me when I say going through all these things is normal however taking small positive steps in any area of our life enables us to move forward in the problem area This is where this book comes into play It presents an imaginary story between strangers from different parts of the world who come together at a retreat to rediscover the purpose and meaning of their lives which seem to be lost Little did they know that this journey was going to teach them much more than they expected Life always works in circles and that is what this book is all about It gives us a sense of realization that life never stops it just pauses And when it pauses a refreshing restart is all that we need to bounce back even stronger

Where Is My Happiness? Nikki Yang, 2010-04-19 Life is like an airplane that goes really fast We are only allowed to go forward we can never turn back Time makes us old and love make us sore Theres a lot of happiness in our lives but theres also much sorrow That is life That is what makes life so wonderful happiness sometimes and sadness other times Some people might think sadness is not a wonderful thing to keep and thats true But if we only had happiness without any sadness our lives wouldnt be that fun anymore I know sadness feels really bad It hurts us a lot Some people even lose their life because of tears but everybody has to have some sadness throughout life We just hope sad times go away faster and happy moments last longer Remember always smile while facing any emotional issues Itll make life a lot better Accept the truth and always trust yourself
