The New Encyclopedia of Southern Culture Nancy Bercaw, Ted Ownby, 2014-02-01 This volume of The New Encyclopedia of Southern Culture reflects the dramatic increase in research on the topic of gender over the past thirty years, revealing that even the most familiar subjects take on new significance when viewed through the lens of gender. The wide range of entries explores how people have experienced, understood, and used concepts of womanhood and manhood in all sorts of obvious and subtle ways. The volume features 113 articles, 65 of which are entirely new for this edition. Thematic articles address subjects such as sexuality, respectability, and paternalism, and investigate the role of gender in broader subjects including the civil rights movement, country music, and sports. Topical entries highlight individuals such as Oprah Winfrey, the Grimké sisters, and Dale Earnhardt, as well as historical events such as the capture of Jefferson Davis in a woman's dress, the Supreme Court's decision in *Loving v. Virginia*, and the Memphis sanitation workers strike with its slogan "I AM A MAN." Bringing together scholarship on gender and the body, sexuality, labor, race, and politics, this volume offers new ways to view big questions in southern history and culture.

Building Houses out of Chicken Legs Psyche A. Williams-Forsen, 2006-12-08 Chicken, both the bird and the food, has played multiple roles in the lives of African American women from the slavery era to the present. It has provided food and a source of income for their families, shaped a distinctive culture, and helped women define and exert themselves in racist and hostile environments. Psyche A. Williams-Forsen examines the complexity of black women's legacies using food as a form of cultural work. While acknowledging the negative interpretations of black culture associated with chicken imagery, Williams-Forsen focuses her analysis on the ways black women have forged their own self-definitions and relationships to the gospel bird. Exploring material ranging from personal interviews to the comedy of Chris Rock, from commercial advertisements to the art of Kara Walker, and from cookbooks to literature, Williams-Forsen considers how black women arrive at degrees of self-definition and self-reliance using certain foods. She demonstrates how they defy conventional representations of blackness and exercise influence through food preparation and distribution. Understanding these complex relationships clarifies how present associations of blacks and chicken are rooted in a past that is fraught with both racism and agency. The traditions and practices of feminism, Williams-Forsen argues, are inherent in the foods women prepare and serve. The Book Lover's Guide to Florida Kevin M. McCarthy, 1992 Here is the book lover's literary tour of Florida, an exhaustive survey of writers, books, and literary sites in every part of the state. The state is divided into ten areas, and each one is described from a literary point of view. You will learn what authors lived in or wrote about a place, which books describe the place, what important movies were made there, even the literary trivia which the true Florida book lover will want to know. You can use the book as a travel guide to a new way to see the state, as an armchair guide to a better understanding of our literary heritage, or as a

Love, Wages, Slavery Barbara Ryan, 2006 With the home the sacred center of social life in the nineteenth century United States few social tensions carried more weight than the servant problem As slavery tore at the nation tension about domestic dependency became a heated topic to which publishers responded by producing a steady stream of literature instructing homemakers how to hire treat and discipline staff In *Love Wages Slavery* Barbara Ryan surveys an expansive collection of these published materials to chart shifts in thinking about what made a servant good and how servitors felt about attending non kin as well as changing ideas about gender waged and chattel labor status race and family life *Love Wages Slavery* examines the nature of free servitude before and after Emancipation through an in depth comparison of negotiations of attendance and household management Paying particular attention to women servants Ryan traces a complex discussion as it developed in such magazines as the *Atlantic Monthly* *Godey's Lady's Book* and *Harper's Bazar* BOOK JACKET *University of Florida Today*, 1991

The Maid's Daughter Mary Romero, 2012-12-31 At a very young age Olivia left her family and traditions in Mexico to live with her mother Carmen in one of Los Angeles's most exclusive and nearly all white gated communities Based on over twenty years of research Romero brings Olivia's remarkable story to life We watch as she struggles through adolescence declares her independence and eventually goes off to college and becomes a successful professional Much of her story is told in Olivia's voice and we hear of both her triumphs and her setbacks Romero explores this story about belonging identity and resistance illustrating Olivia's challenge to establish her sense of identity and the patterns of inclusion and exclusion in her life Romero points to the hidden costs of paid domestic labor that are transferred to the families of private household workers and nannies and shows how everyday routines are important in maintaining and assuring that various forms of privilege are passed on from one generation to another She shows how mythologies of meritocracy the land of opportunity and the American dream remain firmly in place while simultaneously erasing injustices and the struggles of the working poor From publisher description

Crossing the Creek Anna Lillios, 2020-03-25 One of the twentieth century's most intriguing and complicated literary friendships was that between Zora Neale Hurston and Marjorie Kinnan Rawlings In death their reputations have reversed but in the early 1940s Rawlings had already achieved wild success with her best selling and Pulitzer Prize winning novel *The Yearling* while Hurston had published *Their Eyes Were Watching God* to unfavorable critical reviews When they met both were at the height of their literary powers Hurston appears to have sought out Rawlings as a writer who could understand her talent and as a potential patron and champion Rawlings did become an advocate for Hurston and by all accounts a warm friendship developed

between the two Yet at every turn Rawlings's own racism and the societal norms of the Jim Crow South loomed on the horizon until her friendship with Hurston transformed Rawlings's views on the subject and made her an advocate for racial equality Anna Lillios's *Crossing the Creek* is the first book to examine the productive and complex relationship between these two major figures Is there truth to the story that Hurston offered to work as Rawlings's maid Why did Rawlings host a tea for Hurston in St Augustine In what ways did each write the friendship into their novels Using interviews with individuals who knew both women as well as incisive readings of surviving letters Lillios examines these questions and many others in this remarkable book

Race and Repast Urszula Niewiadomska-Flis, 2022-12-15 *Race and Repast* Foodscapes in Twentieth Century Southern Literature examines the literary foodscapes of the American South from Jim Crow era kitchens where White and Black Southerners reacted against racial mores to the public dining spaces where Southerners probed the limits of racial identity to the lunch counters that became touchstones of the Black Freedom movement Mining literary texts by iconic authors like Ernest Gaines and Walker Percy to demonstrate that food reflects and refracts power Urszula Niewiadomska-Flis wields food studies as a revelatory lens through which to view a radically segregated society that was often on the cusp of violence Niewiadomska-Flis also provides a rich and succinct introduction to scholarship in Southern studies and food studies making *Race and Repast* a compelling read that offers countless insights to experts as well as readers exploring these areas of research for the first time
