The Gothic Image Emile Male, 2018-02-20 Emile Male's book aids understanding of medieval art and medieval symbolism and of the vision of the world which presided over the building of the French cathedrals. It looks at French religious art in the Middle Ages, its forms and especially the Eastern sources of sculptural iconography used in the cathedrals of France. Fully illustrated with many footnotes, it acts as a useful guide for the student of Western culture.

The Gothic Image Emile Mâle, 1961 The Gothic Image Emile Mâle, 1958 The Gothic image: religious art in France of the thirteenth century, tr Emile Mâle, **The Gothic image** Emile Mâle, 1961 **The Gothic Image** Émile Mâle, 1961 **Medieval Christian Literary Imagery** Robert Earl Kaske, Arthur Groos, Michael W. Twomey, University of Toronto. Centre for Medieval Studies, 1988-01-01

If a reader of Chaucer suspects that an echo of a biblical verse may somehow depend for its meaning on traditional commentary on that verse, how does he or she go about finding the relevant commentaries? If one finds the word fire in a context that suggests resonances beyond the literal, how does that reader go about learning what the traditional figurative meanings of fire were? It was to the solution of such difficulties that R. E. Kaske addressed himself in this volume, setting out and analyzing the major repositories of traditional material biblical exegesis: the liturgy, hymns and sequences, sermons and homilies, the pictorial arts, mythography, commentaries on individual authors and a number of miscellaneous themes. An appendix deals with medieval encyclopedias. Kaske created a tool that will revolutionize research in its designated field: the discovery and interpretation of the traditional meanings reflected in medieval Christian imagery.

Dramatic Events shows you how to stimulate workshop participants through a series of exercises and examples to release their energy, to free their bodies and their voices, to listen, to think, to be creative, to engage in focussed exchanges with other people, to take risks and to watch others and learn.

L'Art Religieux de XIIIe Siècle en France. The Gothic Image. Religious Art in France of the Thirteenth Century. Translated ... by Dora Nussey. A Reduced Photographic Reprint of the Edition of 1913. Émile MÂLE, Dora NUSSEY, 1961 **Lost Artefacts from Medieval England and France** Katherine Baker, 2022

Contemporary descriptions of objects no longer extant, examined to reconstruct these lost treasures. Surviving accounts of the material culture of medieval Europe, including buildings, boats, reliquaries, wall paintings, textiles, ivory, mirror cases, book bindings and much more, present a tantalising glimpse of medieval life, hinting at the material richness of that era. However, students and scholars of the period will be all too familiar with the frustration of trying to piece together a picture of the past from a handful of fragments. The material turn has put art, architecture and other artefacts at the forefront of historical and cultural studies, and the resulting spotlight on the material culture of the past has been illuminating for researchers in many fields. Nevertheless, the loss of so much of the physical remnants of the Middle Ages continues to thwart our understanding of the period and much of the knowledge we

often take for granted is based on a series of arbitrary survivals The twelve essays in this book draw on a wide array of sources and disciplines to explore how textual records from the chronicles of John of Worcester and Matthew Paris and inventories of monastic treasures and noble women to Beowulf and early English riddles when combined with archaeological and art historical evidence can expand our awareness of artistic and cultural environments Touching on a broad range of issues around how we imaginatively reconstruct the medieval past and a variety of objects both precious and ephemeral this volume will be of fundamental interest to medieval scholars whatever their disciplinary field Contributors Katherine Baker Marian Bleeke Deirdre Carter Laura Cleaver Judith Collard Joshua Davies Kathryn Gerry Karl Kinsella Katherine A Rush Katherine Weikert Beth Whalley Victoria Yuskaitis *Breaking Images* Gianluca Miniaci, 2023-02-16 Archaeological remains are fragmented by definition apart from exceptional cases the study of the human past takes into account mainly traces ruins discards and debris of past civilizations It is rare that things have been preserved as they were originally made and conceived in the past However not all the ancient fragmentary objects were the leftovers from the past A noticeable portion of them was part and parcel of the ancient materiality already in the form of a fragment or damaged item In 2000 John Chapman with his volume *Fragmentation in Archaeology* attracted the attention of scholars on the need to reconsider broken artifacts as the result of the deliberate anthropic process of physical fragmentation The phenomenon of fragmentation can be thus explored with more outcomes for a category of objects that played an important role inside the society the figurines Due to their portability and size figurines are particularly entangled and engaged in social spatial temporal and material relations and more than other artifacts can easily accommodate acts of embodiment and dismemberment The act of creation symmetrically also involves the act of destruction which in turn is another act of creation since from the fragmentation comes a new entity with a different ontology *Breaking* contains the paradigms of life creation and reparation destruction and regeneration The scope of this volume is to search for traces of any voluntary and intentional fragmentation of ancient artifacts creating improving and sharpening the methods and principles for a scientific investigation that goes beyond single author impression or sensitivity The comparative lens adopted in this volume can allow the reader to explore different fields taken from ancient societies of how we can address assess detect and even discuss the action of breaking and mutilation of ancient figurines

The Lost Tapestries of the City of Ladies Susan Groag Bell, 2004-11-29 Like a particularly good detective story this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces Susan Bell recounts both her long search for a series of sixteenth century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them Opening a new window on the lives of noblewomen in the Renaissance the brilliantly colored tapestries that were the ultimate artistic luxury of the day and the popular and influential fourteenth century writer Christine de Pizan Bell pursues a compelling tale that moves from centuries past to today The tapestries around which this story revolves are linked to Christine de Pizan s Book of the City of Ladies 1405 originally published six hundred years ago in 1405 The book is a tribute to women that honors two hundred female warriors scientists queens philosophers and builders of cities Though twenty five manuscripts of the City of Ladies still exist references to tapestries based on the book are elusive Bell takes us along as she tracks down records of six sets of tapestries whose owners included Elizabeth I of England Margaret of Austria and Anne of Brittany Queen of France Bell examines the intriguing details of these women s lives their arranged marriages their power their affairs of state asking what interest they had in owning these particular tapestries Could the tapestries have represented their thinking As she reveals the historical linguistic and cultural aspects of this unique story Bell also gives a fascinating account of medieval and early Renaissance tapestry production and of Christine de Pizan s remarkable life and legacy

The Use of Hereford William Smith, 2017-05-15 The Use of Hereford a local variation of the Roman rite was one of the diocesan liturgies of medieval England before their abolition and replacement by the Book of Common Prayer in 1549 Unlike the widespread Use of Sarum the Use of Hereford was confined principally to its diocese which helped to maintain its individuality until the Reformation This study seeks to catalogue and evaluate all the known surviving sources of the Use of

Hereford with particular reference to the missals and gradual which so far have received little attention In addition to these a variety of other material has been examined including a number of little known or unknown important fragments of early Hereford service books dismembered at the Reformation and now hidden away as binding or other scrap in libraries and record offices This is the fullest examination of Hereford liturgical sources ever undertaken and may stimulate similar and much needed studies of other diocesan uses in particular Sarum and York As well as describing in detail the various manuscript sources the rare single edition printed Hereford texts the missals and breviaries are also discussed Unlike books of the Sarum and York rites these one offs were never revised and reissued In addition to the examination of these sources William Smith discusses the possible origins of the rite and provides an analysis of the Hereford liturgical calendar of the festa including those of the cathedral s patron St Ethelbert and the no less famous St Thomas Cantilupe that helped to make Hereford use so distinctive

Christian Solar Symbolism and Jesus the Sun of Justice Kevin Duffy, 2022-02-24 This pioneering study of Christian sun symbolism describes how biblical light motifs were taken up with energy in the early Church Kevin Duffy argues that living in a world of 24/7 illumination we need to reconnect with the sun and its light to appreciate the meaning of light in the Bible and Christian tradition With such a retrieval we can appreciate Pope Francis s insistence that like the moon the Church does not shine with its own light and assess the claim that the Eucharist is to be celebrated *Ad Orientem* that is towards the rising sun in the East Liturgy architecture poetry and the writings of saints and theologians such as Augustine Hildegard of Bingen Francis of Assisi and Thomas Traherne offer abundant resources for a much needed ressourcement While Christ was preached as the True Sun among sun worshipping Aztecs and the consecrated host was placed in a solar monstrance on Baroque altars in the modern era solar themes have been neglected In this accessible work the author suggests that we rebalance a spiritual symbolism that has over emphasised darkness and cloud at the expense of light and sun He proposes a creative retrieval of the traditional title of Christ as the Sun of Justice This title blends the personal the social and the cosmic ecological and speaks powerfully to a secularising era that contemporaries Friedrich Nietzsche and Thérèse of Lisieux both described as one where the sun does not shine

Understanding the Medieval Meditative Ascent Robert McMahon, 2006 The Confessions Proslogion and Consolation of philosophy like the Divine comedy all enact Platonist accents These accents generate implied meditative meanings which scholars have explored only in part Each work calls us to read forward on its journey to understanding and to meditate backwards on the stages of the ascent and the relations between them Augustine Anselm Boethius and Dante wrote for readers experienced in meditating on the Bible adept at exploring relations between far distant passages They designed these works as spiritual exercises for the same kind of reading and meditations This book uses literary analysis to discover new philosophical meaning in these works Book jacket

Messiaen the Theologian Andrew Shenton, 2010 For Olivier Messiaen music was a way of expressing his faith He considered it his good fortune to have been born a Catholic and declared that the illumination

of the theological truths of the Catholic faith is the first aspect of my work the noblest and no doubt the most useful Messiaen is one of the most widely performed and recorded composers of the twentieth century and his popularity is increasing but the theological component of his music has so far been neglected and continues to provide a serious impediment for some of his audience Messiaen the Theologian makes a significant contribution by providing cultural and historical context to Messiaen s theology An array of international Messiaen scholars cover a wide variety of topics including Messiaen s personal spirituality the context of Catholicism in France in the twentieth century and comparisons of Messiaen with other artists such as Dante and Maritain
