Fawcett, 2011-08-11 **26 Ways To Screw Up in Business and How Not To** is a humorous yet serious business book. During a span of 50 years, the author discovered that there are 26 business commandments that you should never violate and if you do it, at your own risk. For example, Commandment 4: Thou Shall Not Fish For Tuna in a Lake; never put probability before profitability. Commandment 8: Thou Shall Not Sell Texaco Milk; problem with line extensions. Commandment 18: Thou Shall Not Look Through a Keyhole With a Glass Eye; test, not guess. For nearly five decades, Bill Fawcett has worked with hundreds of entrepreneurs and small business owners. He is convinced that 96% of business mistakes are a result of breaking one or more of the 26 commandments set forth in this guide to success. This book is not about managing people; it's about managing oneself. The number one determinant of your success is you. You're the quarterback who gets all the glory when you win and all the blame when you lose. What if you could reduce the number of turnovers and interceptions? Wouldn't you want to know what mistakes you must avoid? Of course you would. This guide to success not only identifies what you must avoid, it offers prescriptions for doing it right.
