Hedley's biography of Jeffress has benefited from access to many hundreds of unpublished letters written between Jeffress and Robert Melville who ran Jeffress' own gallery from 1955-1961. The letters were written largely while Jeffress was in Venice and reveal a vivid picture of the London gallery world as well as frank details of artists, collectors and the definitive story of his suicide. Previously unpublished research reveals new information about the lives of Jeffress' lover John Deakin, his business partner Erica Brausen, the French photographer Andr  Ostier and Henry Clifford and the way in which all of them influenced Jeffress' first steps as a collector from the 1930s onwards.

Neoliberalism: Economic Policy and the Collapse of the Public Sector Lionel D. Lyles PhD., 2018-07-13. My book demonstrates how classical liberalism was the foundation upon which Thomas Jefferson, George Washington, Alexander Hamilton and others wrote the Declaration of Independence, Constitution and the Bills of Rights; however, it was rolled back by 1980 and replaced with neoliberalism, which was championed by the Reagan Administration. In short, this ideology has one main aim and that is to shrink government, cut the budgets of social programs and give away billions of taxpayer dollars to private business in the form of tax breaks. During the Jindal administration and by the end of its first term, more than 7 billion worth of tax breaks had been given away to private business. A surplus of 1 billion left in the Louisiana treasury by outgoing governor Kathleen Blanco after Hurricane Katrina was given away by the end of the first two months of its first term. Today, the Louisiana legislature is currently facing a 650 million fiscal cliff and no doubt more budget cuts are in store for the Louisiana public sector.

Strick Tim Strickland, 2021-07-07. A biography on the unique military career and decorations of the British general Strick. He commanded no fewer than three armored regiments in World War II. Major General Eugene Vincent Michael Strickland CMG DSO OBE MM CStJ Star of Jordan. Strick rose from penniless hardship to great military distinction. He was a tank man, a war hero who fought in France, North Africa and Italy during World War II and whose name is revered even today among regiments that he commanded. His is the extraordinary tale of a man who gained a Regular Commission in the Indian Army from Sandhurst but resigned soon afterwards. After a series of intriguing adventures, he then enlisted as a private soldier in the Royal Tank Corps. In May 1940, he played a major part in the counterattack at Arras where two British infantry tank battalions held up the German advance for three days, enabling the success of the Dunkirk evacuation and perhaps saving Britain from ultimate defeat in the process. Strick's outstanding success as a troop sergeant in France saw him immediately re-commissioned and his rise to high command was then swift. He commanded the leading Squadron of North Irish Horse in Tunisia 1943 and then commanded the North Irish Horse in its greatest battle, the breaking of the Hitler Line in Italy in 1944. He served in seven regiments and had four regimental commands. This book focuses on his experience during World War II, drawing out the unique qualities required of leaders in close combat, battle, the particular demands of armored infantry cooperation and how an individual can make a success of such a rapid rise through the ranks during wartime. This fine story of adventure and achievement is brought alive by Strick's remarkable correspondence he wrote home to his family every

second or third day throughout the war except when action was too fierce to write supplemented by the recollections of his comrades and years of archival research More than a portrait of a gifted and morally courageous man this biography also offers an insight into the arts of command and tactical control and the difficulties of a family life fragmented by war
