Ideals Of Religion 1907 Gifford Lecture:

Ideals of Religion Andrew Cecil Bradley, 1940 **Confucian Liberalism** Roy Tseng, 2023-01-01 Does Confucianism conflict with liberalism Confucian Liberalism sheds new light on this long standing debate entwined with the discourse of Chinese modernity Focusing on the legacy of Mou Zongsan the book significantly recasts the moral character and political ideal of Confucianism accompanied by a Hegelian retreatment of the multiple facets of Western modernity and its core values such as individuality self realization democracy civilized society citizenship public good freedom and human rights The book offers a culturally sensitive way of reevaluating liberal language and forges a reconciliation between the two extremes of anti Confucian liberalism and anti liberal Confucianism The result Confucian liberalism is akin to civil liberalism in that it rests the form of liberal democracy on the content of Confucian democratic civility It is also comparable to perfectionist liberalism endorsing a nondominant concept of the common good surrounded by a set of Confucian governing and civic virtues

Tomoko Masuzawa, 2005-05-15 The idea of world religions expresses a vague commitment to multiculturalism Not merely a
descriptive concept world religions is actually a particular ethos a pluralist ideology a logic of classification and a form of
knowledge that has shaped the study of religion and infiltrated ordinary language In this ambitious study Tomoko Masuzawa
examines the emergence of world religions in modern European thought Devoting particular attention to the relation
between the comparative study of language and the nascent science of religion she demonstrates how new classifications of
language and race caused Buddhism and Islam to gain special significance as these religions came to be seen in opposing
terms Aryan on one hand and Semitic on the other Masuzawa also explores the complex relation of world religions to
Protestant theology from the hierarchical ordering of religions typical of the Christian supremacists of the nineteenth century
to the aspirations of early twentieth century theologian Ernst Troeltsch who embraced the pluralist logic of world religions

and by so doing sought to reclaim the universalist destiny of European modernity *Encyclopaedia of Religion and Ethics*
James Hastings, John Alexander Selbie, Louis Herbert Gray, 1910 *British Idealism: A History* W. J. Mander, 2011-05-12 W J
Mander presents the first ever synoptic history of British Idealism the philosophical school which dominated English
language philosophy from the 1860s through to the early years of the following century Offering detailed examination of the
origins growth development and decline of this mode of thinking British Idealism A History restores to its proper place this
now almost wholly forgotten period of philosophical history Through clear explanation of its characteristic concepts and
doctrines and paying close attention to the published works of its philosophers the volume provides a full length history of
this vital school for those wishing to fill a gap in their knowledge of the history of British Philosophy while its detailed notes
and bibliography will guide the more dedicated scholar who wishes to examine further their distinctive brand of philosophy
By covering all major philosophers involved in the movement not merely the most famous ones like Bradley Green McTaggart
and Bosanquet but the lesser known figures like the Caird brothers Henry Jones A S Pringle Pattison and R B Haldane and by
looking at all branches of philosophy not just the familiar topics of ethics political thought and metaphysics but also the less
well documented work on logic religion aesthetics and the history of philosophy British Idealism A History brings out the
movement s complex living pattern of unity and difference something which other more superficial accounts have tended to
