Intimate History Of Killing

Joanna Bourke

Intimate History Of Killing:

An Intimate History of Killing Joanna Bourke, 1999 In this study the author uses the letters diaries memoirs and reports of veterans from three conflicts the First and Second World Wars and the Vietnam War to establish a picture of the man at arms She suggests that the structure of war encourages pleasure in killing and that ordinary gentle human beings in civilian life can become enthusiastic killers without becoming brutalized by the horrors of combat Intimate History of Killing Joanna **Killing** Jeff Sparrow, 2009-07-01 How hard is it to kill as a hunter on a Kangaroo cull as a worker in an abattoir as an executioner in a prison as a soldier at war Ninety years after World War I police in a Victorian country town uncover the mummified head of a Turkish soldier a bullet ridden souvenir brought home from Gallipoli by a returning ANZAC The macabre discovery sets Jeff Sparrow on a quest to understand the nature of deadly violence How do ordinary people whether in today s wars or in 1915 learn to take a human life How do they live with the aftermath These questions lead Sparrow through history and across Australia and the USA talking to veterans and slaughtermen executioners and writers about one of the last remaining taboos Compassionate engaged and political Killing takes us up close to the ways society kills today meditating on what violence means not just for perpetrators but for all of us The Deadly Ethnic Riot Donald L. Horowitz, 2023-11-15 Donald L Horowitz s comprehensive consideration of the structure and dynamics of ethnic violence is the first full scale comparative study of what the author terms the deadly ethnic riot an intense sudden lethal attack by civilian members of one ethnic group on civilian members of another ethnic group Serious frequent and destabilizing these events result in large numbers of casualties Horowitz examines approximately 150 such riots in about fifty countries mainly in Asia Africa and the former Soviet Union as well as fifty control cases With its deep and thorough scholarship incisive analysis and profound insights The Deadly Ethnic Riot will become the definitive work on its subject Furious and sadistic the riot is nevertheless directed against a precisely specified class of targets and conducted with considerable circumspection Horowitz scrutinizes target choices participants and organization the timing and supporting conditions for the violence the nature of the events that precede the riot the prevalence of atrocities during the violence the location and diffusion of riots and the aims and effects of riot behavior He finds that the deadly ethnic riot is a highly patterned but emotional event that tends to occur during times of political uncertainty He also discusses the crucial role of rumor in triggering riots the surprisingly limited role of deliberate organization and the striking lack of remorse exhibited by participants Horowitz writes clearly and eloquently without compromising the complexity of his subject With impressive analytical skill he takes up the important challenge of explaining phenomena that are at once passionate and calculative Donald L Horowitz s comprehensive consideration of the structure and dynamics of ethnic violence is the first full scale comparative study of what the author terms the deadly ethnic riot an intense sudden lethal attack by civilian members of one ethni **Aftermath** Tim Haughton, 2016-03-23 Focusing on three of the defining moments of the twentieth century the end of the two World Wars and

the collapse of the Iron Curtain this volume presents a rich collection of authoritative essays covering a wide range of thematic regional temporal and methodological perspectives By re examining the traumatic legacies of the century s three major conflicts the volume illuminates a number of recurrent yet differentiated ideas concerning memorialisation mythologisation mobilisation commemoration and confrontation reconstruction and representation in the aftermath of conflict The post conflict relationship between the living and the dead the contestation of memories and legacies of war in cultural and political discourses and the significance of generations are key threads binding the collection together While not claiming to be the definitive study of so vast a subject the collection nevertheless presents a series of enlightening historical and cultural perspectives from leading scholars in the field and it pushes back the boundaries of the burgeoning field of the study of legacies and memories of war Bringing together historians literary scholars political scientists and cultural studies experts to discuss the legacies and memories of war in Europe 1918 1945 1989 the collection makes an important contribution to the ongoing interdisciplinary conversation regarding the interwoven legacies of twentieth century Europe's three major conflicts California: an Intimate History Gertrude Franklin Horn Atherton, 1914 Futility Clare Rhoden, 2015 In The Purpose of Futility Clare Rhoden surveys Australian Great War narratives demonstrating their particularly Australian features which help to explain the unique and disputed position of the Great War in Australian history Provided by publisher The Indoctrination of the Wehrmacht Bryce Sait, 2019-03-10 Far from the image of an apolitical clean Wehrmacht that persists in popular memory German soldiers regularly cooperated with organizations like the SS in the abuse and murder of countless individuals during the Second World War This in depth study demonstrates that a key factor in the criminalization of the Wehrmacht was the intense political indoctrination imposed on its members At the instigation of senior leadership many ordinary German soldiers and officers became ideological warriors who viewed their enemies in racial and political terms a project that was but one piece of the broader effort to socialize young men during the Nazi era Warrior's Dishonour George Kassimeris, 2016-02-17 The characteristic act of men at war is not killing It is killing by committing shocking and unspeakable atrocities when circumstances permit What drives ordinary people into hatred genocide inhumanity and evil What turns friends and neighbours against each other with such savagery Where does such barbarity come from This collection examines the anarchy cruelty and overwhelming confusion of modern warfare In particular it analyzes what happens when morality vanishes from the battlefield and why torture is endemic in modern warfare how human rights in times of war lose meaning as a set of principles whether official propaganda and enemy demonization make barbaric behaviour easier how we can develop cultures opposed to torture that damage the legitimacy of our societies Through a wealth of case studies that have been carefully selected in terms of their themes approaches and methodologies this comprehensive volume provokes discussion and enhances understanding from a variety of disciplinary perspectives Spiritual Wounds Síobhra Aiken, 2022-03-01 This book challenges the widespread scholarly and

popular belief that the Irish Civil War 1922 1923 was followed by a traumatic silence It achieves this by opening an alternative archive of published testimonies which were largely produced in the 1920s and 1930s testimonies were written by pro and anti treaty men and women in both English and Irish Nearly all have eluded sustained scholarly attention to date However the act of smuggling private painful experience into the public realm especially when it challenged official memory making or even forgetting demanded the cautious deployment of self protective narrative strategies As a result many testimonies from the Irish Civil War emerge in non conventional hybridised and fictionalised forms of life writing This book re introduces a number of these testimonies into public debate It considers contemporary understandings of mental illness and how a number of veterans both men and women self consciously engaged in projects of therapeutic writing as a means to heal the spiritual wounds of civil war It also outlines the prevalence of literary representations of revolutionary sexual violence challenging the assumptions that sexual violence during the Irish revolution was either rare or hidden and Propaganda in European Civil Wars Yiannis Kokosalakis, Francisco J. Leira-Castiñeira, 2025-03-31 This volume offers a broad overview of the conditions motives and practices of violence during the most prominent intra state conflicts in Europe during the first half of the 20th century This book seeks to move beyond accounts of civil war violence that focus on microlevel motives or grand cleavages arguing instead that violence is best examined as a multidimensional phenomenon involving a range of structural personal and conjectural factors operating at various levels of societal interaction Making a case for methodological pluralism the volume brings together an interdisciplinary team of historians and social scientists to address the aspects of civil war violence from a broad range of empirical and methodological perspectives. The book consists of three thematic sections. The first section covers contextual issues related to civil war violence including the role of ideology and social dynamics. The second and third sections comprise empirical case studies that examine the dimensions of violence in six prominent European civil wars The volume focuses on these particular conflicts because they are almost universally recognized as instances of civil war and this enables the volume to maintain its analytical focus on the dynamics of violence This book will be of much interest to students of European history civil wars political violence and International Relations in general Chapter 8 of this book is freely available as a downloadable Open Access PDF at http www taylorfrancis com under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license War Experiences in Rural Germany Benjamin Ziemann, 2011-01-01 World War I was a uniquely devastating total war that surpassed all previous conflicts for its destruction But what was the reality like on the ground for both the soldiers on the front lines and the women on the homefront Drawing on intimate firsthand accounts in diaries and letters War Experiences in Rural Germany examines this question in detail and challenges some strongly held assumptions about the Great War The author makes the controversial case for the blurring of front and homefront He shows that through the constant exchange of letters and frequent furloughs rural soldiers maintained a high degree of contact with their home lives In addition the author provides a

more nuanced interpretation of the alleged brutalizing effect of the war experience suggesting that it was by far not as complete as has been previously understood This pathbreaking book paints a vivid picture of the dynamics of total war on rural communities from the calling up of troops to the reintegration of veterans into society Kill Anything That Moves Nick Turse, 2013-01-15 Based on classified documents and first person interviews a startling history of the American war on Vietnamese civilians The American Empire Project Winner of the Ridenhour Prize for Reportorial Distinction Americans have long been taught that events such as the notorious My Lai massacre were isolated incidents in the Vietnam War carried out by just a few bad apples But as award winning journalist and historian Nick Turse demonstrates in this groundbreaking investigation violence against Vietnamese noncombatants was not at all exceptional during the conflict Rather it was pervasive and systematic the predictable consequence of official orders to kill anything that moves Drawing on more than a decade of research into secret Pentagon archives and extensive interviews with American veterans and Vietnamese survivors Turse reveals for the first time the workings of a military machine that resulted in millions of innocent civilians killed and wounded what one soldier called a My Lai a month Devastating and definitive Kill Anything That Moves finally brings us face to face with the truth of a war that haunts America to this day **Gendered Wars, Gendered Memories** Ayse Gül Altınay, Andrea Pető, 2016-04-06 The Introduction of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license available at http www taylorfrancis com books e 9781315584225 The twentieth century has been a century of wars genocides and violent political conflict a century of militarization and massive destruction It has simultaneously been a century of feminist creativity and struggle worldwide witnessing fundamental changes in the conceptions and everyday practices of gender and sexuality What are some of the connections between these two seemingly disparate characteristics of the past century And how do collective memories figure into these connections Exploring the ways in which wars and their memories are gendered this book contributes to the feminist search for new words and new methods in understanding the intricacies of war and memory From the Italian and Spanish Civil Wars to military regimes in Turkey and Greece from the Armenian genocide and the Holocaust to the wars in Abhazia East Asia Iraq Afghanistan former Yugoslavia Israel and Palestine the chapters in this book address a rare selection of contexts and geographies from a wide range of disciplinary perspectives In recent years feminist scholarship has fundamentally changed the ways in which pasts particularly violent pasts have been conceptualized and narrated Discussing the participation of women in war sexual violence in times of conflict the use of visual and dramatic representations in memory research and the creative challenges to research and writing posed by feminist scholarship Gendered Wars Gendered Memories will appeal to scholars working at the intersection of military war memory and gender studies seeking to chart this emerging territory with feminist curiosity **The Most Dangerous Animal** David Livingstone Smith, 2009-02-17 War Popular Experience and Cultural Representation of the Great War, 1914-1918 Ruth Larsen, Ian

Whitehead, 2017-11-06 This book considers the diversity of the experiences and legacies of the First World War looking at the actions of those who fought those who remained at home and those who returned from the arena of war It examines Edwardian ideals of gender and how these shaped social expectations of the roles to be played by men and women with regards to the national cause It looks at men's experiences of combat and killing on the Western Front exploring the ways in which masculine gender ideals and male social relationships moulded their experience of battle It shows how the women of the controversial White Feather campaign exploited traditional ideas of heroism and male duty in war to embarrass men into volunteering for military service The book also examines children s toys and recreation underlining how play helped to promote patriotic values in children and thus prepared boys and girls for the respective roles they might be called upon to make in war A strong sense of British identity and a faith in the superiority of British values customs and institutions underpinned the collective war effort The book looks at how even in captivity at the Ruhleben internment camp the British gave expression to this identity The book emphasises the extent to which this was a conflict in which Britain sought to defend and even extend its imperial dominion It also discusses how different political and cultural agendas have shaped the way in which Britain has remembered the War As such the book reflects the diversity of popular experience in the War both at home and in the empire Britain's entry into the War in 1914 helped to ensure that it became a truly global conflict The contributors here draw attention to the significant social cultural and political legacies for Britain and her empire of a conflict which one **Imagining Soldiers and Fathers in the** hundred years later continues to be the subject of considerable controversy Mid-Victorian Era Dr Susan Walton, 2013-04-28 Beginning with the premise that women s perceptions of manliness are crucial to its construction Susan Walton focuses on the life and writings of Charlotte Yonge as a prism for understanding the formulation of masculinities in the Victorian period Yonge was a prolific writer whose bestselling fiction and extensive journalism enjoyed a wide readership Walton situates Yonge's work in the context of her family connections with the army showing that an interlocking of worldly and spiritual warfare was fundamental to Yonge's outlook For Yonge all good Christians are soldiers and Walton argues persuasively that the medievalised discourse of sanctified violence executed by upright moral men that is often connected with late nineteenth century Imperialism began earlier in the century and that Yonge s work was one major strand that gave it substance Of significance Yonge also endorsed missionary work which she viewed as an extension of a father's duties in the neighborhood and which was closely allied to a vigorous promotion of refashioned Tory paternalism Walton's study is rich in historical context including Yonge's connections with the Tractarians the effects of industrialization and Britain's Imperial enterprises Informed by extensive archival scholarship Walton offers important insights into the contradictory messages about manhood current in the mid nineteenth century through the works of a major but undervalued Victorian author Trauma, Primitivism and the First World War Joy Porter, 2021-04-08 This book examines the extraordinary life of Frank Toronto Prewett and the history of trauma literary expression and the

power of self representation after WWI Joy Porter sheds new light on how the First World War affected the Canadian poet and how war induced trauma or shell shock caused him to pretend to be an indigenous North American Porter investigates his influence of and acceptance by some of the most significant literary figures of the time including Siegfried Sassoon Edmund Blunden Wilfred Owen and Robert Graves In doing so Porter skillfully connects a number of historiographies that usually exist in isolation from one another and rarely meet By bringing together a history of the WWI era early twentieth century history Native American history the history of literature and the history of class Porter expertly crafts a valuable contribution to the field Prisoners in War Sibylle Scheipers, 2010-02-25 The issue of prisoners in war is a highly timely topic that has received much attention from both scholars and practitioners since the start of the military operations in Afghanistan and Iraq and the ensuing legal and political problems concerning detainees in those conflicts This book analyses these contemporary problems and challenges against the background of their historical development It provides a multidisciplinary yet highly coherent perspective on the historical trajectory of legal and ethical norms in this field by integrating the historical analysis of war with a study of the emergence of the modern legal regime of prisoners in war In doing so it provides the first comprehensive study of prisoners detainees and internees in war covering a broad range of both regular and irregular wars from the crusades to contemporary counterinsurgency campaigns. The book revolves around two major developments First there has been a continuous increase in the political relevance of prisoners in war in particular since the emergence of POW camps in the nineteenth century Secondly and related the growth in the legal regime pertaining to prisoners had contradictory consequences Whilst it enhanced the protection of prisoners in regular conflicts its state centric bias tends to exclude combatants who do not fit the template of regular inter state war Detainees in the war on terror embody both tendencies the development of which however is by no means a novel phenomenon This book is a project of the Oxford Leverhulme Programme on the Changing Character of War

This is likewise one of the factors by obtaining the soft documents of this **Intimate History Of Killing** by online. Intimate History Of Killing Introduction

In the digital age, access to information has become easier than ever before. The ability to download Intimate History Of Killing has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Intimate History Of Killing has opened up a world of possibilities. Downloading Intimate History Of Killing provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Intimate History Of Killing has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Intimate History Of Killing. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Intimate History Of Killing. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Intimate History Of Killing, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Intimate History Of Killing has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Intimate History Of Killing Books

What is a Intimate History Of Killing PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. How do I create a Intimate History Of Killing PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. How do I edit a Intimate History Of Killing PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. How do I convert a Intimate History Of Killing PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. How do I password-protect a Intimate History Of Killing PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any

restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
