Did Jesus Speak

Greek G Scott Gleaves, 2015-09-24 Did Jesus speak Greek An affirmative answer to the question will no doubt challenge traditional presuppositions The question relates directly to the historical preservation of Jesus's words and theology Traditionally the authenticity of Jesus's teaching has been linked to the recovery of the original Aramaic that presumably underlies the Gospels The Aramaic Hypothesis infers that the Gospels represent theological expansions religious propaganda or blatant distortions of Jesus's teachings Consequently uncovering the original Aramaic of Jesus's teachings will separate the historical Jesus from the mythical personality G Scott Gleaves in Did Jesus Speak Greek contends that the Aramaic

Hypothesis is inadequate as an exclusive criterion of historical Jesus studies and does not aptly take into consideration the multilingual culture of first century Palestine Evidence from archaeological literary and biblical data demonstrates Greek linguistic dominance in Roman Palestine during the first century CE Such preponderance of evidence leads not only to the conclusion that Jesus and his disciples spoke Greek but also to the recognition that the Greek New Testament generally and the Gospel of Matthew in particular were original compositions and not translations of underlying Aramaic sources

Daniel's Prophecy Tom Butler,Dawna Butler,2008-05 Daniel a young Jewish man taken by the Babylonians as they overrun Jerusalem is brought to Babylon to serve the great King Nebuchadnezzar Once there Daniel begins an incredible journey as he becomes ruler over the province of Babylon receives visits from archangels and ultimately stands in the presence of God This is all brought about because Daniel chooses to worship God and because of this God blesses Daniel with incredible wisdom and insight to interpret visions and dreams of all kinds On two occasions Daniel and his friends are faced with the command to worship false gods or be killed But in some of the most miraculous events of the entire Bible God intervenes and keeps them from sure death Because of the blessing from God Daniel is able to interpret King Nebuchadnezzar's troubling dream about the future of four powerful kingdoms from the time of King Nebuchadnezzar right up until the time of Jesus Christ's return when God's everlasting kingdom will finally be ushered in God reveals three powerful kingdoms that will succeed Babylon and carry on their traditions of religion and worship As you read this book you'll be surprised to learn what kingdom we're now in how the Babylonian religious system is all around us and what God says is in store in the future for the nations Just as in the time of Daniel those who make the choice to worship the true God today will be blessed with understanding during this turbulent time at the end of the age

Story of the Spirit Sarah Jo Fairchild, 2018-09-07 When the Spirit enters the scene people change The fallen find redemption The fearful find freedom The broken find hope and healing for a new beginning But how do we trust a Spirit we struggle to know and understand Story of the Spirit breaks down barriers of confusion and controversy by exploring his partnerships with real people in the Old Testament Through the eyes of leaders like Moses and Gideon and lesser known heroes like Jephthah and Bezalel we discover a Spirit who champions second chances emboldens the insecure restores lost peace and purpose transforms places of wounding into places of worship It's time to turn the page in our perception of the Holy Spirit and awaken his powerful presence in our lives He is more than a riddle to unravel or mystery to solve He is a Person we were always meant to know Knowing him inspires trust Trusting him transforms the unfolding chapters of our own story with potential made possible only in relationship with the whole of who God is Father Son and Spirit

With Uplifted Head Al Machiela, Dan Liroy, 2007-10-01 With Uplifted Head Preaching Hope is a book that exalts Christ by giving insight into the biblical teaching

about hope The book also shows interested readers how to preach in a way that will foster hope among members of their congregations Because the book is designed for both pastors and lay church leaders it does more than just present a theological understanding of biblical hope It also has plenty of suggestions for preaching hope directly and indirectly The authors maintain that only biblical hope focused on the resurrection and affirmed by the renewing Holy Spirit can change believers internally and create anticipation for a future in the presence of the living God **Axis of Glory** Dan Lioy,2010 In *Axis of Glory* Dan Lioy conducts a biblical and theological analysis of the temple motif as a conceptual and linguistic framework for understanding Scripture His investigation takes a fresh look at the topic assesses a representative group of the Judeo Christian writings through the various prisms of secondary literature and offers a synthesis of what appears in the biblical data The author notes that references and allusions connected with the temple motif crisscross the entire literary landscape of Scripture An additional finding is that the presence of the shrine concept is comparable to a series of rhetorical threads that join the fabric of God's Word and weaves together its seemingly eclectic and esoteric narratives into a richly textured multicolored tapestry The author concludes that the Bible's theocentric and Christocentric emphases are heightened in their intensity and sharpened in their focus due to the temple motif making its way through the pages of the sacred text beginning with the opening chapter of Genesis and ending with the final chapter of Revelation *Powers of Darkness* Clinton E. Arnold,2025-06-12 Satan worship Witches New Age channelers The last two decades of the twentieth century witnessed a vast upsurge in occult activity Scores of popular books have warned Christians of the dangers and urged them to do battle against these spiritual forces Few books however have developed a careful biblical theology on demons principalities and powers Clinton Arnold seeks to fill this gap providing an in depth look at Paul's letters and what they teach on the subject For perspective he examines first century Greek Roman and Jewish beliefs as well as Jesus teaching about magic sorcery and divination Arguing against many recent interpretations that have seen principalities and powers as impersonal social economic and political structures Arnold contends that the New Testament view is that such forces are organized personal beings which Jesus defeated at the cross and will bring into full subjection at his return In his concluding section Arnold suggests practical ways in which Christians today can contend with the forces of evil *Powers of Darkness* is a thoughtful biblical look at an urgent challenge facing the church *The Wedding at Cana* V.M. Liew,2014-08-04 It seems that the glory of Christ has departed from the mind and hearts of many Christians Today the word glory or phrases such as glory of God and glorifying God are commonly used by Christians and thus have evolved into clichés They have lost their originally intended meanings Christians are not experiencing the glory of Christ and the Kingdom of God that is here and now Are you experiencing the glory and the kingdom in your life If not this book has the answers for you Like John 2 1 11 this book is a foretaste of glory divine It all overflows here faith glory kingdom meaning celebration blessing joy salvation Jesus the Lord and us who receive newness of life The author V M Liew is an adroit semiotician a grand interpreter of signs

especially this first sign in John 2 by which Jesus revealed his Messianic glory and so much more I'm greatly encouraged by this book and you will be too. It's a must read. Dr David Naugle, distinguished professor and chair and professor of philosophy, Dallas Baptist University and author of *Reordered Love Reordered Lives: Learning the Deep Meaning of Happiness* (Eerdmans, 2008). **The Gospel of John : 2 Volumes** Craig S. Keener, 2010-03-01. Keener's commentary explores the Jewish and Greco-Roman settings of John more deeply than previous works, paying special attention to social, historical, and rhetorical features of the Gospel. It cites about 4,000 different secondary sources and uses over 20,000 references from ancient literature.
