

'GOODBYE, GREAT BRITAIN'

THE 1976 IMF CRISIS

Kathleen Burk & Alec Cairncross

Goodbye Great Britain The 1976 Imf Crisis

Kevin Hickson,Anthony Seldon

Goodbye Great Britain The 1976 Imf Crisis:

Good-bye, Great Britain Kathleen Burk, Professor of Modern and Contemporary History Kathleen Burk, Alec Cairncross, 1992-01-01 In this authoritative and gripping book the first full account of the 1976 International Monetary Fund crisis Kathleen Burk and Alec Cairncross peel back the surface of the most searing economic crisis of postwar Britain to reveal its historical roots and contemporary context During the spring of 1976 the plummeting value of the British pound against the U S dollar triggered a traumatic economic and political crisis International confidence in the pound collapsed an article in the Wall Street Journal headlined Good bye Great Britain urged investors to get out of sterling Refused aid by the London and New York markets the Labour Government under Prime Minister James Callaghan was forced to turn for help to the IMF a highly unusual move for a developed Western economy Fearing that the economic crisis would drive Britain into a left wing siege economy which would endanger NATO and the EEC the United States and Germany used the IMF loan as a means to force Britain to make major domestic policy changes when the IMF mission arrived in London in November 1976 it was announced that the price for the loan included deep cuts in domestic spending Burk and Cairncross uncover the maneuvers of the Labour Government to evade IMF conditions They also examine underlying economic factors the political agenda the rise of monetarist ideas and the Keynesian response Juxtaposing narrative with analysis they provide surprising answers to critical questions and reveal how the breakdown of the post war consensus on the macroeconomic management paved the way for the triumph of Thatcherism Britain and European Monetary Cooperation, 1964-1979 Kiyoshi

Hirowatari, 2016-09-23 The collapse of the Bretton Woods system in the early 1970s resulted in a transition to fluctuating rather than fixed currency system This brought sterling into the turmoil of the world currency markets and by the end of the 1970s sterling had quietly ended its role as an international currency Sterling dollar diplomacy collapsed bringing to an end what had hitherto been considered Britain's prime relationship Britain and European Monetary Cooperation 1964 1979 provides a unique perspective on these events shedding light on the complexities of the historical context of British monetary diplomacy and exploring the country's attempt at a European approach to sterling in the 1960s and 70s The book describes the political and economic approach Britain took at the turn of the 1970s and explains how the country became restricted by the burden of the sterling balances In this book the author illustrates how these developments offered opportunity for both cooperation and conflict in the light of monetary diplomacy He demonstrates how Britain's struggle to achieve exchange rate stability twinned with controversy over European Economic Community membership finally prompted serious reconsideration of economic policy making This book challenges the commonly held perception of the decline of sterling and explains that although Britain's attempt at a European approach failed the decline of the currency was more complicated than a managed decline **Barbarism and Civilization** Bernard Wasserstein, 2009-02-12 The twentieth century in Europe witnessed some of the most brutish episodes in history Yet it also saw incontestable improvements in the conditions of

existence for most inhabitants of the continent from rising living standards and dramatically increased life expectancy to the virtual elimination of illiteracy and the advance of women ethnic minorities and homosexuals to greater equality of respect and opportunity It was a century of barbarism and civilization of cruelty and tenderness of technological achievement and environmental spoliation of imperial expansion and withdrawal of authoritarian repression and of individualism resurgent Covering everything from war and politics to social cultural and economic change Barbarism and Civilization is by turns grim humorous surprising and enlightening a window on the century we have left behind and the earliest years of its troubled successor

The Washington Embassy M. Hopkins,S. Kelly,J. Young,2009-04-28 This book is the first study of the role of British Ambassadors in shaping Anglo American relations during the first generation of the special relationship As well as showing how ambassadors wielded influence in Washington and helped to formulate British foreign policy it offers insights into the role of the embassy in modern diplomacy

The New Reckoning David Marquand,2013-06-10 We are told that this is a new world with which old theories cannot cope But the dynamic driving the current global transformation is not as new as our pundits and politicians pretend The global market place of our day may have little in common with the tamed welfare capitalism of the post war period but it is uncannily reminiscent of the untamed capitalism of 100 years ago Keynes and Beveridge may be dead but Marx Malthus and Ricardo have had a new lease of life In these timely essays David Marquand challenges the fashionable amnesia of the 1990s and addresses the crucial questions raised by the capitalist renaissance which has followed the collapse of Communism and the end of the cold war In this bewildering new world which is at the same time an all too familiar old world how can the values of social solidarity and democratic citizenship be realized Granted that socialism is no longer with us does it have anything to say from beyond the grave How is socialism s great antagonist liberalism faring in this new world and what are the prospects of an accommodation between the two Where does the new medievalism of contemporary Europe fit in How do the special peculiarities of the British state the identity it embodies and the political economy over which it presides relate to those wider issues What room for maneuver do they give the British left These questions make up the agenda for *The New Reckoning*

UK Monetary Policy from Devaluation to Thatcher, 1967-82 Duncan Needham,2014-05-09 This book charts the course of monetary policy in the UK from 1967 to 1982 It shows how events such as the 1967 devaluation the collapse of Bretton Woods the stagflation of the 1970s and the IMF loan of 1976 all shaped policy It shows that the monetarist experiment of the 1980s was based on a fundamental misreading of 1970s monetary policy

James Callaghan Kevin Hickson,Jasper Miles,2020-11-03 In November 1980 James Callaghan retired as leader of the Labour Party He had been on the front line of British politics for many years and was the only person to hold all of the four great offices of state However his premiership is seen as a failure the last gasp of Keynesian social democracy being smothered by the oncoming advent of Thatcherism This book offers a timely reappraisal of Jim Callaghan s premiership and time as Leader of the Opposition in 1979 80

Helmut Schmidt and British-German Relations Mathias

Haeussler,2019-03-28 The young Helmut Schmidt and British German relations 1945 74 Harold Wilson 1974 76 James Callaghan 1976 79 Margaret Thatcher 1979 82 **New Labour's Pasts** James E. Cronin,2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium *Britain in the World Economy since 1880* Bernard W.E. Alford,2014-06-06 Bernard Alford reviews the changing role and diminishing influence of Britain within the international economy across the century that saw the apogee and loss of Britain's empire and her transformation from globe straddling superpower to off shore and indecisive member of the European Community He explores the relationship between empire and economy looks at economic performance against economic policy and compares Britain through and beyond the Thatcher years with her European partners America and Japan In assessing whether Britain's economic decline has been absolute or merely relative he also illuminates the broader history of the world economy itself The Making of Eurosceptic Britain Dr Chris Gifford,2014-10-28 What has been the political impact of the Eurozone Debt Crisis in the UK To what extent have the bank collapses and bailouts reinforced Britain's Eurosceptic trajectory In this revised and updated second edition Chris Gifford addresses these key questions reflecting on the Labour government's approach to Europe while exploring the extensive mobilisation of Eurosceptic forces in opposition to the Conservative led coalition government

Britain and the European Union David Gowland,2022-04-07 This engaging and concise new edition offers the student and general reader a compact readable treatment of British membership of the European Union EU from 1973 up until the present day and Brexit with detailed analysis of the period 1945 1972 accounting for Britain's absence from the formation of the EU It provides a highly distilled and accessible analysis and overview of some of the parameters and recurring features of Britain's membership of the European Union touching on all the major facets of membership at this critical time in Britain's relationship with Europe Key features of the new edition examines the constant and changing character of British membership of the EU discusses the problematical and often paradoxical features of EU membership familiarises the reader with both academic and public debates about the subject offers thematic treatment of all aspects of policy and attitudes towards the EU significantly restructured and updated to include the origins of the decision to hold a referendum on UK membership of the EU the campaign explanations for its outcome and the course substance and implications of the UK EU

Brexit negotiations This book will be of key interest to scholars students and the generally interested reader in the areas of European Politics Studies British Politics EU Politics Studies Area Studies and International Relations *Major Recessions: Britain and the World 1920-1995* Christopher Dow, 1999-01-07 In the twentieth century there have been five major recessions two in the interwar period and three more starting 1973 1979 and 1989 This book focuses on events in the UK but sets them in their international context and makes frequent comparisons with other countries Major recessions happened at a similar time in all major countries and the lessons are general Three main conclusions are reached 1 major recessions reflect abrupt fallings off in demand not supply 2 these are due to identifiable demand shocks and by swings in consumer and business confidence which amplify the direct effects of demand shock 3 major recessions are not predictable In the final chapter Christopher Dow puts forward an insider's view on how to avoid future severe recessions action must be taken to control booms which if uncontrolled will lead to a period of bust and once a major recession has begun fiscal and monetary policy must be adjusted to mitigate the downturn Often unpopular with economists this is the line which many governments and central banks take Major Recessions will help them to have more success Conservative Economic Policymaking and the Birth of Thatcherism, 1964-1979 Adrian Williamson, 2016-01-12 In this book Adrian Williamson investigates the processes by which Thatcherism became established in Tory thinking and questions to what extent the politician herself is responsible for Thatcherism within the Conservative Party **The Palgrave Handbook of Presidents and Prime Ministers From Cleveland and Salisbury to Trump and Johnson** Michael Patrick Cullinane, Martin Farr, 2022-01-13 This handbook examines the personal relationships between American presidents and British prime ministers It aims to determine how personal diplomacy shaped the Anglo American relationship and whether individual leaders made the relationship special From the great rapprochement of the 1890s to the Cold War and contemporary transatlantic rapport the Anglo American relationship has been one of global significance making presidents and prime ministers central to international security trade and commerce culture and communication Naturally it explores the ideas and convictions of presidents and prime ministers the political parties they led as well as the political images constructed in the media and how the aura of the Anglo American relationship might differ from the reality With a deeper understanding of these political leaders and the relationship they forge with their counterparts we come that much closer to appreciating the dynamics of transatlantic statecraft The Making of Global Capitalism Leo Panitch, Sam Gindin, 2013-10-08 The all encompassing embrace of world capitalism at the beginning of the twenty first century was generally attributed to the superiority of competitive markets Globalization had appeared to be the natural outcome of this unstoppable process But today with global markets roiling and increasingly reliant on state intervention to stay afloat it has become clear that markets and states aren't straightforwardly opposing forces In this groundbreaking work Leo Panitch and Sam Gindin demonstrate the intimate relationship between modern capitalism and the American state The Making of Global Capitalism identifies the centrality of the social conflicts that occur

within states rather than between them These emerging fault lines hold out the possibility of new political movements that might transcend global markets *New Labour, Old Labour* Anthony Seldon, Kevin Hickson, 2004 This book written by a distinguished selection of academics and commentators provides the most detailed comparison yet of old and new Labour in power I **A Companion to Contemporary Britain 1939 - 2000** Paul Addison, Harriet Jones, 2008-04-15 A Companion to Contemporary Britain covers the key themes and debates of 20th century history from the outbreak of the Second World War to the end of the century Assesses the impact of the Second World War Looks at Britain's role in the wider world including the legacy of Empire Britain's special relationship with the United States and integration with continental Europe Explores cultural issues such as class consciousness immigration and race relations changing gender roles and the impact of the mass media Covers domestic politics and the economy Introduces the varied perspectives dominating historical writing on this period Identifies the key issues which are likely to fuel future debate *New Labour, Old Labour* Kevin Hickson, Anthony Seldon, 2004-07-31 We are constantly told that New Labour forms an historic departure from the traditions of the Labour Party This book written by a distinguished selection of academics and commentators provides the most detailed comparison yet of old and new Labour in power It is also the first to offer a comprehensive analysis of the last Labour Government before the rise of Thatcher and the re emergence of the Labour Party under Tony Blair's leadership It reveals much about the history of the Labour Party as well as providing a much needed context from which to judge the current government

Anglo-American Relations Alan Dobson, Steve Marsh, 2013-01-17 This book provides an examination of contemporary Anglo American relations Sometimes controversially referred to as the Special Relationship Anglo American relations constitute arguably the most important bilateral relationship of modern times However in recent years there have been frequent pronouncements that this relationship has lost its specialness This volume brings together experts from Britain Europe and North America in a long overdue examination of contemporary Anglo American relations that paints a somewhat different picture The discussion ranges widely from an analysis of the special relationship of culture and friendship to an examination of both traditional e.g nuclear relations and more recent e.g environment policies Contemporary developments are discussed in the context of longer term trends and contributing authors draw upon a range of different disciplines including political science diplomacy studies business studies and economics Coupled with a substantive introduction and conclusion the result is an insightful and engaging portrayal of the complex Anglo American relationship The book will be of great interest to students of US and UK foreign policy diplomacy and international relations in general

Unveiling the Magic of Words: A Overview of "**Goodbye Great Britain The 1976 Imf Crisis**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
