Development in the Early Years Christine MacIntyre, 2007-03-12 This highly practical and accessible book is full of case studies and helpful advice on how to enhance our understanding of very young children. The author addresses key questions such as: is it nature or nurture that makes children who they are? how can I develop the best possible skills to interact with children? what can I do to help a child make a friend? how can I build sound relationships with parents especially at times of conflict? is this child's difficulty being met by the nursery or do we need expert help? Examples in this book are taken from a variety of real life nursery practices and the case studies provide interesting and thought provoking scenarios. Books in this series address key issues for Early Years practitioners working in today's nursery and school environments. Observing, Assessing and Planning for Children in the Early Years Sandra Smidt, 2005 Using theories and case studies this is an introductory text for all involved in the development of young children. *Sensory Play* Sue Gascoyne, 2016-05-09 Sensory Play draws upon current research findings and observations to present an informative and practical guide to maximising children's sensory play opportunities. This guide enables practitioners to understand the values and benefits of sensory play incorporating case studies and current research findings to make practical links to the EYFS. Sensory play is set within a wider context highlighting links to child development theories. This title explains how sensory play can be a valuable tool in delivering curriculum outcomes in a wide variety of settings. Special Educational and Additional Learning Needs Janice Wearmouth, 2022-11-23 This essential text supports students to develop their understanding of children and young people with special educational and additional support needs. Up to date with the current Code of Practice and legislation the text offers chapters on each key area of need within Early Years settings schools and colleges empowering readers with the confidence to address these needs effectively. The book includes case studies and examples helping to put theory into practice in addition to learning and teaching points throughout the book encouraging students to think critically of how they would manage particular issues. Janice Wearmouth is Professor of Education at the University of Bedfordshire. *Supporting Multilingual Learners in the Early Years* Sandra Smidt, 2007-11-21 Shortlisted for the Nasen Book that supports SEN and Disability Issues Award 2008. Are children who are exposed to more than one language from birth at an advantage or a disadvantage when starting school? *Supporting Multilingual Learners in the Early Years* examines the theoretical ideological and practical issues involved in the education of children speaking two or more languages coming to settings which are predominantly monolingual. The book examines current research and thinking about the advantages and disadvantages of being multilingual and tackles complex topics such as what being multilingual implies in terms of prior learning and why this matters in education the importance of respect for diversity and encouraging children to be proud of their language and culture practical ways to help young children acquire English ways of working with parents who themselves have little or no English the differences and difficulties involved in a child learning an additional language so early on in their lives strategies for exploring the learning of multilingual learners and a review of the resources and activities that could help. Sandra Smidt

views multilingualism as a cognitive advantage and shows how Early Years practitioners can use interactive styles of learning to focus on the benefit that the many cultures and languages in the classroom can bring to children's learning and development. Written in a highly accessible tone, this book offers practitioners a mix of practical case studies and examples in which theory is embedded and its importance explained. Students of early childhood education will also appreciate the author's carefully structured approach to the topic as she includes summary boxes, glossaries, and points for reflection in each chapter.

Talk Less, Listen More Michael Hawton, 2013-07-01 As children grow in this world, we need to provide them with tools and methods to ensure that they are the best human beings that they can be. Talk Less, Listen More provides parents with strategies and ideas on how to ensure children take responsibility for their actions and are able to determine what is appropriate behaviour. Michael Hawton provides examples, illustrations, maps, diagrams, and practical information for parents to help them through this sometimes turbulent time. Throughout the book and through the learning of these new strategies, parents will work out what to do in the most difficult moments and to stop these times morphing into train wrecks. Written in simply everyday language using simple strategies, the end result will be that children will be able to assume better self-control of their actions and be able to monitor their behavior in any given situations. Suitable for today's modern family, you will learn to parent your children more gracefully with basic and simple strategies that will in turn reduce stress levels and increase the level of harmony in your family life.

Circle Time for Young Children Jenny Mosley, 2005-11-04 This highly practical book will explain how to put the principles for early years education into practice through well-structured and purposeful circle time lesson plans. Jenny Mosley, the UK's leading expert on circle time, provides accessible guidance on incorporating the curriculum for personal, social, and emotional development, enabling children to understand universal moral skills, developing young children's emotional intelligence, helping children to practise problem-solving skills. Each chapter in this book explains circle time in a why, what, how format and includes tick sheets, bullet-pointed pages, and examples showing how the theory works in practice. Developed to closely mirror one of the major modules in the GNVQ in Childcare levels 1 and 2, this is an invaluable and fun tool for developing young children's understanding of their feelings and relationships.

Language Development Sandra Levey, Susan Polirstok, 2010-09-29 Prepares future and current teachers to understand language development differences and disorders and the factors that lead to classroom success. Language Development: Understanding Language Diversity in the Classroom offers comprehensive coverage of the language development process for pre- and in-service teachers while emphasizing the factors that further academic success in the classroom, including literacy skills, phonological awareness, and narrative. With chapters written by respected specialists in various fields, this interdisciplinary text illuminates the impact of language development on learning success and distinguishes between language differences and disorders, integrating illustrative case studies as well as helpful classroom strategies that teachers can implement right away.
