Advocate of Peace Through Justice, 1920 **Johnson's Journey to the Western Islands of Scotland** Samuel Johnson, 1924 *A Sentimental Journey Through France and Italy* Laurence Sterne, 1904 *A Sentimental Journey Through France & Italy* Laurence Sterne, 1926 *A Sentimental Journey Through France and Italy* is a novel by Laurence Sterne written and first published in 1768 as Sterne was facing death. In 1765 Sterne travelled through France and Italy as far south as Naples and after returning determined to describe his travels from a sentimental point of view. The novel can be seen as an epilogue to the possibly unfinished work *The Life and Opinions of Tristram Shandy Gentleman* and also as an answer to Tobias Smollett's decidedly unsentimental *Travels Through France and Italy*. Sterne had met Smollett during his travels in Europe and strongly objected to his spleen, acerbity and quarrelsomeness. He modelled the character of Smelfungus on him. The novel was extremely popular and influential and helped establish travel writing as the dominant genre of the second half of the 18th century. Unlike prior travel accounts which stressed classical learning and objective non-personal points of view, *A Sentimental Journey* emphasized the subjective discussions of personal taste and sentiments of manners and morals over classical learning. Throughout the 1770s female travel writers began publishing significant numbers of sentimental travel accounts. Sentiment also became a favourite style among those expressing non-mainstream views including political radicalism. **A sentimental journey through France and Italy, with an intr. by H.
