Marco, 2011-11-29 A detailed reference work that documents every aspect of the American public library experience through topical entries statistics biographies and profiles The American Public Library Handbook is the first reference work to focus on all aspects of the American public library experience providing a topical perspective through comprehensive essays and biographical information on important public librarians Based upon the author's own notes and extensive experience as well as library periodicals library reference books monographs textbooks Internet sources and correspondence with individual libraries this book comprises nearly 1 000 entries addressing all aspects of public library service Each topical essay considers terminology of the area covered its historical context and current concerns and issues Biographies highlight the philosophical perspective of the individuals covered while entries on specific libraries present timely data and interesting facts about each facility This unique handbook also offers up to date statistics historical highlights and information about programs and events of individual libraries

Ethical and Policy Issues in International Research United States. National Bioethics Advisory Commission, 2001

Business Information Sources Lorna M. Daniells, 1976-01-01 Annotated bibliography and guide to sources of information on business and management includes material relating to accounting taxation computers and management information systems insurance real estate business marketing personnel management labour relations etc

The Oxford Textbook of Clinical Research Ethics Ezekiel J. Emanuel, Christine C. Grady, Robert A. Crouch, Reidar K. Lie, Franklin G. Miller, David D. Wendler, 2011-02 The Oxford Textbook of Clinical Research Ethics is the first comprehensive and systematic reference on clinical research ethics Under the editorship of experts from the U S National Institutes of Health of the United States the book's 73 chapters offer a wide ranging and systematic examination of all aspects of research with human beings Considering the historical triumphs of research as well as its tragedies the textbook provides a framework for analyzing the ethical aspects of research studies with human beings Through both conceptual analysis and systematic reviews of empirical data the contributors examine issues ranging from scientific validity fair subject selection risk benefit ratio independent review and informed consent to focused consideration of international research ethics conflicts of interests and other aspects of responsible conduct of research The editors of The Oxford Textbook of Clinical Research Ethics offer a work that critically assesses and advances scholarship in

the field of human subjects research Comprehensive in scope and depth this book will be a crucial resource for researchers in the medical sciences as well as teachers and students

Ethical and Policy Issues in International Research: Report and recommendations of the National Bioethics Advisory Commission United States. National Bioethics Advisory Commission, 2001

The Routledge International Handbook of English, Language and Literacy Teaching Dominic Wyse, Richard Andrews, James Hoffman, 2010-02-25 Reviews international research that is relevant to the teaching of English language and literacy This book locates research within theoretical context drawing on historical perspectives

The Routledge International Handbook of Life and Values Education in Asia John Chi-Kin Lee, Kerry J Kennedy, 2024-06-28 This Handbook provides a comprehensive look at the educational scope of life and values that characterize 21st century Asia as well as those values shared across cultures Some values are deeply resonant with the region's past while others reflect modernity and the new contexts in which Asian societies find themselves Exploring these values of different types and the way they are constructed in Eastern and Western contexts the contributors delve into the diversity of religious moral and social education to promote greater understanding across cultures While a range of values is identified here there is no single set of values that can be applied to all people in all contexts The time has long gone even for single societies when values can be imposed Yet this Handbook emphasizes both the extent and importance of values to individuals and their societies how they respond to these values may provide the key to better and more caring societies and to better lives for all Academics and teachers will find this Handbook resourceful because it raises important theoretical issues related to social values and their formation in distinctive contexts and provides novel insights into the diverse educational landscape in Asia Policymakers and educators will also find this text helpful in learning to think about new ways to improve the quality of people's lives
