Anthology of Italian Songs (17th & 18th Century), Volume I Alfred Music,1999-11-29 A collection of Italian songs from the 17th and 18th century for Voice *Interpreting the Musical Past : Early Music in Nineteenth-Century France* University of London Katharine Ellis Reader in Music Royal Holloway,2005-08-24 This study of the French early music revival gives us a vivid sense of how music s cultural meanings were contested in the nineteenth century It surveys the main patterns of revivalist activity while also providing in depth studies of repertoires stretching from Adam de la Halle to Rameau Song Interpretation in 21st-Century Pop Music Ralf von Appen,André Doehring,Allan F. Moore,2016-03-03 Existing books on the analysis of popular music focus on theory and methodology and normally discuss parts of songs briefly as examples The impression often given is that songs are being chosen simply to illuminate and exemplify a theoretical position In this book the obverse is true songs take centre stage and are given priority The authors analyse and interpret them intensively from a variety of theoretical positions that illuminate the song Thus methods and theories have to prove their use value in the face of a heterogeneous contemporary repertoire The book brings together researchers from very different cultural backgrounds and encourages them to compare their different hearings and to discuss the ways in which they make sense of specific songs All songs analysed are from the new millennium most of them not older than three years Because the most widely popular styles are too often ignored by academics this book aims to shed light on how million sellers work musically Therefore it encompasses a broad palette highlighting mainstream pop Lady Gaga Ke ha Lucenzo Amy McDonald but also accounting for critically acclaimed indie styles Fleet Foxes Death Cab for Cutie PJ Harvey R B Destiny s Child Janelle Monae popular hard rock Kings of Leon Rammstein and current electronic music Andr s Bj rk By concentrating on 13 well known songs this book offers some model analyses that can very easily be studied at home or used in seminars and classrooms for students of popular music at all academic levels *Library of Congress Subject Headings* Library of Congress,2006 *Library of Congress Subject Headings* Library of Congress.
