Anizoba,2004 The book is an attempt to describe the origin constitution and destiny of Man Using what the Ancients told us as a starting point a brief genesis of the Universe and Man is given The Universe is shown to be triune comprising a Body a Mind or Soul and a ruling Spirit Man being a miniature Universe is also shown to be triune and composed of a Body a Mind or Soul and an indwelling ruling Spirit Teh book goes on to show that Man is animal by his body and human by his Mind Soul or Self an organizing intelligencec This is waht we are partly animal by the Body and partly human by the Mind Soul or Self hence the portrayal of man as Centaur whose human torso is inseparably joined to its euine lower part The fact that Man is partly animal and partly human leads us to the acceptance of our Nature of how and what we are Our Spirit or Father made us teh way we are and this is perfect Thus the human Nature needs no ammendment With the acceptance of our Nature as we are the Mind realizes that its true mission in the Body is to work closely with the indwelling Spirit with a view to obtaining the latter s maximal growth Optimal growth of the Spirit is the sole objective of evolution and the Mind as husbandman of the Body is expected to contribute positively to the achievement of the growth The Mind as an organizing intelligence acts through the Body and with the help of the Spirit

on the outside world This process has become almost automatic and the Mind has been deluded into believing that it can of itself do anything forgetting that it is actually the Spirit that does everything through the Mind and the Body the book goes on to show that the Paradise that Man once enjoyed can only be regained by a re orientation of the Mind towards the Spirit within The search of the Self the I is for the Spirit within and not for some fictitious Higher Self How can the Self search for itself Who will do the searching No The search is done by the Self and for the Spirit within This search for the Spirit is indeed true religion a return to the source **Vegetarian Times** ,1994-09 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both
