Goodbye Tsugumi:

Goodbye Tsugumi Banana Yoshimoto, 2015-09-15 In this witty perceptive novel a young woman moves to Tokyo and encounters the world of university enrollment and impending adulthood. Elle Banana Yoshimoto's novels of young life in Japan have made her an international sensation. *Goodbye Tsugumi* is an offbeat story of a deep and complicated friendship between two female cousins that ranks among her best work. Maria is the only daughter of an unmarried woman. She has grown up at the seaside alongside her cousin Tsugumi, a lifelong invalid, charismatic, spoiled, and occasionally cruel. Now Maria's father is finally able to bring Maria and her mother to Tokyo, ushering Maria into a world of university, impending adulthood, and a normal family. When Tsugumi invites Maria to spend a last summer by the sea, a restful idyll becomes a time of dramatic growth as Tsugumi finds love and Maria learns the true meaning of home and family. She also has to confront both Tsugumi's inner strength and the real possibility of losing her. *Goodbye Tsugumi* is a beguiling, resonant novel from one of the world's finest young writers.

Exploring the Self, Subjectivity, and Character across Japanese and Translation Texts Senko K. Maynard, 2022-01-17 From the perspective of philosophical contrastive pragmatics, this study investigates our multiple selves as manifested in how we use language. Based on analyses of original and translation texts of Japanese and English literary works, the Japanese self is proposed as being fundamentally empty and yet richly populated with multiple subjective aspects, characters, and characteristics. Incorporating the concept of emptiness drawn from Japanese philosophical traditions and postmodernism, primarily developed in the West, selves evidenced in grammar, style, and variation are investigated, applying interpretive resources of linguistic subjectivity. Character and character speak. Expressive gaps found in source and target texts across two languages lead us toward different ontological views and guide us to engage in the rethinking of the concept of self.

The End of Transgression in Japanese Women's Writing David S. Holloway, 2024-12-31 This book argues for a new articulation of the ways in which transgression is theorized in contemporary literature by Japanese women. Exploring the rhetorical and discursive mechanics of literary bad girls from fiction produced during the millennial turn (1990-2010), the book contends that women writers today deploy truant, unruly, restless, and aggressive female protagonists not to challenge the status quo but rather to reaffirm it. While Japanese women's fiction has long been invested in cultivating an uncomfortable politics of opposition through unladylike themes such as sex, sexuality, and violence, the book argues that today's authors turn to such acts of defiance to quietly advocate for the primacy of Japanese social order. Showing how transgression has not only lost its

political and disruptive valence in contemporary women's fiction this book further reveals how discourses of dissent can be retooled to promote a conservative worldview A fascinating literary analysis which reads Japanese literature in relation to the receding value of rebellion today this book will be of huge interest to students and scholars of Japanese literature gender and cultural studies

Women and Water in Global Fiction Emma Staniland, 2023-01-27 Symbols and tropes of liquidity have long been connected to notions of the feminine and therefore with orthodox constructions of femininity and womanhood Underpinning these ideas is the vital importance of water as life force which has given it a central place in cultural vocabularies worldwide These symbolic economies in turn inform the discourses through which positive or negative associations of women with water come to bear impact on the social positioning of female gendered identities *Women and Water in Global Fiction* brings together an array of studies of this phenomenon as seen in writing by and about women from around the world The literature explored in this volume works to make visible decodify celebrate and challenge the cultural associations made between female gendered identities and all kinds of watery tropes as well as their consequences for key issues connected to women society and the environment The collection investigates the roots of such symbolisms examines how they inform women's place in the socio-cultural orders of diverse global cultures and shows how the female authors in question use these tropes in their work as ways of re-articulating female identities and their correlative roles

Literature into Film Linda Costanzo Cahir,2014-12-24 For most people film adaptation of literature can be summed up in one sentence The movie wasn t as good as the book This volume undertakes to show the reader that not only is this evaluation not always true but sometimes it is intrinsically unfair Movies based on literary works while often billed as adaptations are more correctly termed translations A director and his actors translate the story from the written page into a visual presentation Depending on the form of the original text and the chosen method of translation certain inherent difficulties and pitfalls are associated with this change of medium So often our reception of a book based movie has more to

do with our expectations and reading of the literature than with the job that the movie production did or did not do. Avoiding these biases and fairly evaluating any particular literary based film takes an awareness of certain factors. Written with a formalistic rather than historical approach, this work presents a comprehensive guide to literature based films, establishing a contextual and theoretical basis to help the reader understand the relationships between such movies and the original texts, as well as the reader's own individual responses to these productions. To this end, it focuses on recognizing and appreciating the inherent difficulties encountered when basing a film on a literary work, be it a novel, novella, play, or short story. Individual chapters deal with the specific issues and difficulties raised by each of these genres, providing an overview backed up by case studies of specific film translations. Films and literary works receiving this treatment include *The Unbearable Lightness of Being*, *The Manchurian Candidate* (1962), *Lady Windemere's Fan* by Oscar Wilde, and Shakespeare's *Henry V*. Interspersed throughout the text are suggestions for activities the film student or buff can use to enhance his or her appreciation and understanding of the films. Instructors considering this book for use in a course may request an examination copy here.

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer, 2011-11-15. Featuring choice selections from the core anthologies *The Columbia Anthology of Modern Japanese Literature From Restoration to Occupation 1868-1945* and *The Columbia Anthology of Modern Japanese Literature From 1945 to the Present*, this collection offers a concise yet remarkably rich introduction to the fiction, poetry, drama, and essays of Japan's modern encounter with the West. Spanning a period of exceptional invention and transition, this volume is not only a critical companion to courses on Japanese literary and intellectual development but also an essential reference for scholarship on Japanese history, culture, and interactions with the East and West. The first half covers the three major styles of literary expression that informed Japanese writing and performance in the late nineteenth and early twentieth centuries: classical Japanese fiction and drama, Chinese poetry, and Western literary representation and cultural critique. Their juxtaposition brilliantly captures the social, intellectual, and political challenges shaping Japan during this period, particularly the rise of nationalism, the complex interaction between traditional and modern forces, and the encroachment of Western ideas and writing. The second half conveys the changes that have transformed Japan since the end of the Pacific War, such as the heady transition from poverty to prosperity, the friction between conflicting ideologies and political beliefs, and the growing influence of popular culture on the country's artistic and intellectual traditions. Featuring sensitive translations of works by Nagai Kafu, Natsume Soseki, Oe Kenzaburo, Kawabata Yasunari, Mishima Yukio, and many others, this anthology relates an essential portrait of Japan's dynamic modernization.

Contemporary World Fiction Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17. This much needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non-North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an

overview of the tremendous range and scope of translated world fiction available in English. In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed. Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture. In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.

Alterities in Asia Leong Yew,2010-11-18 This book investigates the politics of identity in Asia and explores how different groups of people inside and outside Asia have attempted to relate to the alterity of the places and cultures in the region through various modes literary and filmic representation scholarly knowledge and so on and at different points in time. Although coming from different perspectives like literary criticism film studies geography cultural history and political science the contributors collectively argue that Asian otherness is more than the dialectical interplay between the Western self and one of its many others and more than just the Orientalist discourse writ large. Rather they demonstrate the existence of multiple levels of inter Asian and intercultural contact and consciousness that both subvert as much as they consolidate the dominant Western Core Asian periphery framework that structures what the mainstream assumes to be knowledge of Asia. With chapters covering a wealth of topics from Korea and its Cold War history to Australia's Asian identity crisis this book will be of huge interest to anyone interested in critical Asian studies Asian ethnicity postcolonialism and Asia cultural studies. Leong Yew is an Assistant Professor in the University Scholars Programme National University of Singapore. He is the author of *The Disjunctive Empire of International Relations* 2003.
