*Journeys Beyond Gubuluwayo*. Roberts, R.S., 2017-01-24 The publication of these letters of Fathers Depelchin and Croonenberghs completes the rendition into English of the original two volume work in French by these Jesuits of the Zambesi Mission The first volume of letters marked the centenary of their arrival in what is now Zimbabwe and described the missionaries journey up from Grahamstown in the Eastern Cape and the establishment of a mission house near Lobengula s capital This second volume continues the story of the Mission from 1880 The letters are the record of the trials and tribulations they suffered in their over ambitious plans for expansion beyond Gubuluwayo to the east in Mzila s Gazaland another Nguni migrant state like that of Lobengula s Ndebele for the Middle Zambezi among the stateless Tonga and for the upper Zambezi in Lewanika s recently restored Lozi kingdom The book ends on a note of failure after much loss of life despite their courage and fortitude

**Journey Beyond: A Non-Dual Approach** Acharya Dr. Kuntimaddi Sadananda, 2019-09-05 Everyone is searching for everlasting happiness Yet none can find it by pursuit at the same time none can stop the pursuit This seems to be the tragedy of human life nay the life of every being Every pursuit is limited space wise time wise and object wise Any pursuit that is limited cannot give everlasting happiness Some promise eternal happiness after death if one follows their path Yet no one has returned to claim that they achieved it by following that path One sage declares that truth is a pathless land Vedanta ascertains that the truth is beyond the space time object wise limitations and you are that truth tat tvam asi The journey beyond space and time limitations is the central theme of the discussions in this text

Journey Beyond Linear Time Raphael Jara, 2016-11-28 What would it be like to transcend the limitations on planet earth How intriguing would it be to experience life through a higher mind with significantly broader experiences than you ever imagined Journey Beyond Linear Time reveals that heaven is neither up there nor out there somewhere Instead it is right here where we stand The author has walked on this earth in pure spirit multiple times in this incarnation He has seen inside others and recognized their scars their pain and the troubles they bore He has had divine experiences right here on earth which most would consider out of this world And he has been inside the massive and expansive energy field we refer to as God He states that it exists it is substantive and it is where we come from The author of Journey Beyond Linear Time Raphael Jara was born spiritually awake and is now sharing some of his own extraordinary experiences here on earth He takes the reader on a journey through our earthly indulgence in simple mind and opens the pathway for us to realize who we truly are And that realization will bring us to the truth of our existence and the reason for which we take this journey to the denseness of planet earth He states A profound truth is that we are multidimensional beings having a human experience with the ability to transform ourselves from our limiting human capacity into our divine essence with capabilities beyond the imagined And with this higher level of consciousness we can then live our lives through truth and not through the unconsciousness that appeases the simple mind Our capability far transcends our human limitations for we are the expressions of the universal self

*The Silent Epidemic: A Child Psychiatrist's Journey beyond Death Row: Understanding, Treating, and Preventing Neurodevelopmental Disorder Associated with Prenatal Alcohol Exposure* Susan D. Rich, MD, MPH, 2016-06-15 This book addresses a critical public health problem in America: the leading preventable cause of birth defects, neurodevelopmental disorders, and intellectual disability, prenatal alcohol exposure. Dr. Rich provides insight into the prevalence of neurodevelopmental disorder associated with prenatal alcohol exposure (ND PAE) among juveniles accused of violent crimes in neighborhoods where America's least valued citizens reside and even in upper middle class communities. The problem develops as early as the first three weeks of pregnancy when many women are unaware that they are pregnant. With appropriate diagnosis and treatment, affected individuals can avoid a lifetime of lost potential from substance use disorders, incarceration, unemployment, and homelessness. From her broad psychiatric, forensic, and public health experience, Dr. Rich has crafted a reasoned, passionate argument for communities and professionals to unite in ending an epidemic that currently affects one in twenty American children.
