Joys And Challenges Of Middle Ages:

Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes Aging with Joy and Impact Jerry Black, 2021-07-26 If you belong to the baby boomer generation and there are seventy six million of us this book is targeted at you Whether you attend church or not this book is for you If you grew up fearing an angry God and hell if you sinned this book is for you If you have that Catholic Jewish or other guilts about life you will find this book comforting reassuring and encouraging If retirement today leaves you feeling unwanted unneeded or without purpose this book is for you Belonging to a religion and attending services has been a way for many to check something off their get to heaven list Going through the motions might fool our brains but not our hearts As baby boomers 1946 1964 most of us were brought up in a religious environment that stressed obeying all the rules or an angry God would send us to hell As imperfect human beings this formula did not work well for us Guilt has flourished for decades in many religions that turned us into mechanical law observers missing the central facet of religion that God is love and mercy and Jesus is our model I have expanded on the two actually three great commandments to give you practical applications on how in the third half of your spiritual life you can find joy in your heart and positively impact others Enjoy my story as well as the stories of sixteen other seniors who have found joy while making positive impact on others **Power and Pleasure** Hugh M. Thomas, 2020-11-19 Although King John is remembered for his political and military failures he also resided over a magnificent court Power and Pleasure reconstructs life at the court of King John and explores how his court produced both pleasure and soft power Much work exists on courts of the late medieval and early modern periods but the jump in record keeping under John allows a detailed reconstruction of court life for an earlier period Power and Pleasure Court Life under King John 1199 1216 examines the many facets of John s court exploring hunting feasting castles landscapes material luxury chivalry sexual coercion and religious activities It explains how John mishandled his use of soft power just as he failed to exploit his financial and military

advantages and why he received so little political benefit from his magnificent court John's court is viewed in comparison to other courts of the time and in previous and subsequent centuries Multilingualism in the Middle Ages and Early Modern Age Albrecht Classen, 2016-09-12 Bi and multilingualism are of great interest for contemporary linguists since this phenomenon deeply reflects on language acquisition language use and sociolinguistic conditions in many different circumstances all over the world Multilingualism was however certainly rather common already if not especially in the premodern world For some time now research has started to explore this issue through a number of specialized studies The present volume continues with the investigation of multilingualism through a collection of case studies focusing on important examples in medieval and early modern societies that is in linguistic and cultural contact zones such as England Spain the Holy Land but also the New World As all contributors confirm the numerous cases of multilingualism discussed here indicate strongly that the premodern period knew considerably less barriers between people of different social classes cultural background and religious orientation But we also have to acknowledge that already then human communication could fail because of linguistic hurdles which prevented mutual understanding in religious and cultural terms **An Intentional Life** ANDREW FITZ-GIBBON, 2012-10 Author Andrew Fitz Gibbon writes These musings are something of a window on my spiritual and philosophical journey The journey did not begin recently nor does it end with the last of these reflections These serve as but a glimpse into my personal odyssey Though these reflections are not in any way polished philosophy nor systematic theology the careful reader will be able to piece together what I think about metaphysics what is the case epistemology how we know what we think we know ethics how we ought to live and aesthetics what is beautiful and why I comment also on understandings of God Christ Christianity the Buddha Daoism and interfaith dialogue Women in Christianity in the Medieval Age Laura Kalas, Roberta Magnani, 2024-12-10 This volume offers a comprehensive introduction to and investigation of the multivocality of women's experience in the Middle Ages In medieval Europe women saw their role in the Christian Church and society progressively confined to conflicting models of femininity epitomised by the dichotomy of Eve Mary Classical views of gender predicated on misogynistic dichotomies which confined women to matter and the corruption of the flesh were consolidated in powerful male dominated clerical institutions and widely disseminated Towards the end of the Middle Ages however women's corporeality and somatic spirituality contributed to and influenced burgeoning modes of piety centred around the cult of the Virgin Mary and the veneration of the suffering body of Christ on the Cross This shift in devotional practices afforded women as bodily beings the space for an increased level of self expression self realisation and authority Ranging from philosophical and theological enquiry to education and art as well as medical sciences and popular beliefs the essays in this collection account for the complexities and richness of the conceptualisations and lived experiences of medieval Christian women The book will be especially relevant to students and scholars of religion and history with an interest in medieval studies and gender Whilst expounding the key strands of thinking in the field it engages with and

Ethics and Enjoyment in Late Medieval Poetry Jessica Rosenfeld,2010-12-02 Jessica Rosenfeld provides a history of the ethics of medieval vernacular love poetry by tracing its engagement with the late medieval reception of Aristotle Beginning with a history of the idea of enjoyment from Plato to Peter Abelard and the troubadours the book then presents a literary and philosophical history of the medieval ethics of love centered on the legacy of the Roman de la Rose The chapters reveal that courtly love was scarcely confined to what is often characterized as an ethic of sacrifice and deferral but also engaged with Aristotelian ideas about pleasure and earthly happiness Readings of Machaut Froissart Chaucer Dante Deguileville and Langland show that poets were often markedly aware of the overlapping ethical languages of philosophy and erotic poetry The study s conclusion places medieval poetry and philosophy in the context of psychoanalytic ethics and argues for a re evaluation of Lacan s ideas about courtly love
