Clark Companion to Atonement Adam J. Johnson,2017-07-27 The T T Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation. Most edited volumes on this doctrine focus on one aspect of the work of Christ for example Girard Feminist thought Penal Substitution or divine violence. The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection. The essays are divided into four main sections: 1 dogmatic location 2 chapters on the Old and New Testaments 3 major theologians and 4 contemporary developments. The first set of essays explore the inter relationship between the atonement and other Christian doctrines for example Trinity Christology and Pneumatology opening up yet further avenues of inquiry. Essays on key theologians eschew reductionism striving to bring out the nuances and breadth of the contribution. The same is true of the biblical essays. The final section explores more recent developments within the doctrine for example the work of Rene Girard and the ongoing reflection on Holy Saturday. The book is comprised of 18 major essays and an A-Z section containing shorter dictionary length entries on a much broader range of topics. The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the doctrine. **The Homilist; or, The pulpit for the people, conducted by D. Be Still and Know Millie Stamm,1981-09 These daily devotional readings from Millie Stamm will encourage you in your Christian life throughout the year. Feeling Singular Ben Bascom,2024 Feeling Singular reconceives the Early Republic period of the United States by presenting the forgotten and queer stories of a series of marginal even eccentric figures in the republican United States. Through closely reading a range of texts from manuscripts to hastily printed books and from phonetically spelled pamphlets to sexually explicit broadsides Bascom uses the language of queer studies to understand what made someone singular in the early United States and how that singularity points at the ruptures in social codes that get normalized through historical analysis. Heart Almanac Expository and Curriculum Donald R. Downing,2008-12 Human life is governed by the heart. The physical heart sustains the body by pumping life giving blood to every organ and cell. The spiritual heart on the other hand is God's dwelling place on earth. Our success or failure in life depends not upon material wealth or social status but upon the condition of our spiritual heart. Everyone without exception needs a new heart from God clean and right before Him because without a new heart there cannot be a new life. The heart holds the keys of life. Downing's Heart Manual is biblically and scripturally based to help students know their own hearts and enable them to meet the challenges of life from a heart perspective. This 2 year study guide is designed to help students and teachers broaden their knowledge of the heart and of how to love the Lord with all of their heart which is the first and greatest commandment Matthew 22:37-38. Knowledge of our heart is very important.

because out of the heart flow the issues of life Proverbs 4 23 In Hosea 4 6 God says My people are destroyed for lack of knowledge Spiritual heart knowledge God s heart as well as our own is essential for eternal life This one of a kind heart manual will guide students on an intimate journey into the very heart of God Dr Donald R Downing a heart physician and specialist for God has been writing and teaching on the heart for over 21 years The author of over seven books on the heart he believes that the greatest need of the church today is for leaders who are also spiritual heart specialists and physicians and who have pure and clean hearts before God
