Goodbye Pakistan:

Fifty Years of Bangladesh, 1971-2021 Taj Hashmi, 2022-04-22 This book the first historical sociology of its kind concerning Bangladesh examines the country's what went wrong syndrome during the first fifty years of its existence 1971-2021. The work is an exception to the traditional studies on modern and contemporary Bangladesh. The study is also a post history of united Pakistan. Busting several myths it sheds light on many known and unknown facts about the history, politics, society and culture of the country. Besides being a twice born country, liberated twice from the British in 1947 and from West Pakistanis in 1971, it is also an artificial entity suffering from acute crises of culture, development, governance and identity. Hashmi attributes the culture and identity crises to the demographic byproducts of bad governance. In addition to being overpopulated, Bangladesh is also resource poor and has one of the most unskilled populations, largely lumpen elements and peasants. According to Marx, these people represent the unchanging remnants of the past. The second round of independence empowered these lumpen classes who suffer from an identity crisis and never learn the art of governance. The proliferation of pseudo history about liberation has further divided the polity between the two warring tribes who only glorify their respective idols, Mujib and Zia. Pre-political and pre-capitalist peasants, lumpen elements, lack of mutual trust and respect have further plagued Bangladesh, turning it into one of the least governable, corrupt and inefficient countries. It is essential to replace the pre-capitalist order of the country, run by multiple lumpen classes, with capitalist and inclusive institutions.

Farewell My Beloved, Goodbye Dear Leader Brigitte M. Wareham, 2024-04-26 The only certainty in life is death. Even the most powerful leaders throughout history were unable to cheat the Grim Reaper. World leaders, whether revered or reviled, are rarely allowed to exit gracefully from life but instead receive a state funeral, a major international event incorporating splendid symbols and messages, religious faith and tradition. The body of Tsar Alexander III was carried across half of Russia before finally being buried in St. Petersburg. People paid obscene amounts of money for a room that gave a glimpse of Queen Victoria's fascinating state funeral. The cortege for China's Empress Dowager Cixi was not to be photographed; nevertheless, photos showed up a century later. For political reasons, Generalissimo Franco's body was exhumed decades after his death. The world became acquainted with a rather unusual ancient Roman Catholic ritual when Pope John Paul I died. The body of India's Indira Gandhi was confined to sacred flames. The last journey of Marshal Tito turned into an event of funeral diplomacy, whilst Khomeini's funeral ended in frenzy and tumult. In 2021, the massive restrictions imposed due to the Covid-19 pandemic meant a rigid downsizing of Prince Philip's funeral; hardly any guests were allowed to attend. This revealing and entertaining book provides an insight into unique obsequies from across the world, seen as both a celebration of life and the honouring of death. *Daily Report, Foreign Radio Broadcasts* United States. Britton, 2010-09-01 An introduction to the history geography government economy and people of Pakistan a Muslim country in southern Asia Includes a recipe for barfi a dessert **Pakistan after Trump** Saloni Kapur, 2021-03-08 Since 9 11 the international narrative on Pakistan has painted a picture of a country that is a safe haven for terrorists and a state sponsor of terrorism that plays a double game as it pretends to fight militant Islamist extremists while nurturing them in its backyard This discourse came to prominence in January 2018 when US President Donald Trump famously tweeted that his country had foolishly provided military aid to Pakistan since 2001 in return for which Pakistan had given safe haven to the terrorists they hunt in Afghanistan This book questions this dominant narrative by showing how the great powers the United States the United Kingdom China India Saudi Arabia and Iran have directly caused the emergence of a militant ecosystem in Pakistan Drawing on interviews with journalists diplomats academics military officers and government officials it argues that it is Pakistanis who have borne the brunt of terrorist violence especially since 9 11 The book uses the English School of International Relations concept of great power responsibility to explore how powerful states could help fight militancy in Pakistan holistically It highlights the Pakistani military's effort to rehabilitate young militants and posits that international society must support not only hard counterterrorism through military aid but also soft counterterrorism such as rehabilitation to address the root causes of radicalisation With the Trump administration's suspension of military aid to Pakistan this timely book offers guidance for policymakers in both the West and Asia on how best to approach Pakistan's security quagmire *Pakistan Affairs*, 1973 *The Practice of Public Diplomacy* W. Rugh, 2011-04-11 The conduct of public diplomacy is carried out as much abroad by Foreign Service Officers FSOs stationed at U S embassies as it is in Washington This book focuses on what FSOs do in actual practice in field operations *The Making of Terrorism in Pakistan* Eamon Murphy, 2013 This book explains the origins and nature of terrorism in Pakistan and examines the social political and economic factors that have contributed to the rise of political violence there Since 9 11 the state of Pakistan has come to be regarded as the epicentre of terrorist activity committed in the name of Islam The central argument of this volume suggests that terrorism in Pakistan has in essence been manufactured to suit the interests of mundane political and class interests and effectively debunks the myth of Islamic terrorism A logical consequence of this argument is that the most effective way of combating terrorism in Pakistan lies in addressing the underlying political social and economic problems facing the country After exploring the root causes of terrorism in Pakistan the author goes on to relate the historical narrative of the development of the Pakistani state to the theories and questions raised by Critical Terrorism Studies CTS scholars The book will therefore make an important contribution to CTS scholarship as well as presenting an analysis of the many complex factors that have shaped the rise of Pakistani terrorism This book will be of great interest to students of Critical Terrorism Studies Asian history and politics Security Studies and IR in general *The Politics of US Aid to Pakistan* Murad Ali, 2019-01-22 This book aims at uncovering the politics behind the provision of US foreign aid

to Pakistan during three distinctive periods the Cold War the post Cold War and the war on terror Focusing on a comprehensive analysis of aid allocation and delivery mechanisms this book uncovers the primary factors behind historical as well as contemporary US aid to Pakistan so far not thoroughly and empirically studied especially in the post 2001 period of the war on terror Furthermore based on findings that have emerged from interviews with over 200 respondents including government officials representatives of donor aid agencies the private sector civil society organizations and primary beneficiaries of US funded projects this book offers significant insights to researchers policy makers and practitioners interested in the discipline of aid and development effectiveness Making use of both quantitative and qualitative data and based on extensive fieldwork and primary data this book fills a significant gap in the empirical analysis of US aid to Pakistan As such it will be of great interest to students and scholars of Asian and US politics as well as to those who have teaching and research interests in disciplines such as international relations history strategic studies international political economy and development studies
