Canada is often called a pluralist state but few commentators view Aboriginal self government from the perspective of political pluralism Instead Aboriginal identity is framed in terms of cultural and national traits while self government is taken to represent an Aboriginal desire to protect those traits Shifting Boundaries challenges this view arguing that it fosters a woefully incomplete understanding of the politics of self government Taking the position that a relational theory of pluralism offers a more accurate interpretation Tim Schouls contends that self government is better understood when an identification perspective on Aboriginal identity is adopted instead of a cultural or national one He shows that self government is not about preserving cultural and national differences as goods in and of themselves but rather is about equalizing current imbalances in power to allow Aboriginal peoples to construct their own identities In focusing on relational pluralism Shifting Boundaries adds an important perspective to existing theoretical approaches to Aboriginal self government It will appeal to academics students and policy analysts interested in Aboriginal governance cultural studies political theory nationalism studies and constitutional theory **Sacred Inner Trails** Christine Chiechi,2020-06-01 Sacred Inner Trails is a soul touching and powerfully healing collection of guided imagery meditations It is a map leading to one destination a sense of wholeness well

being and joy Each journey compassionately takes the reader along a trail of hurt and heartbreak then gently allows them to examine and validate the many emotions of what they have experienced Before ever setting out they mentally pack a backpack of those things to contemplate along their journey They are given the opportunity to write about what they want to come of these experiences before they set out along the trail to find answers Each journey has a different theme using powerful symbolism in nature that represents the challenges and feelings of the reader On every sacred trail the reader meets themselves with compassion yet as strong and determined walking forward confidently through difficulties and ultimately meeting success This book leads the reader down a trail of self realization learning to let go trusting themselves giving forgiveness when ready and accepting what has happened has happened The journeys elicits a strong sense of self love and belief in oneself to overcome anything It gives hope and leads them to a destination of experiencing the benefits of each journey and the joy of what is yet to come
