Jerald Podair, Darren Dochuk

Interracial America:

Interracial America Bonnie Szumski, 1996 This book includes discussions of the emphasis on racial differences the effect of immigration on interracial conditions the effect of affirmative action and more Loving Sheryll Cashin, 2017-06-06 The landmark story of how interracial love and marriage changed American history and continues to alter the landscape of American politics When Mildred and Richard Loving wed in 1958 they were ripped from their shared bed and taken to court Their crime miscegenation punished by exile from their home state of Virginia The resulting landmark decision of *Loving v Virginia* ended bans on interracial marriage and remains a signature case the first to use the words white supremacy to describe such racism Drawing from the earliest chapters in US history legal scholar Sheryll Cashin reveals the enduring legacy of America's original sin tracing how we transformed from a country without an entrenched construction of race to a nation where one drop of nonwhite blood merited exclusion from full citizenship In vivid detail she illustrates how the idea of whiteness was created by the planter class of yesterday and is reinforced by today's power hungry dog whistlers to divide struggling whites and people of color ensuring plutocracy and undermining the common good Not just a hopeful treatise on the future of race relations in America *Loving* challenges the notion that trickle down progressive politics is our only hope for a more inclusive society Accessible and sharp Cashin reanimates the possibility of a future where interracial understanding serves as a catalyst of a social revolution ending not in artificial color blindness but in a culture where acceptance and difference are celebrated

Interracial Encounters Julia H. Lee, 2011 Why do black characters appear so frequently in Asian American literary works and Asian characters appear in African American literary works in the early twentieth century *Interracial Encounters* attempts to answer this rather straightforward literary question arguing that scenes depicting Black Asian interactions relationships and conflicts capture the constitution of African American and Asian American identities as each group struggled to negotiate the racially exclusionary nature of American identity In this nuanced study Julia H Lee argues that the diversity and ambiguity that characterize these textual moments radically undermine the popular notion that the history of Afro Asian relations can be reduced to a monolithic media friendly narrative whether of cooperation or antagonism Drawing on works by Charles Chesnutt Wu Tingfang Edith and Winnifred Eaton Nella Larsen W E B Du Bois and Younghill Kang *Interracial Encounters* foregrounds how these reciprocal representations emerged from the nation's pervasive pairing of the figure of the Negro and the Asiatic in oppositional overlapping or analogous relationships within a wide variety of popular scientific legal and cultural discourses Historicizing these interracial encounters within a national and global context highlights how multiple racial groups shaped the narrative of race and national identity in the early twentieth century as well as how early twentieth century American literature emerged from that multiracial political context

Race Mixing Renee Christine Romano, 2009-06-30 Marriage between blacks and whites is a longstanding and deeply ingrained taboo in American culture On the eve of World War II mixed race marriage was illegal in most states Yet sixty

years later black white marriage is no longer illegal or a divisive political issue and the number of such couples and their mixed race children has risen dramatically Renee Romano explains how and why such marriages have gained acceptance and what this tells us about race relations in contemporary America The history of interracial marriage helps us understand the extent to which America has overcome its racist past and how much further we must go to achieve meaningful racial equality

Interracial Dialogue Groups Across America, 1997 **Interracial Families** George Alan Yancey, Richard Lewis, Jr., 2009-01-07 Are your undergraduate students interested in such topics as interracial dating marriage multiracial identity transracial adoption and related issues If so this is the perfect short text to assign in your course Native Americans, The Mainline Church, and the Quest for Interracial Justice David Phillips Hansen, 2017-01-03 The Native American drive for self governance is the most important civil rights struggle of our time a struggle too often covered up In *Native Americans The Mainline Church and the Quest for Interracial Justice* David Phillips Hansen lays out the church's role in helping America heal its bleeding wounds of systemic oppression While many believe the United States is a melting pot for all cultures Hansen asserts the longest war in human history is the one Anglo Christians have waged on Native Americans Using faith as a weapon against the darkness of injustice this book will change the way you view how we must solve the pressing problems of racism poverty environmental degradation and violence and it will remind you that faith can be the leaven of justice The Browning of America and the Evasion of Social Justice Ronald R. Sundstrom, 2008-10-09 This book considers the challenge that the so called browning of America poses for any discussion of the future of race and social justice In the philosophy of race there has been little reflection about how the rapid increase in the Latino Asian American and mixed race populations affects the historical demands for racial justice by Native Americans and African Americans Ronald R Sundstrom examines how recent demographic shifts bear upon central questions in race theory and social and political philosophy including color blindness interracial intimacy and the future of race Sundstrom cautions that rather than getting caught up in romantic reveries about the browning of America we should remain vigilant that longstanding claims for racial justice not be washed away **The American Friend**, 1926 **(Inter)racial Relationships as Accompaniment in Twenty-First Century African American Novels** E. Lâle Demirtürk, 2024-10-15 *Inter racial Relationships as Accompaniment in Twenty First Century African American Novels* explores the acts of accompaniment to disrupt the embodied discursive practices of whiteness and Black vulnerability as a way to change social relations across racial difference in the novels The novels analyzed in the book explore those Black male characters who work through the norms of whiteness in their relations with Black and white women while at the same time enacting the practices of accompaniment to subvert the embodied practices of whiteness At a time when there is the rise of interest in activist work such as the ongoing Black Lives Matter movement against the systems of white supremacy in the post Trump era these novels shape an understanding of Black characters struggle against discursive violence as a radical social praxis to transform the everyday life The book consists of four

chapters on Kalisha Buckhanon's *Speaking of Summer* 2019 Kalisha Buckhanon's *Upstate* 2005 Ben Burgess Jr's *Defining Moments Black and White* 2020 and Walter Mosley's *Every Man a King A King* Oliver Novel 2023 While these novels depict a critique of racialized everyday life they interrogate whiteness as a political act of devaluation of Blackness and Black life by establishing relations through accompaniment The act as such stretches the boundary lines between who is the accompanier and the accompanied in shifting configurations of whiteness and blackness in the positioning of the vulnerable

Multiracial America Karen E. Downing, Darlene P. Nichols, Kelly Webster, 2005 *Multiracial America* addresses a growing interest in interracial people and relationships in America Over the past decade there have been numerous books and articles written on interracial issues Despite the rampant growth in publishing locating these often scattered and inaccessible materials remains a challenge This resource guide provides easy access to the available literature Topical chapters on the most often researched themes are included such as core historical literature books for children and young adults hot button issues passing identification appearance fitting in and blood quantification interracial dating and marriage families adoption and issues pertaining to race and queer sexuality Each chapter includes a brief discussion of the literature on the topic including historical context and comments on the breadth and depth of the available literature and followed by annotations of books popular and scholarly journals magazines and newspaper articles videos films and websites Other useful sections include a chapter on the depiction of interracial relationships in film teaching an interracial issues course and how to search for materials given changing terminology and classification issues Indexes by race and non print media are included The American Dream and Dreams Deferred Carlton D. Floyd, Thomas Ehrlich Reifer, 2022-11-14 *The American Dream and Dreams Deferred* A Dialectical Fairy Tale shows how rival interpretations of the Dream reveal the dialectical tensions therein Exploring often neglected voices literatures and histories Carlton D Floyd and Thomas Ehrlich Reifer highlight moments when the American Dream appears both simultaneously possible and out of reach In so doing the authors invite readers to make a new collective dream of a better future on socially just multicultural and ecologically sustainable foundations

Interracial Intimacy Rachel F. Moran, 2001 *Crossing disciplinary lines* Moran looks in depth at interracial intimacy in America from colonial times to the present She traces the evolution of bans on intermarriage and explains why blacks and Asians faced harsh penalties while Native Americans and Latinos did not She provides fresh insight into how these laws served complex purposes why they remained on the books for so long and what led to their eventual demise As Moran demonstrates the United States Supreme Court could not declare statutes barring intermarriage unconstitutional until the civil rights movement coupled with the sexual revolution had transformed prevailing views about race sex and marriage

Margins and Mainstreams Gary Y. Okihiro, 2014-04-01 In this classic book on the meaning of multiculturalism in larger American society Gary Okihiro explores the significance of Asian American experiences from the perspectives of historical consciousness race gender class and culture While exploring anew the meanings of Asian American social history Okihiro

argues that the core values and ideals of the nation emanate today not from the so called mainstream but from the margins from among Asian and African Americans Latinos and American Indians women and the gay and lesbian community Those groups in their struggles for equality have helped to preserve and advance the founders ideals and have made America a more democratic place for all

Reorienting the Pure Land Michael Kenji Masatsugu, 2023-07-31 Post World War II historical developments including Japanese American resettlement the US occupation of Japan the Cold War and decolonization in an emerging Third World created both a climate of uncertainty and possibility for the future of Japanese American Buddhism in the United States As both a racial minority and as adherents of a non Christian religious tradition with roots in Asia Nikkei Buddhists faced distinct challenges in asserting their religion as part of their ethnic heritage Adaptations associated with Nisei Buddhism sought to prioritize cultural assimilation as prescribed by US government officials and other proponents of racial liberalism while also seeking to maintain Shin Buddhist tradition claiming it as integral to Nikkei heritage and part of a tradition of American religious freedom Nisei also presented Buddhism as a world religion which served as more than a rhetorical strategy since many Nisei extended their vision of the sangha community of Buddhists to include connections with Buddhists in Japan and South and Southeast Asia But Nisei Buddhism s emerging influence among American Shin Buddhist communities would be challenged by converts and a younger generation of more progressive Nikkei during the 1960s

Reorienting the Pure Land is the first historical study of Nisei Shin Buddhists in the United States during the tumultuous period between World War II and the early decades of the Cold War This book examines Nisei led adaptations to American Shin Buddhist institutions and organizations in an effort to reconstitute Nikkei Buddhist communities following the end of World War II and release from US government sponsored concentration camps Taking a transnational perspective this text establishes the importance of Buddhism in shaping networks in the United States and across the globe and is the first to highlight the centrality of ethnic Buddhism in building the terms of racial inclusion and the construction of Asian Americans as a model minority In addressing themes of religious adaptation cultural nationalism and global connection *Reorienting the Pure Land* makes new contributions to the fields of Japanese American history the history of Buddhism in America and the study of Cold War racial liberalism

The Routledge History of Twentieth-Century United States Jerald Podair, Darren Dochuk, 2018-05-02 *The Routledge History of the Twentieth Century United States* is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications *The Routledge History of the Twentieth Century United States* offers an

exciting new resource for the study of modern American history **The Oxford Handbook of Asian American History**

David Yoo, Eiichiro Azuma, 2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion violence and racism to the social and political activism of the late twentieth century The authors explore many of the key aspects of the Asian American experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history Brown and Black Communication Diana Rios, Ali

Mohamed, 2003-07-30 Though Latinos and African Americans have lived together in large cities as neighbors there is much that is still misunderstood between them Those who live in non diverse locales have only news and entertainment representations on which to base their information about the two cultures This new collection of essays brings together the latest interdisciplinary works by scholars examining conflicts and convergences among Latinos and African Americans in mass mediated and cross cultural contexts Contributions in the form of both empirical and critical ethnographic research present compelling works in cross cultural relations news entertainment news media education and community relations IBrown and Black Communication R challenges those who do not think that significant projects and key research have been conducted on the two largest ethnic communities in the United States Of certain appeal to both scholars and those with more applied needs in media education and public policy this challenging collection offers a range of perspectives on two widely diverse bodies of American people *Crossing the Line* Maria Tempenis, Beth Walton, Robert Hartmann

McNamara, 1999-03-30 Despite the increased number of interracial marriages in recent years Black White couples still experience a host of problems in American society particularly in the South Drawing on extensive interviews with 28 Black White couples living in the South this ethnographic study describes the issues and obstacles these couples have to face and documents their overwhelming sense of social isolation The problems include hostility encountered while the couple is in public ranging from stares to outright attacks as well as a lack of support and ostracization by their families After discussing the nature of Black White relationships and the historical implications of interracial couples beginning with slavery the authors adopt a life history approach which allows them to probe deeply into the meaning of the interviewees responses

Jim and Jap Crow Matthew M. Briones, 2013-12-26 Following Japan's attack on Pearl Harbor in 1941 the U S government rounded up more than one hundred thousand Japanese Americans and sent them to internment camps One of those internees was Charles Kikuchi In thousands of diary pages he documented his experiences in the camps his resettlement in Chicago and drafting into the Army on the eve of Hiroshima and Nagasaki and his postwar life as a social worker in New York City Kikuchi's diaries bear witness to a watershed era in American race relations and expose both the promise and the hypocrisy

of American democracy Jim and Jap Crow follows Kikuchi's personal odyssey among fellow Japanese American intellectuals immigrant activists Chicago School social scientists everyday people on Chicago's South Side and psychologically scarred veterans in the hospitals of New York The book chronicles a remarkable moment in America's history in which interracial alliances challenged the limits of the elusive democratic ideal and in which the nation was forced to choose between civil liberty and the fearful politics of racial hysteria It was an era of world war and the atomic bomb desegregation in the military but Jim and Jap Crow elsewhere in America and a hopeful progressivism that gave way to Cold War paranoia Jim and Jap Crow looks at Kikuchi's life and diaries as a lens through which to observe the possibilities failures and key conversations in a dynamic multiracial America
