**Jesus and Gospel** Graham Stanton,2004-07-08 Publisher Description

**Connecting Gospels** Francis Watson,Sarah Parkhouse,2018-04-04 By the late second century early Christian gospels had been divided into two groups by a canonical boundary that assigned normative status to four of them while consigning their competitors to the margins Connecting

Gospels Beyond the Canonical Non canonical Divide finds new ways to reconnect these divided texts Starting from the assumption that in spite of their differences all early gospels express a common belief in the absolute significance of Jesus and his earthly career this authoritative collection makes their interconnectedness fruitful for interpretation The contributors have each selected a theme or topic and trace it across two or more gospels on either side of the canonical boundary and the resulting convergences and divergences shed light not least on the canonical texts themselves as they are read from new and unfamiliar vantage points This volume demonstrates that early gospel literature can be regarded as a single field of study in contrast to the overwhelming predominance of the canonical four characteristic of traditional gospels scholarship

*The Gospels as Stories* Jeannine K. Brown,2020-06-16 Popular writer and teacher Jeannine Brown shows how a narrative approach illuminates each of the Gospels helping readers see the overarching stories This book offers a corrective to tendencies to read the Gospels piecemeal one story at a time It is filled with numerous examples and visual aids that show how narrative criticism brings the text to life making it an ideal supplementary textbook for courses on the Gospels Readers will gain hands on tools and perspectives to interpret the Gospels as whole stories

**The Apocryphal Gospels** Hans-Josef Klauck,2003-01-01 In this book Hans Josef Klauck provides a comprehensive introduction to the apocryphal gospels the biblical and related writings which do not form part of the accepted canon of Scripture Klauck classifies the material in various helpful ways Agrapha isolated sayings if Jesus Fragments Jewish Christian Gospels Two Gospels of the Egyptians Infancy Gospels Gospels about Jesus Death and Resurrection Gospels from Nag Hammadi Conversations with the Risen Jesus Dialogues of Jesus with No Location Legends about the Death of Mary Lost Gospels the Toledot Jeshu an anti gospel Each section is accompanied by a carefully related bibliography This highly readable introduction takes account of all the latest international scholarship on the apocrypha and will be an invaluable resource for all scholars and students in the field

**Seeking the Imperishable Treasure** Steven R Johnson,2010-06-24 This book tracks the use of a single saying of Jesus over time and among theologically divergent authors and communities and identifies six different versions of the saying in the canonical gospels and epistles as well as the Gospel of Thomas and Q After tracing the tradition and redaction history of this wisdom admonition the author observes at least two distinctly different wisdom themes that are applied to the saying the proper disposition of wealth and the search for knowledge wisdom or God What he discovers is a saying of Jesus with roots in Jewish wisdom and pietistic traditions as well as popular Greek philosophy that proved amazingly adaptable in its application to differing social and rhetorical contexts of the first century

**The Non-Canonical Gospels** Paul Foster,2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They

also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship. As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes. The structure of the book is divided up in an easily useable format. There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences. This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature. Next follows the main sequence of chapters dealing with individual texts. Texts such as the Gospel of Thomas, the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research. Other texts are grouped in various subgroups: the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement. The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers. The discussions should clarify a number of popular misconceptions and allow for a more informed debate. The scholars who contribute to this collection represent an eclectic range of views and theological outlooks. No attempt has been made to impose a prescribed perspective. Rather the leading experts have been consulted to produce fresh and stimulating treatments. The book will include contributions from Andrew Gregory (Oxford), Christopher Tuckett (Cambridge), April DeConick (Rice) and Simon Gathercole (Aberdeen) among others.

**The Other Gospels**  
Ron Cameron, 1982-01-01. This new anthology of gospel literature contains texts that are not part of the New Testament but are of great importance for the study of Christian origins. Some of these apocryphal gospels are from the Nag Hammadi library, made available only recently. The sixteen texts constitute what remains of the non canonical gospels from the first and second centuries. They transmit saying of Jesus and relate stories about Jesus.

**Matthew's Inclusive Story**  
David B. Howell, 2015-01-29. Matthew has been described as an inclusive story in which the experiences of the evangelist's post-Easter church are inscribed in the story of Jesus's earthly ministry. This book explores the inclusive nature of the Gospel by means of reader response literary criticism. Some recent redaction studies of Matthew are reviewed from the perspective of reader response criticism. Then, in an attempt to understand the interpretative moves readers make, Matthew's story teller and audience are examined.

Ábrahám Kovács, Zoltán Schwáb, 2014-08-14 Tension between theory and practice in theological education is an unfortunate yet common occurrence with educators sometimes finding themselves on one extreme or the other Some academics can be so immersed in high level theological discourse that they hardly interact with the main questions of the average churchgoer while others are so keen to be engaging and relevant they fail to be rigorous in their scholarship Regardless of the reasons the results are the same failure to present the good news with a powerful credible voice To address this tension between academia and the church a group of Eastern European theologians came together in the spring of 2013 in Bereksd Hungary

This publication is a collection of 10 edited papers presented at that conference While topics are addressed from a European context the principles behind them are far reaching providing important insight for the global church and academy alike
