book that offers sober observations about the Jewish experience and its relation to Canadian history Social Fabric Or Patchwork Quilt Jeff

Keshen, Raymond Benjamin Blake, 2006-01-01 Both historical and contemporary features of Canadian social welfare are explored in this wide ranging and in depth collection Social Fabric or Patchwork Quilt explores the evolution of the Canadian social welfare state from a system based upon voluntarism and philanthropy to one in which the State's involvement has increased considerably It also shows how the roles of governments at all levels have changed in recent times Chapters describe the developing Canadian welfare state from Confederation to the present Beginning with an integrative framework in the general introduction the selected essays represent many perspectives chronological regional multidisciplinary and ideological An important feature of this collection is the consideration of providers and recipients Such wide ranging outlooks are possible given the diverse backgrounds of contributors which include historians sociologists social workers public policy experts and political scientists As well as historical and sociological studies topics include key programs discussed in detail the quality of services received by principal target groups new directions in research some contributions even revisit foundational older works and key government documents Engendering the State Nancy Christie, 2000-01-01 The

development of the modern social security state in Canada saw an ideological shift away from the mother and welfare entitlements based on family reproduction and toward state policies that promoted men's paid labour in the workplace

*The Maple Leaf and the White Cross* Christopher McCreery, 2008-07-21 As a foundation of the Order of St John St John Ambulance has been providing first aid training programs in Canada for the past 125 years From the sweatshops of the Victorian era and military hospitals of the First World War to a modern day volunteer organization devoted to the service of humanity this history recounts the remarkable story of the Order's contribution to our country and those who made it possible With connections to the hospitaller work of the Order of St John in the tenth and eleventh centuries the Order of St

John finds its modern roots in the English revival of this charitable work in 1831 The 1883 establishment of the Order of St John in Canada signalled the beginning of a long and distinguished history of service to Canadians and people around the globe As a nationwide volunteer organization involving more than 25 000 Canadians St John Ambulance continues to be the principal provider of first aid training in Canada
