Palinuro of Mexico Fernando del Paso, 1996. Like those writers to whom he has been compared Fuentes Garcia Marquez James Joyce and Rabelais del Paso draws upon myth science and world literature to expand his particular story to universal proportions. Telling the story of a medical student who is engaged in an incestuous affair with his cousin the novel satirizes advertising politics pornography and mythology while at the same time celebrating the body with a thoroughness that only a student of medicine could manage.

*The Rise and Fall of Paradise* I. K. Fleming, 2015-12-14. Paradise or the ordered universe or the cosmos began with the discovery of time and its revelation that the universe operates according to universal laws. As Earth's people endeavored to live in harmony with these newfound principles Paradise evolved into a religion as well as a science and its truths were meticulously recorded in the myths and symbols that are the archives of preliterate peoples worldwide. The Rise and Fall of Paradise follows Paradise from its distant prehistoric beginnings through the many millennia of its evolution to its destruction in the Fall. Though now deemed irretrievably lost enough of the ancient Paradise's scattered symbolism survives to offer an alternative perspective on how life might be lived on this Earth.

**Nārādīya Dharmasāstra** Nārada, 1876. *Moorish Circle* 7 Keith Moore 32, 2005-05-04. This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order. In the early decades of the 20th century Noble Drew Ali established a political and religious organization known today as the Moorish Science Temple of America. It was this organization that exposed black people to something other than the normal Christian influences of that day. Ali, a high degree freemason, incorporated various Masonic teachings from an auxiliary group known as the AEAONMS, ancient Egyptian Arabic order of noble of the mystic shrine. A pseudo Islamic Arabic oriental organization that served as a wake up call to a lost knowledge, a knowledge that was taken away from Africans during the slave trades. The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims and these Muslims were forced to convert to Christianity under the strong oppression of slavery. At one time Afro Americans were the biggest minority in the American society. About 90% of the today's population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century. At the beginning of the 19th century most of the so called Negroes lived in the plantation areas of the Southern States. After the Civil War and the abolition of slavery it wasn't until the early 1920s and 30s that blacks were beginning to experiment with other faiths. Of all the faiths Islam became the fastest growing religion and the most popular. This book by far is in no way a research into black history; instead it covers a more deeper aspect of history in which I call the history behind the history. It explores the true Asiatic origins of the ancient religions of Hinduism Buddhism well as the Islamic faith. Finally It explores the

Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older they possess more sources of knowledge spiritual salvation Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live One alternative has been to seek knowledge in the various religious groups that arose in the 20th century Principles and Precedents of Hindu Law, Being a Compilation of Primary Rules Relative to the Doctrine of Inheritance, Contracts, and Miscellaneous Subjects and a Selection of Legal Opinions ...
