Jovem Portugal:

The Groupuscular Far-Right in Portugal Gabriel Fernandes Rocha Guimarães, 2024-05-14 This book analyzes two types of nationalisms that are represented by the Portuguese groupuscular right that is the extra party right One faction is guided by ethnonationalism and nativism looking at Portugal through an ethnically European prism Small groups fight for a white Portugal linked to an imagined white world rooted in ideas such as race and biology following models from the US The other faction looks for a future in a non European confederation and wants Portuguese citizenship for non European groups originating from the former colonies while maintaining ties with the Portuguese extreme right notably the one that comes from the Salazar right wing dictatorship Estado Novo 1926 1974 This faction suggests addressing questions of immigration by accepting immigration of non European people from former imperial space and by initiating a confederation of countries in which Portugal is the only state with a white majority Guimarães analyzes the means of communication of these two factions the language they use to articulate their viewpoints and the worldviews of various groups in Portugal He argues that the far right in Portugal is a space filled with radical styles of nationalism

Portrayals of Antigone in Portugal gathers a collection of essays on the Portuguese drama rewritings of this Theban myth produced in the 20th and 21st centuries. For each of the cases analysed, the Portuguese historical, political and cultural context is described. This perspective is expanded through a dialogue with coeval European events. As concerns Portugal, this results principally in political and feminist approaches to the texts. Since the importation of the Sophoclean model is often indirect, the volume includes comparisons with intermediate sources, namely French Cocteau, Anouilh and Spanish Mar a Zambrano, which were extremely influential on the many and diversified versions written in Portugal during this period. International encyclopedia of adolescence, Jeffrey Jensen Arnett, 2007. Publisher description. **Requerentes e Beneficiários de Proteção Internacional em Portugal**, Catarina Reis Oliveira, 2022-06-20. Reconhecendo que o volume de pessoas deslocadas contra a sua vontade atingiu desde 2015 valores ineditos no mundo, com muito rapidez evoluiu o em consequência de guerras, conflitos armados ou violação dos direitos humanos e que Portugal, apesar de não se destacar como um destino de refugiados, não esteve alheio a esta nova realidade migratória, tendo densificado a entrada de requerentes e beneficiários de proteção internacional no país. O Observatório das Migrações OM lançou esta nova linha editorial da Coleção Imigração em Números de Relatórios Estatísticos do Asilo anuais, Requerentes e Beneficiários de Proteção Internacional em Portugal, com coordenação científica de Catarina Reis Oliveira. De forma geral, claro que os movimentos de requerentes e de beneficiários de proteção internacional da última década na Europa, incluindo Portugal, têm colocado profundos desafios ao regime de direitos humanos e aos enquadramentos legais existentes. O panorama legal e institucional internacional e nacional são amplos e complexos, tendo sido revistos e aprofundados nos últimos anos, em especial desde 2015, integrando a intervenção de múltiplos atores, com quadros de competências e de articulação complexos e variáveis em função dos mecanismos de entrada e de pedido de proteção internacional e de pedidos espontâneos ou entradas ao abrigo de mecanismos europeus, como o da reinstalação, da recolocação ou ainda da recolocação ad hoc de barcos humanitários. O melhor conhecimento acerca da entrada, do acolhimento e da integração dos requerentes e beneficiários de proteção internacional é essencial para a definição e aprofundamento de políticas e respostas públicas, sendo por isso desafiado pela falta de dados e pela dispersão de informação por múltiplas instituições, com critérios distintos de recolha. Assim, reconhecem-se desafios, monitoriza o sistema desta realidade e identificam-se lacunas na compreensão de como se processa e evolui a entrada, o acolhimento e a integração de requerentes e beneficiários de proteção internacional ao
