## Goodbye Saigon:

*Battle Notes* Lee Andresen, 2003 This is the hard cover edition of the new release *Shooting Vietnam* Dan Brookes, Bob Hillerby, 2019-07-30 What was it like to be a military combat photographer in the most photographed war in history the Vietnam War *Shooting Vietnam* takes you there as you read the firsthand accounts and view the hundreds of photographs by men who lived the war through the lens of a camera They documented everything from the horror of combat to the people and culture of a land they suddenly found themselves immersed in Some even juggled cameras with rifles and grenade launchers as they fought to survive while carrying out their assignments to record the war *Shooting Vietnam* also finally brings recognition to these unheralded military combat photographers in Vietnam that documented the brutal unpopular and futile war Firsthand accounts and photographs by military photographers in Vietnam from the mid 1960s to the early 1970s *Shooting Vietnam* puts the reader right alongside these men as they struggle to document the war and stay alive while doing it although some didn't survive The cameras around their necks often shared space with a rifle or grenade launcher that enabled them to stay alive while performing their assigned military duties killing if necessary to survive Often during a brief respite from trudging through swamps and rice paddies or jumping from a chopper into a hot landing zone they would wander the streets of villages or even downtown Saigon curiously photographing a people and a culture so strange and different to them It is these photographs of a kinder more personal nature removed from the horror and death of war that they also share with the reader The accounts in this book come from young men thrust into a conflict half way around the world and all who had their own unique perspective on the war Some were seasoned photographers before the military others had only recently held a camera for the first time **House of Glass** Yao Souchou, 2003-08-01 Drawing on critical theory and post modernism this book argues for a new strategy for writing about the social and cultural experiences of living in modern Southeast Asian states Contributors many of whom work in universities in the region question the processes of cultural transformation under conditions of globalization and rapid economic and political change By paying attention to the specificity of what is taking place in the particular state the book questions the conventional narratives of developmentalism and state sponsored national peace as they are understood in Southeast Asia and shows how such understanding can be made and unmade *Soldier, Lily, Peace and Pearls* Con Cú, 2012-10-28 The Communist victories in Cambodia and Vietnam in 1975 end a long and devastating war but for some the new era is one of persecution Quan a boy and his family are sent by the Khmer Rouge to a collective farm along the Thai border Minh Chau a young girl is imprisoned with her mother and older sister When Quan and Minh Chau later meet in a refugee camp in Malaysia Quan becomes the young girl's protector When he must use violence to save her from an attack he loses his chance to come with her to Canada In Quebec City Mathieu Hibou a university student helps Minh Chau and her family integrate into Canadian society before leaving to work as a development worker in Africa Several years later Mathieu suffers an unimaginable loss during the Rwandan genocide a loss
