Pérez, 2011-03-15 The Times Literary Supplement calls Louis A P rez Jr the foremost historian of Cuba writing in English In  
this new edition of his acclaimed 1990 volume he brings his expertise to bear on the history and direction of relations  
between Cuba and the United States Of all the peoples in Latin America the author argues none have been more familiar to  
the United States than Cubans who in turn have come to know their northern neighbors equally well Focusing on what  
President McKinley called the ties of singular intimacy linking the destinies of the two societies P rez examines the points at  
which they have made contact politically culturally economically and explores the dilemmas that proximity to the United

*Lumea* , 1988      *Revolution, Rebellion, Resistance* Professor Eric Selbin, 2010-01-14 Why do revolutions happen Decades  
of social science research have brought us little closer to understanding where when and amongst whom they occur In this  
groundbreaking book Eric Selbin argues that we need to look beyond the economic political and social structural conditions  
to the thoughts and feelings of the people who make revolutions In particular he argues we need to understand the stories  
people relay and rework of past injustices and struggles as they struggle in the present towards a better future Ranging from  
the French Revolution to the Battle for Seattle via Russia China Cuba Vietnam and Nicaragua Selbin makes the case that it is  
myth memory and mimesis which create maintain and extend such stories Revolution Rebellion Resistance identifies four  
kinds of enduring revolutionary story Civilizing and Democratizing The Social Revolution Freedom and Liberation and The  
Lost and Forgotten which do more than report on events they catalyse changing the world      **War and Revolution** Norman
