*The Long Journey Home* Maudy G. Testro-Meijer, 2024-08-19 The story of Harry and Christine Meijer on its face is not unique Throughout history countless individuals have endured immense physical and psychological trauma as a result of war and authoritarian regimes These tyrannical leaders motivated by a desire for absolute control and subjugation of the population inflicted immense suffering upon civilian populations Born in a country under colonial rule Harry and Christine in their formative years were undoubtedly marked by a confluence of economic and cultural challenges However the true crucible of their lives emerged at the dawn of their adulthood when they were confronted with adversities of unimaginable magnitude Their narrative encompasses the reality of lingering PTSD suffered by Harry and Christine which significantly impacted their nine children during tumultuous migrations across three continents demanding constant adaptation to unfamiliar cultures and languages Despite facing these significant hardships the remarkable resilience and ultimate triumph over adversity stands as a powerful testament to the human spirit's capacity for perseverance Grounded in meticulous historical detail and enriched with poignant anecdotes this work offers readers the opportunity to glean novel insights into the hardships endured by millions in the South Pacific during World War II and also serves as a source of inspiration for overcoming their own challenges *The Long Journey Home* Jean Farish, 2014-02-20 This book is a story about an

adventurous and mystical journey inspired by my immersion in a foreign culture on a six month assignment in the Orient with an unexpected secret destination awakening to the true essence of life and divine love Disillusioned with society's standards for success and happiness personal life challenges and a desire to express my gifts and talents to the world I welcomed this life changing journey Obsession with the past and excessive concern about the future often disengaged me from the present moment with a desire to search for some transcendent meaning in life The geographic change integration within a multi ethnic and multi religious culture and a new lifestyle enabled me to engage in more passionate and intimate expressions of

life Experiencing the charitable spirit of the culture marveling at the mysteries and wonders of the land communing with nature and engaging in cultural rituals stirred my heart and awakened me to the beauty of life and a peace beyond understanding It enabled me to build self confidence trust and experience unconditional love Being faraway from home the realization of the true meaning of home became more profound with the revelation of a meaningful gift revealed at the end of the journey The book highlights the spectrum of love in the 1880 classic *The Greatest Thing in the World* by Henry Drummond including patience kindness generosity humility courtesy unselfishness good temper guilelessness and sincerity These ingredients laid the foundation for transcending culture and language a renewed sense of self conscious living and a heightened awareness of divine love
