The Ideals of St. Francis of Assisi Hilarin Felder, 1925 The Ideals of St. Francis of Assisi Hilarin Felder, Berchmans Bittle, 2013-10 This is a new release of the original 1925 edition **The Ideals of St. Francis of Assisi** Hilarin Felder (év.), 1982 **The Ideals of St. Francis of Assisi ... Translated by Berchmans Bittle, Etc** Hilarin FELDER (Bishop of Geras.), Berchmans BITTLE, Saint Francis (of Assisi), 1925 *The Ideals of St. Francis of Assisi* Hilarin Felder (OFM Cap.), 1925 *Social Ideals of St. Francis* James Meyer, 1938 The Enthusiast Jon M. Sweeney, 2016-04-08 Popular historian and award winning author Jon M Sweeney relates the untold story of St Francis s friendship with Elias of Cortona the man who helped him build the Franciscan movement Sweeney uses the complexities of their relationship in a gripping narrative of how their efforts changed the world and how Elias s enthusiasm betrayed the ideals of his friend Few biographies of St Francis have examined his complicated relationship with close friend Elias of Cortona In *The Enthusiast* award winning author and historian Jon M Sweeney delves into this little known partnership that defined and then almost destroyed Francis s ideals Blending history and biography Sweeney reveals how Francis and Elias rebuilt churches aided lepers and entertained as God s troubadours to the delight of everyday people who had grown tired of a remote and tumultuous Church At the height of their spiritual renaissance however Elias became the devil to many of the other friars they believed him to be a traitor to their ideals After Francis s premature death the movement fractured Scorned by most of the Franciscan leadership Elias followed a path that would leave him a lonely broken man Sweeney shows how Elias s undoing was rooted in his attempts to honor his old friend *The Enthusiast* was the winner of a 2017 Catholic Press Association Book Award History Third Place The Heroic Ideal M. Gregory Kendrick, 2014-01-10 The word hero seems in its present usage an all purpose moniker applied to everyone from Medal of Honor recipients to celebrities to comic book characters This book explores the Western idea of the hero from its initial use in ancient Greece where it identified demigods or aristocratic mortal warriors through today Sections examine the concept of the hero as presented in the ancient medieval and modern worlds Special attention is paid to particular heroic types such as warriors martyrs athletes knights saints scientists rebels secret servicemen and even anti heroes This book also reconstructs how definitions of heroism have been inextricably linked to shifts in Western thinking about religion social relations political authority and ethical conduct Instructors considering this book for use in a course may request an examination copy here The Ideal of Poverty in Francis of Assisi ... Ray C. Petry, 1934 **St. Francis of Assisi: the Man and His Ideals ...** Leighton Williams, **St. Francis of Assisi and Nature** Roger D. Sorrell, 1988-12-08 One of the best loved saints of all time Francis of Assisi is often depicted today as a kind of proto hippie or early environmentalist This book the most comprehensive study in English of Francis s view of nature in the context of medieval tradition debunks modern anachronistic interpretations arguing convincingly that Francis s ideas can only be understood in their 13th century context Through close analysis of Francis s

writings particularly the Canticum of the Sun Sorrell shows that many of Francis's beliefs concerning the proper relation of humanity to the natural world have their antecedents in scripture and the medieval monastic orders while other ideas and practices his nature mysticism his concept of familial relationships with created things and his extension of chivalric conceptions to interactions with creatures are entirely his own Sorrell insists however that only by seeing Francis in terms of the Western traditions from which he arose can we appreciate the true originality of this extraordinary figure and the relevance of his thought to modern religious and environmental concerns *The Evolution of the Monastic Ideal* Herbert B. Workman, 2008-11-24 Herbert Brook Workman 1862-1951 was born in London and educated at Owens College Manchester He entered the Wesleyan ministry in 1885 and served as a circuit minister in England and Scotland until 1903 when he was appointed Principal of Westminster College He was elected President of the Wesleyan Conference in 1930 A distinguished historian Workman was Cole Lecturer at Vanderbilt University in 1916 and Visiting Professor of Methodist Church History at the University of Chicago in 1927 He published extensively in the field of medieval church history as well as Methodism His other publications include *Persecution in the Early Church* *The Dawn of the Reformation* *The Evolution of the Monastic Ideal* *Martyrs of the Early Church* *Methodism and The Age of John Hu* **The Evolution of the Monastic Ideal, from the Earliest Times Down to the Coming of the Friars** Herbert Brook Workman, 1915 First published in 1913 Bibliography p 353-361 *Ideal Illusions* James Peck, 2011-03-15 From a noted historian and foreign policy analyst a groundbreaking critique of the troubling symbiosis between Washington and the human rights movement The United States has long been hailed as a powerful force for global human rights Now drawing on thousands of documents from the CIA the National Security Council the Pentagon and development agencies James Peck shows in blunt detail how Washington has shaped human rights into a potent ideological weapon for purposes having little to do with rights and everything to do with furthering America's global reach Using the words of Washington's leaders when they are speaking among themselves Peck tracks the rise of human rights from its dismissal in the cold war years as fuzzy minded to its calculated adoption after the Vietnam War as a rationale for American foreign engagement He considers such milestones as the fight for Soviet dissidents Tiananmen Square and today's war on terror exposing in the process how the human rights movement has too often failed to challenge Washington's strategies A gripping and elegant work of analysis *Ideal Illusions* argues that the movement must break free from Washington if it is to develop a truly uncompromising critique of power in all its forms **Syllabi of Lectures Delivered at the University of California and at Cornell** Henry Morse Stephens, 1905 *The American Ecclesiastical Review* Herman Joseph Heuser, 1943-07 **Catholic World**, 1926 **National Catholic Welfare Council Bulletin**, 1925 **The Educational Ideal in the Ministry ...** William Herbert Perry Faunce, 1908 *Greek Ideals* Cecil Delisle Burns, 1919
