

structured, how extensive and how significant were Jesuit economic activities in colonial America? What was the relationship between the Paraguayan Jesuit province and the top leadership of the Jesuit order? What service did the Paraguayan Jesuits really provide to the Roman Catholic Church by means of their stubborn struggle to maintain their power in South America?

College of the Holy Cross

WARREN SCHIFF

The Good Neighbor Policy and Authoritarianism in Paraguay. By Michael Grow. (Lawrence: The Regents Press of Kansas, 1981. Pp. xi, 163. Illustrations. Table & Graph. Notes. Bibliography. Index. \$20.00.)

This short book is an extremely well-done case study of U.S.-Paraguayan relations in the early 1940s. The subject is complex, for it involves on one level the rivalry between the United States and Germany for paramountcy in Latin America, while on another level it deals with the rivalry between liberals and nationalists inside Paraguay. These two contests were connected, of course, because Paraguayan nationalists tended to sympathize with Germany, while liberals wanted closer relations with the United States. Grow is able to produce a certain drama from his study by describing the diplomatic maneuvering between General Higinio Morínigo, Paraguay's nationalist president, and the Roosevelt administration. Although anti-American and pro-Axis, Morínigo was forced by circumstances to operate within a hemispheric system dominated by the United States. At the same time, the United States had to swallow its distaste for Morínigo and coax him into cooperation with economic aid.

Grow has made extensive use of State Department papers in his research. He handles his materials with expertise, and his writing is always clear. He steers the reader through a complicated thicket of diplomatic stratagems and cross-pressures without ever losing him. The result is a very valuable study of Paraguayan politics during World War II and the immediate postwar period. The only serious criticism I might make of the study is that I would like to have seen Grow explore more thoroughly the role Argentina and Brazil played in shaping Morínigo's responses to American policy. Students of Paraguayan politics are aware that those two giant neighbors are often in a better position to influence events in that country than are more powerful but distant actors like the United States, Germany, or Britain. Paraguay was practically an economic satellite of Argentina at this time, and Argentina was clearly out to frustrate U.S. policy. To what extent, then, was Argentina able to bolster pro-Axis elements in Paraguay to keep her on a neutral course until the end of the war? Conversely, did the United States ever use Brazil to exert counter-pressure?

Perhaps the most interesting part of the book in Grow's treatment of General Morínigo, who usually has been described by both American and Paraguayan writers as a brutal, reactionary dictator. Grow presents him in a more favorable

Good Neighbor Policy And Authoritarianism In Paraguay

Michael R. Hall

Good Neighbor Policy And Authoritarianism In Paraguay:

The Good Neighbor Policy and Authoritarianism in Paraguay Michael Grow,1981 **The Good Neighbor Policy and Authoritarianism in Paraguay** Michael Grow,1981 Paraguay and the United States Frank O. Mora,Jerry Wilson Cooney,2010-10 Ranging from the 1840s through the early twenty first century this study of shared political economic and cultural histories fills significant gaps in our understanding of Paraguayan U S relations Frank O Mora and Jerry W Cooney tell how an initially rocky beginning between the two countries marked by diplomatic posturing shows of military force and failed business schemes gave way to a calmer period during which the United States backed Paraguay s territorial claims against its neighbors prospects grew brighter for American entrepreneurs and Paraguay embraced Pan Americanism It was not until the 1930s that the two countries engaged in earnest as the United States attempted to mediate the Chaco War between Paraguay and Bolivia Then as the authors write hemispheric solidarity in World War II the cold war in Latin America the balance of power among states in the R o de la Plata and the question of U S support for or aid to Latin American dictators became matters of mutual interest The dictatorship of Alfredo Stroessner 1954 89 spanned much of this era and a shared attitude of realpolitik typified U S Paraguayan relations during his rule Post Stroessner the United States has stood by Paraguay during its transition to democracy despite lingering concerns about such issues as drug trafficking and intellectual piracy The countries should grow closer with time the authors conclude if Paraguay resists the continent s leftward political shift and remains a solid partner in U S antiterror initiatives in South America A Companion to Franklin D. Roosevelt William D. Pederson,2011-03-21 A Companion to Franklin D Roosevelt presents a collection of historiographical essays by leading scholars that provides a comprehensive review of the scholarship on the president who led the United States through the tumultuous period from the Great Depression to the waning days of World War II Represents a state of the art assessment of current scholarship on FDR the only president elected to four terms of office and the central figure in key events of the first half of the 20th century Covers all aspects of FDR s life and times from his health relationships and Supreme Court packing to New Deal policies institutional issues and international relations Features 35 essays by leading FDR scholars **Paraguay** Riordan Roett,Richard S Sacks,2019-06-04 The shots fired during the early morning hours of February 3 1989 at the Asuncion headquarters of the presidential escort battalion presented the planet with its first blood and steel evidence that the year would be recorded like 1848 as one of universal human liberation The deposed government of Alfredo Stroessner had held power in Paraguay for close to 35 years a political longevity then surpassed only by Bulgaria s Todor Zhivkov North Korea s Kim Il song and Jordan s King Hussein *The Second Century* Mark T. Gilderhus,2000 The Second Century U S Latin American Relations since 1889 focuses on U S relations with Latin America during the second century a period bounded by the advent of the New Diplomacy late in the nineteenth century and the end of the Cold War about one hundred years later This text provides a balanced perspective as it presents both the United States s view that the

Western Hemisphere needed to unite under a common democratic capitalistic society and the Latin American countries response to U S attempts to impose these goals on their southern neighbors This book examines the reciprocal interactions between the two regions each with distinctive purposes outlooks interests and cultures It also places U S Latin American relations within the larger context of global politics and economics The Second Century is an excellent text for courses in Latin American history and diplomatic history *Term Paper Resource Guide to Twentieth-Century United States History* Ron Blazek,Teri Maggio,Robert Muccigrosso,1999-05-30 Students will write more effective term papers with this guide to 500 term paper ideas as well as a listing of appropriate print and nonprint sources on twentieth century U S history This guide presents entries on 100 of the most important events and developments in twentieth century U S history organized in chronological order Each entry consists of a short description of the event followed by five specific suggestions for term papers about the event and a wide ranging annotated bibliography of 15 35 books articles videos and a web site appropriate for student research In every case the emphasis is on recent and up to date material as well as landmark works and primary sources Every entry contains a video and concludes with a recommended web site producing a multimedia approach designed to appeal to the current information gathering habits and preferences of young people From the Spanish American War to the creation of NAFTA the 100 events and developments cover political social economic and cultural issues The work has been designed to meet the needs of the U S history curriculum Term paper topic ideas offer students thought provoking suggestions that are challenging and develop critical thinking skills The annotated bibliography is organized into reference sources general sources specialized sources biographical sources periodical articles recommended videos and World Wide Web sites All items are readily available in school public and academic library collections This unique guide is valuable not only to students but to teachers and librarians who guide students in research and is an excellent purchasing guide for librarians who serve student needs **Nazis and Good Neighbors** Max Paul Friedman,2003-08-04 This international history uncovers an American security program in which Washington reached into fifteen Latin American countries to seize more than 4 000 German expatriates and intern them in the Texas desert The crowd of Nazi Party members antifascist exiles and even Jewish refugees were lumped together in camps riven by strife The book first published in 2003 examines the evolution of governmental policy its impact on individuals and emigrant communities and the ideological assumptions that blinded officials in both Washington and Berlin to Latin American realities Franklin Roosevelt s vaunted Good Neighbor policy was a victim of this effort to force reluctant Latin American governments to hand over their German residents while the operation ruined an opportunity to rescue victims of the Holocaust This study makes a very contemporary argument that security measures based on group affiliation rather than individual actions are as unjust and ineffective in foreign policy as they are in law enforcement **The Paraguay Reader** Peter Lambert,Andrew Nickson,2012-12-21 Hemmed in by the vast arid Chaco to the west and for most of its history impenetrable jungles to the east Paraguay has been defined largely by its

isolation Partly as a result there has been a dearth of serious scholarship or journalism about the country Going a long way toward redressing this lack of information and analysis The Paraguay Reader is a lively compilation of testimonies journalism scholarship political tracts literature and illustrations including maps photographs paintings drawings and advertisements Taken together the anthology s many selections convey the country s extraordinarily rich history and cultural heritage as well as the realities of its struggles against underdevelopment foreign intervention poverty inequality and authoritarianism Most of the Reader is arranged chronologically Weighted toward the twentieth century and early twenty first it nevertheless gives due attention to major events in Paraguay s history such as the Triple Alliance War 1864 70 and the Chaco War 1932 35 The Reader s final section focused on national identity and culture addresses matters including ethnicity language and gender Most of the selections are by Paraguayans and many of the pieces appear in English for the first time Helpful introductions by the editors precede each of the book s sections and all of the selected texts

Handbook Of Research On The International Relations Of Latin America And The Caribbean G. Pope Atkins, 2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private

Somoza and Roosevelt Andrew Crawley, 2007-06-28 Andrew Crawley examines US non intervention in another country s affairs and how it could be detrimental both to the United States and to the country in question in this case Nicaragua He analyses the relations between the United States and Nicaragua during the Depression and the Second World War the period of Franklin Roosevelt s good neighbour policy and challenges theories about the role of the United States in the creation and consolidation of one of Latin America s most enduring authoritarian regimes

Sugar and Power in the Dominican Republic Michael R. Hall, 2000-01-30 A study of the powerful impact that sugar had on U S Dominican relations as the primary vehicle of reciprocal manipulation from 1958 to 1962 Sugar and Power examines the development of the sugar industry in the Dominican Republic Hall uncovers new evidence that supports the belief that U S Latin American relations during this period were frequently a two way street with the United States reacting to Latin American initiatives just as frequently as Latin Americans responded to American initiatives Both Eisenhower and Kennedy used sugar quota legislation as a foreign policy tool At the same time the Trujillo regime played upon Washington s fear of communism in response to the Cuban revolution to obtain an expanded sugar quota

Drawing heavily on U S and Dominican government documents this study argues that the U S initiated economic sanctions against Trujillo to gain hemispheric support against Castro s Cuban revolution Kennedy expanded those sanctions in an attempt to push the Dominican Republic along the path toward democracy Although Juan Bosch s election at the end of 1962 and the allotment of a generous sugar quota indicated the apparent success of U S foreign policy toward the Dominican Republic the overthrow of Bosch in 1963 indicated that the path toward democracy was longer than American policy makers had anticipated This case study in the role of economic coercion in U S Latin American relations during the Cold War tries to present a balanced account of both sides of the story

Cultural Political Economy Jacqueline Best,Matthew

Paterson,2010-01-21 The global political economy is inescapably cultural Whether we talk about the economic dimensions of the war on terror the sub prime crisis and its aftermath or the ways in which new information technology has altered practices of production and consumption it has become increasingly clear that these processes cannot be fully captured by the hyper rational analysis of economists or the slogans of class conflict This book argues that culture is a concept that can be used to develop more subtle and fruitful analyses of the dynamics and problems of the global political economy Rediscovering the unacknowledged role of culture in the writings of classical political economists the contributors to this volume reveal its central place in the historical evolution of post war capitalism exploring its continued role in contemporary economic processes that range from the commercialization of security practices to the development of ethical tourism The book shows that culture plays a role in both constituting different forms of economic life and in shaping the diverse ways that capitalism has developed historically from its earliest moments to its most recent challenges Providing valuable insights to a wide range of disciplines this volume will be of vital interest to students and scholars of International Political Economy Cultural and Economic Geography and Sociology and International Relations

The Oxford Handbook of Historical Institutionalism Orfeo Fioretos,Tulia G. Falleti,Adam Sheingate,2016-03-17 The Oxford Handbook of Historical

Institutionalism offers an authoritative and accessible state of the art analysis of the historical institutionalism research tradition in Political Science Devoted to the study of how temporal processes and events influence the origin and transformation of institutions that govern political and economic relations historical institutionalism has grown considerably in the last two decades With its attention to past present and potential future contributions to the research tradition the volume represents an essential reference point for those interested in historical institutionalism Written in accessible style by leading scholars thirty eight chapters detail the contributions of historical institutionalism to an expanding array of topics in the study of comparative American European and international politics

Economic Policy and the Transition to

Democracy Gary McMahon,Juan Antonio Morales,2015-12-22 In the 1980s a large number of Latin American countries reverted from military dictatorships to civilian democracies In most cases the new democratic governments inherited an extremely precarious economic situation which left little room to manoeuvre This book analyzes the special problems that

governments face in the formulation and implementation of economic policy after the restoration of democracy In each of six cases Argentina Bolivia Brazil Chile Paraguay and Uruguay an analysis is made of the difficulties encountered and the performance of the democratic governments

A Companion to Post-1945 America Jean-Christophe Agnew, Roy Rosenzweig, 2008-04-15 A Companion to Post 1945 America is an original collection of 34 essays by key scholars on the history and historiography of Post 1945 America Covers society and culture people and movements politics and foreign policy Surveys and evaluates the best scholarship on every important area and topic Includes book review section on essential readings

The History of American Foreign Policy from 1895 Jerald A. Combs, 2015-02-12 This important text offers a clear concise and affordable narrative and analytical history of American foreign policy since the Spanish American War The book narrates events and policies but goes further to emphasize the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves

A Companion to American Foreign Relations Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history

Global Governance, Poverty and Inequality Rorden Wilkinson, Jennifer Clapp, 2010-06-10 A series of crises unfolded in the latter part of the first decade of the 21st Century which combined to exacerbate already profound conditions of global economic inequality and poverty in the world's poorest countries In 2007 the unsound lending practices that caused a collapse in the US housing market ushered in a broader economic crisis that reverberated throughout the global financial system This economic shockwave had a global impact triggering not just instability in other industrialized countries but also in their developing world counterparts also highlighting deficiencies in the current structures of global governance to protect the world's poorest and most disadvantaged This book offers answers to questions raised about the role of global governance in the attenuation and amelioration of world poverty and inequality The contributors interrogate the role of systems of governance at a time of global economic crisis and continuing environmental degradation against a backdrop of acceleration in inequalities within and between communities and across the globe Evaluating how existing systems can be reformed or redesigned to be more effective at addressing issues of poverty and inequality and providing a comprehensive discussion of a wide range of global governance initiatives this work will be essential reading for students and scholars of global governance international relations and international organizations

History of American Foreign Policy, Volume 2 Jerald A Combs, 2017-07-28 First Published in 2017 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This is Volume II and is from 1895 The historiographical essays at the end

of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves
