**Ice Man** Michael Smith, 2003 The frozen land of Antarctica is not for ordinary people but Tom Crean was no ordinary man When he was fifteen he ran away from home and joined the navy His next step into the unknown took him to the Antarctic wilderness where he spent even more time than the famous explorers Scott or Shackleton Going to the Antarctic 100 years ago was like going to Jupiter today Explorers were cut off for years 1000s of miles from the nearest outpost Temperatures plunged far below zero It was a struggle to survive But Tom the iron man overcame the odds He explored the unknown crossed ice fields and wild oceans and courageously saved his friends from death Edmund Hillary the first to climb Everest said His courage his determination his loyalty to his leaders and team impressed me He was a great man Mount Crean towers above Antarctica named to honour this hero Book jacket Tom Crean Michael Smith, 2003-03-14 Tom Crean ran away from his Kerry home aged 15 to join the British navy in 1893 He travelled to the Antarctic with the famous explorers Scott and Shackleton He explored the unknown crossed ice fields and wild oceans and courageously saved friends from death **Shackleton** Michael Smith, 2004-03-01 This inspiring story of Ernest Shackleton whose men called him The Boss involved four expeditions to Antarctica between 1901 and 1922 His incredible adventures included a breathtaking march to within a few miles of the South Pole and the amazing saga of hardship and survival on the famous Endurance expedition Also by Michael Smith Tom Crean Ice Man Books Ireland, 2003 *The Publishers Weekly*, 2004 **Polar Quest - Mission Plans** Captain Sean Chapple RM, 2010-03-13 Polar Quest Mission Plans are the detailed plans prepared by Captain Sean Chapple RM to launch the first expedition to the North and South Poles by the Royal Navy since Captain Scott Adventures in the Arctic Regions Sidney Harry Wright, 1910 Anecdotal accounts of the history of exploration expeditions whaling and warfare in the Arctic and Antarctic **Ice And The Inland** Hains, Brigid, 2012-11-27 An elegant original and very well written book luminous with meaning full of superb cameos and suggestive arguments the central figures are both charismatic articulate and iconic they are central to any estimation of twentieth century Australian cultural and environmental history Dr Tom Griffiths Australian National University This is a path breaking work the environmental aspect of the work is powerful and there are some wonderful ideas about what is civilised and what is wilderness Brigid Hains has reinvigorated the tradition of frontier studies Dr Jane Carruthers University of South Africa The frontier mythology of the early twentieth century laid the groundwork for the wilderness cult of contemporary Australian life It became etched in the Australian imagination through the image of folk heroes such as Douglas Mawson and John Flynn promising national renewal through virile heroism and an encounter with wild nature Most frontier histories in Australia have focused on race relations this is among the first to focus on the frontier as an ecological phenomenon It draws on rich primary sources many of which have never been published including Antarctic diaries and the letters and journalism of John Flynn In this superb account Brigid Hains offers a new interpretation of two Australian folk heroes and their iconic status in Australian culture a fresh

approach to frontier history that focuses on the landscape rather than on racial conflict and an explanation of the origins of wilderness conservation in Australia Mawson's Antarctic exploration and Flynn's Australian Inland Mission both drew on imperial and trans Pacific influences such as imperial adventure literature the cult of polar exploration the rural life movement population theory and eugenics The Ice and the Inland compares these two Australian folk heroes and analyses the reasons for their popularity It raises a number of topical issues including the role of Australia in the international management of Antarctica Flynn's treatment of Aboriginal people the reasons for conservation of Australia's wild places from the arid Centre to the frozen wastes of Antarctica and relationships between the country and the bush and between the metropolis and the frontier
