Gospel Plays for Students Mary Kathleen Glavich,1989 *The International Encyclopedia of Education* Torsten Husén,T. Neville Postlethwaite,1994 Subject Guide to Books in Print ,1983 *International Encyclopedia of the Sociology of Education* Lawrence J. Saha,1997 This book provides a state of the art resource for an international audience of the cumulative results of research and to identify the substantive developments which will take the sociological study of educaion into the next century This encyclopedia presents the full range of paradigms theoretical points of view together with many research methodologies Cover Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 Forthcoming Books Rose Arny,1990 **Children's Books in Print** ,1993 **Accompany Them with Singing--The Christian Funeral** Thomas G. Long,2009-10-02 Thomas Long begins this fascinating volume by describing how the Christian funeral developed historically theologically and liturgically and then discusses recent cultural trends in funeral practices including the rise in both cremations and memorial services He describes the basic pattern for a funeral service details options in funeral planning identifies characteristics of a good funeral and provides thoughtful guidance for preaching at a funeral Long also notes a disturbing trend toward funeral services that seem theologically right and pastorally caring but actually depart from the primary aims of the Christian funeral He argues that a new less theological and less satisfying service that focuses on the mourner has begun to erode the Christian view He contrasts the ancient grand community drama with today s trend toward body less memorial services that focus primarily on the living and grief management This is a loss for the church he argues and he calls for the church to reclaim the classic metaphor The Generative Church Cory Seibel,2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children s youth and young adult ministries by appropriating Erik Erikson s concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation **Subject Guide to Children's Books In Print, 1996** R R Bowker Publishing,1996 Arts & Humanities Citation Index ,1992 **Index to Book Reviews in Religion** ,1994 **The Catholic Periodical and Literature Index**

,1995 *Queering Christian Worship* Bryan Cones,2023-11-21 A groundbreaking collection of writings that place queer ritual at the center of the theological conversation In this collection of essays leading scholars in queer theology and liturgical studies explore the ways in which the distinctive theological voices of LGBTQIA Christians challenge and expand thinking and practice around worship in new directions This challenge has expanded in the past decades as obstacles to the full participation of queer Christians particularly in marriage and ordination have fallen Organized into three main parts the volume begins with an introduction to queer engagement with ritual practices continues with a series of case studies that examine queer texts and contexts and concludes with an examination of the horizons of queer liturgical theology and practice Throughout the volume *Queering Christian Worship* provides new imagination and tools to those who study and curate Christian worship across traditions Official Gazette of the United States Patent and Trademark Office ,2002
