International Adoption in North American Literature and Culture Mark Shackleton, 2017-09-06 This book is about transnational and transracial adoption in North American culture It asks to what extent does the process of international adoption reflect imperious inequalities around the world or can international adoption and the personal experiences of international adoptees today be seen more positively as what has been called the richness of adoptive being The areas covered include Native North American adoption policies and the responses of Native North American writers themselves to these policies of assimilation This might be termed adoption from within Adoption from without transnational adoption is primarily dealt with in articles discussing Chinese and Korean adoptions in the US The third section concerns such issues as the multiple forms that adoption can take notions of adoption and identity adoption and the family and the problems of adoption

Twentieth-Century Spanish American Fiction Naomi Lindstrom, 1994-08-01 Spanish American fiction became a world phenomenon in the twentieth century through multilanguage translations of such novels as Gabriel Garcia Marquez's One Hundred Years of Solitude Manuel Puig's Kiss of the Spider Woman Octavio Paz's Labyrinth of Solitude and Isabel Allende's House of the Spirits Yet these blockbusters are only a tiny fraction of the total rich outpouring of Spanish language literature from Latin America In this book Naomi Lindstrom offers English language readers a comprehensive survey of the century's literary production in Latin America excluding Brazil Discussing movements and trends she places the famous masterworks in historical perspective and highlights authors and works that deserve a wider readership Her study begins with Rodó's famous essay Ariel and ends with Rigoberta Menchú's 1992 achievement of the Nobel Prize Her selection of works is designed to draw attention whenever possible to works that are available in good English translations A special feature of

the book is its treatment of the postboom period In this important concluding section Lindstrom discusses documentary narratives the new interrelations between popular culture and literary writing and underrepresented groups such as youth cultures slum dwellers gays and lesbians and ethnic enclaves Written in accessible nonspecialized language Twentieth Century Spanish American Fiction will be equally useful for general readers as a broad overview of this vibrant literature and for scholars as a reliable reference work *International Anthologies of Literature in Translation* Harald Kittel,1995-01-01
