is an appealing idea on an intellectual level Find the best way to convince the other side to accept a mutually beneficial outcome and then everyone gets their fair share The reality though is that people want more than their fair share they want to win Tell your boss that you ve concocted a deal that gets your company a piece of the pie and the reaction is likely to be Maybe we need to find someone harder nosed than you who knows how to win We want the whole pie not just a slice However to return to an earlier era before win win negotiation was in fashion and seek simply to dominate or bully opponents into submission would be a step in the wrong direction and a public relations disaster By showing how to win at win win negotiating Lawrence Susskind provides the operational advice you need to satisfy the interests of your back table the people to whom you report He also shows you how to deal with irrational people whose vocabulary seems limited to no or with the proverbial 900 pound gorilla He explains how to find trades that create much more value than either you or your opponent thought possible His brilliant concept of the trading zone the space where you can create deals that are good for them but great for you while still maintaining trust and keeping relationships intact is a fresh way to re think your approach to negotiating The outcome is often the best of both possible worlds You claim a disproportionate share of the value you ve created while your opponents still look good to the people to whom they report Whether the venue is business a family dispute international relations or a tradeoff that has to be made between the environment and jobs Susskind provides a breakthrough in how to both think about and engage in productive negotiations *The Complete Works* George MacDonald,2022-11-13 In *The Complete Works* George MacDonald offers an extensive collection of his literary masterpieces encompassing poetry novels and fairy tales that delve into themes of spirituality morality and the power of imagination MacDonald s writing is characterized by its lyrical prose and deep philosophical underpinnings often reflecting the influence of Romanticism and early Victorian beliefs His narratives frequently intertwine the fantastical with the moral inviting readers to traverse realms where the ethereal meets the tangible making this collection not just a showcase of his literary talent but a significant exploration of human experience and divine grace George MacDonald 1824 1905 was not only a novelist but also a fervent theologian whose religious convictions deeply informed his prose He is often regarded as a precursor to modern fantasy literature influencing prominent figures such as C S Lewis and J R R Tolkien MacDonald s experiences in the Scottish Highlands and his embrace of Christian Universalism shaped his narrative vision allowing him to portray both the struggles and redemptive arcs of his characters in profoundly relatable ways *The Complete Works* is highly recommended for both the casual reader and the scholarly enthusiast offering a rich tapestry that reflects the depth of human experience through the lens of divine love and wonder This collection serves as an essential entry point to understanding the evolution of fantasy literature and the theological paradigms that informed MacDonald s groundbreaking work *Good For Me* Rachel Schurig,2021-09-12 River Ransome wasn t expecting his life to change when he took this bartending gig Then he met Jasmine Weaver As the oldest son of one of the most successful rock stars in the world River lives a charmed life Surfing

Morality and the Human Goods Alfonso Gómez-Lobo, 2001-12-18 A concise and accessible introduction to natural law ethics this book introduces readers to the mainstream tradition of Western

moral philosophy Building on philosophers from Plato through Aquinas to John Finnis Alfonso Gomez Lobo links morality to the protection of basic human goods life family friendship work and play the experience of beauty knowledge and integrity elements essential to a flourishing happy human life Gomez Lobo begins with a discussion of Plato's Crito as an introduction to the practice of moral philosophy showing that it requires that its participants treat each other as equals and offer rational arguments to persuade each other He then puts forth a general principle for practical rationality one should pursue what is good and avoid what is bad The human goods form the basis for moral norms that provide a standard by which actions can be evaluated do they support or harm the human goods He argues that moral norms should be understood as a system of rules whose rationale is the protection and enhancement of human goods A moral norm that does not enjoin the preservation or enhancement of a specific good is unjustifiable Shifting to a case study approach Gomez Lobo applies these principles to a discussion of abortion and euthanasia The book ends with a brief treatment of rival positions including utilitarianism and libertarianism and of conscience as our ultimate moral guide Written as an introductory text for students of ethics and natural law Morality and the Human Goods makes arguments consistent with Catholic teaching but is not based on theological considerations The work falls squarely within the field of philosophical ethics and will be of interest to readers of any background

Spiritual Warfare Ellis Smiley, 2016-05-11 Have you struggled with living the Christian life victoriously Author Ellis Smiley discusses the challenges we face when we make the commitment to follow the Lord Our sinful mind and character will follow our selfish desires unless we are changed from within by the power of the Holy Spirit We are in a conflict for the salvation of our very souls and we find that the worst enemy is our self The struggle of giving in and letting God take control of our selfish willful mind is the essence of Spiritual Warfare The warfare against self is the greatest battle that was ever fought The yielding of self surrendering all to the will of God requires a struggle but the soul must submit to God before it can be renewed in holiness White Steps to Christ p 43 Smiley reminds us of many key truths that we should be aware of to win the war Along with the thoughtful consent we must give God to work out His will in our lives we must keep our thoughts focused on pure and righteous content We must live our lives as if in God's actual presence Giving of ourselves to the service of others is also an important factor in living the selfless life of which God asks us These ideas and more are explored to deepen our understanding of the battles we face in the life we choose to live with the Lord's help until He returns as our victorious Leader to take us home once and for all

Christine M. Korsgaard, 2018-06-18 Christine M Korsgaard presents a compelling new view of humans moral relationships to the other animals She defends the claim that we are obligated to treat all sentient beings as what Kant called ends in themselves Drawing on a theory of the good derived from Aristotle she offers an explanation of why animals are the sorts of beings for whom things can be good or bad She then turns to Kant s argument for the value of humanity to show that rationality commits us to claiming the standing of ends in ourselves in two senses Kant argued that as autonomous beings we claim to be ends in ourselves when we claim the standing to make laws for ourselves and each other Korsgaard argues that as beings who have a good we also claim to be ends in ourselves when we take the things that are good for us to be good absolutely and so worthy of pursuit The first claim commits us to joining with other autonomous beings in relations of moral reciprocity The second claim commits us to treating the good of every sentient creature as something of absolute importance Korsgaard argues that human beings are not more important than the other animals that our moral nature does not make us superior to the other animals and that our unique capacities do not make us better off than the other animals She criticizes the marginal cases argument and advances a new view of moral standing as attaching to the atemporal subjects of lives She criticizes Kant s own view that our duties to animals are indirect and offers a non utilitarian account of the relation between pleasure and the good She also addresses a number of directly practical questions whether we have the right to eat animals experiment on them make them work for us and fight in our wars and keep them as pets and how to understand the wrong that we do when we cause a species to go extinct **The Holy Bible Containing the Old and New Testaments with the Apocryphal Books in the Earliest English Versions Made from the Latin Vulgate by John Wycliffe and His Followers Edited by Josiah Forshall and Sir Frederic Madden , 1850**
