1935 is the heroic and controversial leader of the reconstituted Poland that emerged out of World War I. He was a revolutionary who defeated the Red Armies outside of Warsaw and although he never held an elected office, he placed his personal stamp on the development of the Pre War Polish Republic. In some ways, he was a visionary for the era. A Federation of Eastern States, free education, woman's suffrage, he also was responsible for a dominant military presence and a coup against the elected government. Dr. Lenkiewicz examines the life of this hero of Poland based on original documentation and people who knew him.
