## **Journey For Myself Selfish Memories:**

*Colette* Nicole Ward Jouve, 1987 Though Colette's novels have been thought sentimental and she herself has earned a certain notoriety as a decadent sensualist Nicole Ward Jouve argues that we need to look closely at Colette's work again and with the hindsight of feminist theory to rediscover that inimitable talent for the inscription of sensual and familial pleasure

**Journey for Myself** Colette, 1972 *Colette's Republic* Patricia A. Tilburg, 2009 In France's Third Republic secularism was for its adherents a new faith a civic religion founded on a rabid belief in progress and the Enlightenment conviction that men and women could remake their world And yet with all of its pragmatic smoothing over of the supernatural edges of Catholicism the Third Republic engendered its own fantastical ways of seeing by embracing observation corporeal dynamism and imaginative introspection How these republican ideals and the new national education system of the 1870s and 80s the structure meant to impart these ideals shaped belle poque popular culture is the focus of this book The author reassesses the meaning of secularization and offers a cultural history of this period by way of an interrogation of several fraught episodes which although seemingly disconnected shared an attachment to the potent moral and aesthetic directives of French republicanism a village's battle to secularize its schools a scandalous novel a vaudeville hit featuring a nude celebrity and a craze for female boxing Beginning with the writer and performer Colette 1873 1954 as a point of entry this re evaluation of belle poque popular culture probes the startling connections between republican values of labor and physical health on the one hand and the cultural innovations of the decades preceding World War I on the other The Art of the Text Susan R Harrow, 2013-09-15 The Art of the Text contributes to the fast developing dialogue between textual studies and visual culture studies It focuses on the processes through which writers think and readers respond visually and in essays by researchers in literature screen and visual studies the volume explores the viscosity of the literary and non literary text with a sustained focus on French material of the later nineteenth and twentieth centuries Visuality is appraised here not as a state but as a set of processes of adaptation resistance negotiation and transformation By reading visually the contributors here reactivate the visual textual relations of canonical texts from Romanticism to Naturalism Surrealism to high Modernism from film to fan literature television to picture language **Counter-Archive** Paula Amad, 2010-09-23 Tucked away in a garden on the edge of Paris is a multimedia archive like no other Albert Kahn's Archives de la Plan te 1908 1931 Kahn's vast photo cinematographic experiment preserved world memory through the privileged lens of everyday life and Counter Archive situates this project in its biographic intellectual and cinematic contexts Tracing the archive's key influences such as the philosopher Henri Bergson the geographer Jean Brunhes and the biologist Jean Comandon Paula Amad maps an alternative landscape of French cultural modernity in which vitalist philosophy cross pollinated with early film theory documentary film with the avant garde cinematic models of temporality with the early Annales school of history and film's appropriation of the planet with human geography and colonial ideology At the heart of the book is an insightful meditation upon the transformed

concept of the archive in the age of cinema and an innovative argument about film's counter archival challenge to history The first comprehensive study of Kahn's films *Counter Archive* also offers a vital historical perspective on debates involving archives media and memory

**The Force of Beauty** Holly Grout, 2015-05-13 The market for commercial beauty products exploded in Third Republic France with a proliferation of goods promising to erase female imperfections and perpetuate an aesthetic of femininity that conveyed health and respectability While the industry's meteoric growth helped to codify conventional standards of womanhood *The Force of Beauty* goes beyond the narrative of beauty culture as a tool for sociopolitical subjugation to show how it also targeted women as important consumers in major markets and created new avenues by which they could express their identities and challenge or reinforce gender norms As cosmetics companies and cultural media from magazines to novels to cinema urged women to aspire to commercial standards of female perfection beauty evolved as a goal to be pursued rather than a biological inheritance The products and techniques that enabled women to embody society's feminine ideal also taught them how to fashion their bodies into objects of desire and thus offered a subversive tool of self expression Holly Grout explores attempts by commercial beauty culture to reconcile a standard of respectability with female sexuality as well as its efforts to position French women within the global phenomenon of changing views on modern womanhood Grout draws on a wide range of primary sources hygiene manuals professional and legal debates about the right to fabricate and distribute medicines advertisements for beauty products and contemporary fiction and works of art to explore how French women navigated changing views on femininity Her seamless integration of gender studies with business history aesthetics and the history of medicine results in a textured and complex study of the relationship between the politics of womanhood and the politics of beauty

**Toksvig's Almanac 2021** Sandi Toksvig, 2020-11-12 Fierce funny and long overdue I read this book out loud to anyone who'd listen Adam Kay Toksvig's *Almanac* is intended merely as a starting point for your own discoveries Find a fabulous or infamous woman mentioned and please go looking for more of her story The names mentioned are merely temptations Amuse bouches for the mind if you like How I would have loved to have written out in detail each tale there is to be told but then this book would have been too heavy to lift Let Sandi Toksvig guide you on an eclectic meander

through the calendar illuminating neglected corners of history to tell tales of the fascinating figures you didn't learn about at school. From revolutionary women to serial killers, pirate nuns to pioneering civil rights activists, doctors to dancing girls, artists to astronauts, these pages commemorate women from all around the world who were pushed to the margins of historical record. Amuse your bouche with Belle Star, American Bandit Queen Lady Murasaki, author of the world's first novel, Madame Ching, the most successful pirate of all time, Maud Wagner, the first female tattoo artist, Begum Samru, Indian dancer and ruler who led an army of mercenaries, Inés de Castro, crowned Queen Consort of Portugal six years after her death, Ida B. Wells, activist, suffragist, journalist, and co-founder of the NAACP, Eleanor G. Holm, disqualified from the 1936 Berlin Olympics for drinking too much champagne. These stories are interspersed with helpful tips for the year, such as the month in which one is most likely to be eaten by a wolf and the best time to sharpen your sickle. Explore a host of annual events worth travelling for, from the Olney Pancake Race in Wiltshire to the Danish Herring Festival, or who would want to miss Serbia's World Testicle Cooking Championship. As witty and entertaining as it is instructive, Toksvig's Almanac is an essential companion to each day of the year. *FMR*, 1986-08

**French Women Writers** Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France, Mme De S. vign and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters, translations, religious tracts, and miscellaneous fragments. There were obstacles, but French women writers were more or less sustained and empowered by the French culture. Often unconventional in their personal lives and occupied with careers besides writing as educators, painters, actresses, preachers, salon hostesses, labor organizers, these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world. French Women Writers describes the lives and careers of fifty-two literary figures from the twelfth century to the late twentieth. All the contributors are recognized authorities. Some of their subjects, like Colette and George Sand, are celebrated, and others are just now gaining critical notice. From Christine de Pizan and Marguerite de Navarre to Rachilde and H. I. ne Cixous, from Louise Labé to Marguerite Duras, these women speak through the centuries to issues of gender, sexuality, and language. French Women Writers now becomes widely available in this Bison Book edition.

**Recollections** Colette, 1986

Popular Music Roman Iwaschkin, 2016-04-14 This is a comprehensive guide to popular music literature, first published in 1986. Its main focus is on American and British works, but it includes significant works from other countries, making it truly international in scope.

*Dorotka's Journey* Elia Villarreal, 2019-01-15 Inspired by real events, Dorotka's Journey tells the story of a Polish girl who, against her will, immigrated to Texas in 1867 with her physician father and her grandmother. Through her diary, the seventeen-year-old records her sea voyage onboard a ship from Germany to Galveston and traveling by horse-drawn carriage through the mainland to San Antonio. She describes the contrasting lifestyle they must embrace in the rough frontier as something so different from the one they left behind. Eventually, Dorotka finds her way and discovers within herself a yearning for something greater than a simple existence in
