Gottfried Keller; Life and Works James Martin Lindsay, 1969 **Gottfried Keller and His Critics** Richard R. Ruppel, 1998

Survey of the criticism devoted to Gottfried Keller the important nineteenth century writer in German The works of Gottfried Keller 1819 1890 rank alongside those of Goethe and Thomas Mann yet this volume is the first in any language to examine the critical assessment and scholarly expertise devoted to him ranging from the early stages of journalistic criticism to the present day Professor Ruppel begins by exploring the literary industry in the nineteenth century the literary market place the tastes of the reading public and the expectations of editors before going on to survey representative journalistic assessments of Keller's writing including critical correspondence from Keller's contemporaries Subsequent chapters examine in chronological order the most important milestones in Keller scholarship particularly twentieth century criticism and the Anglo American tradition There is also a brief history of the translations of Keller's works into English investigating some of the difficulties confronting English translators of Keller's poetically creative German The study concludes with an overview of recent scholarly assessments covering the past twenty five years

Diary and Dreambook Gottfried Keller, 2024-05-09

In 1838 when he was barely 20 years old Heller stated that he felt that the independence of anyone who did not keep a diary was threatened because this independence can only be preserved by constant reflection on oneself and this is best done by keeping a diary The poet himself did not adhere to this maxim for the rest of his life in 1843 he kept a short diary that gives a deeper insight into the poet's life and work In the Dream Book which he kept from 1846 he recorded his dreams but also reflected on political events such as the revolutionary year of 1848 These two works are deeply intertwined so they are presented in one volume These two documents are a blend of introspective reflections literary critiques and vivid dream recollections Keller's introspections reveal his philosophical and existential contemplations while his critiques of literary figures like Hoffmann and Goethe highlight his engagement with contemporary intellectual currents The dream sequences are rich and symbolic offering a surreal counterpoint to the waking life detailed in the diary These dreams often blending with reality reflect his innermost fears desires and unresolved conflicts providing a window into his subconscious mind a concept which the Zurich circle was starting to build out towards the end of Keller's life This modern critical reader's translation from the original German includes supplementary materials that bring Keller's life and impact to life Nietzsche considered Keller to be one of the greatest living poets of his time However his works are rarely found in other languages so most people today are unaware of who he was or why he was important This edition remedies that situation by providing a clear accessible version of Keller's original German writing and offering insight into his broader ideas and the philosophical landscape in which he operated Working directly from Keller's manuscripts this new translation delivers literary excellence and scholarly depth with amplifying materials Readers will discover not only Keller's powerful voice but also the philosophical currents that shaped an entire era of German thought The edition includes an illuminating

afterword tracing Keller's intellectual relationship with Nietzsche revealing the fascinating dialogue between two of the period's most influential minds A comprehensive timeline connects the major events of Keller's life with his published works and a detailed index provides an authoritative guide to his complete writings Together these materials provide newcomers and serious readers with everything needed to appreciate one of literature's most overlooked figures **Women in the life and works of Gottfried Keller** Dolores Grotelueschen Schmidt, 1955 **Readers and Their Fictions in the Novels and Novellas of Gottfried Keller** Gail K. Hart, 2020-05-01 This study seeks to alter our understanding of Keller's realism by problematizing the act of reading within fiction The story of reading in Keller's fiction is a self-conscious meditation on the schism between life and its literary representation and it emphasizes the incapacity of that representation to actually and substantially influence the life it is based on This has consequences for the didactic writer The act of reading here generally involves a collision between fiction and its other and a move or tragic failure to move toward an acceptance and affirmation of the non-correspondence between life and literature a process that renders moral didacticism a quixotic project This position runs counter to the prevailing view of Keller as a consciously didactic author who tried to create a credible copy of reality in order to revise and repair the real world by inspiring readers to make the depicted improvements in their nonfictional universe **The German Classics** Kuno Francke, 1914 The Story of a Swiss Poet Marie Hay (Hon.), 1920 The Death Problem in the Life and Prose Works of Gottfried Keller Ronald Clair Warner, 1973 **Reflections of Realism** Robert C.
