for Americans Lee Dobry, 2020-02-21 *America for Americans* is Dobry's attempt to explain some of the basic concepts of America things that the schools are not allowed to teach nowadays Basic things like what is the idea of America What makes this country unique in the history of the world Where does money come from and who decides how much each country gets We hear about everyone's Constitutional Rights but what are they Why would anyone in their right mind want to destroy the Constitution the one document that guarantees our protections against a tyrannical government What is socialism at least today's version of it Can socialism really work long term in America What is the cost of socialism What is the socialist agenda What is the conservative agenda These are things that all Americans need to understand well what we have and what we stand to lose America is at a critical point right now What we do in the 2020 elections will not only determine what kind of life we will have but also what kind of life our children and grandchildren and their children will have and we need to be keenly aware of that Will they live free or will they live as subjects under an all controlling government We need to consider that very carefully because your freedom is like your life once you give it up you won't get it back We all need to be well informed with the truth before we make decisions that will have irreversible consequences for the future generations of

Americans We have the right to throw away our own freedoms if we so choose We do not have the right to throw away theirs And it s not just about the 2020 elections It won t end there The fight to keep socialist forces from taking away Americans freedom will go on until either they win or we defeat them There can be no compromise between freedom and slavery It s one or the other There is no middle ground Stop the Worlds Chronic Killers Teamlink Pharmaceuticals Ltd.,Tim Ekwulugo,2012-12-18 Stop the worlds chronic killers attempts to address various chronic diseases and how they can be prevented The study also looked into how our life style and dietary habits earlier in life or presently can contribute towards these ailments The authors have further acknowledged that some of the readers may have been cut up with these ailments and tried to address the early signs and symptoms of these ailments which will serve as an early warning signs prior visiting a Doctor before it is too late While it must be acknowledged that most would be readers may have been lucky enough to be exposed to some knowledge about these ailments others may not have been that lucky and this study will provide the much needed answer The authors have also looked into some medicinal values of some super foods various vitamins and their individual benefits to health *Ethics and Experience* Tim Chappell,2014-12-05 Ethics and Experience presents a wide ranging and thought provoking introduction to the question famously posed by Socrates How is life to be lived An excellent primer for any student taking a course on moral philosophy the book introduces ethics as a single and broadly unified field of inquiry in which we apply reason to try and solve Socrates question Ethics and Experience examines the major forms of ethical subjectivism and objectivism including expressivism error theory naturalism and intuitionism The book lays out the detail of the most significant contemporary moral theories including utilitarianism virtue ethics Kantianism and contractarianism and reconsiders these theories in the light of two questions that should perhaps be asked more often Is moral theory with its tendency to regiment ethical thought and experience really the best way for us to apply reason to deciding how to live And might it not be more truly reasonable to look for less system and more insight Savonarola's Women Tamar Herzig,2008 Girolamo Savonarola 1452 1498 the religious reformer preacher and Florentine civic leader was burned at the stake as a false prophet by the order of Pope Alexander VI Tamar Herzig here explores the networks of Savonarola s female followers that proliferated in the two generations following his death Drawing on sources from the fifteenth and sixteenth centuries many never before studied transcribed or contextualized in Savonarolan scholarship and religious history Herzig shows how powerful public figures and clerics continued to ally themselves with these holy women long after the prophet s death In their quest to stay true to their leader s teachings Savonarola s female followers faced hostile superiors within their orders local political pressures and the deep rooted misogynistic assumptions of the Church establishment This unprecedented volume demonstrates how reform circles throughout the Italian peninsula each tailored Savonarola s life and works to their particular communities regionally specific needs Savonarola s Women is an important reconstruction of women s influence on one of the most important and controversial religious movements in premodern

Committee on Public Lands, 1948 **What Christ Said** Isaac Portilla, 2022-03-18 Relevant to nonconformist Christians this book explores the transformative and often overlooked implications of Christ's teachings The author shows the possibility to still be surprised by the sayings of Christ to rediscover the Way as a liberating path toward freedom What Christ Said delivers an absorbing experience rich in unexpected turns and insights to ponder and meditate into Taking the New Testament text as the raw material the author builds a coherent picture of Christ's Way in which themes such as Fire Life Light and Consciousness take the central stage This work also offers a very personal contribution to scholarship a provocative hermeneutics focused on truth and freedom echoing the efforts of the apostles early Christians the fathers and the mystics to reconcile the sayings of Jesus with their own experience mystical and worldly Infused with poetry and mysticism yet without compromising theological and intellectual rigor each chapter makes the reader a participant in explorations evocative of a Christ-like apprehension of life and reality This inquiry reflects mental and emotional patterns that keep us bound at the same time providing a path through which the Christian Way could be inspiring in an original and sometimes radical manner **Public Lands Committee Hearings, Fresno, Calif** United States.
