Antiquarian Bookman, 1956 **More Short Stories by Bootheel Will** Bootheel Will, 2010-01-25 **Hitler's Beneficiaries** Götz Aly, 2007-01-09 Publisher Description *The Luther Myth* Patrick Hayden-Roy, 2024-10-31 In the period from the close of the Napoleonic Wars up through the immediate post World War II era the image of Martin Luther was transposed in Germany from a religious reformer and advocate of freedom to a symbol of völkisch nationalist identity such that with the seizure of power by the Nazis Luther was used to portray a symbiosis between the new regime and the tradition of Protestant religiosity The Luther Myth traces the evolution of this image within the environment of nineteenth and twentieth century German nationalist sentiment looking particularly at how Protestant Germans styled Luther to affirm the essentialist racial identity politics of the Nazis the cult of authoritarian leadership around Adolf Hitler the drive to impose state control over all competing sources of authority and the victimizing of German Jews In doing so it sheds new light on why Nazism was able to co-opt German Protestantism as a source for legitimizing its seizure of power despite the fact that the animating core of Nazi ideology was radically subversive in relation to traditional Christian piety Using evidence drawn from not only theological works and literary and philosophical sources but also speeches theatrical works public celebrations and monuments it pulls together the narrative of development and connects it over the longer term offering an original contribution to scholarship on the topic and allowing readers a format for considering how similar dynamics are still at work in contemporary society and culture **For Revolution** Margaret Siu, 2015-08-15 Writing and artwork anthology created by high school student Margaret Siu reflects and explores the definition of revolution via different subjects including nature character and thought *Before* Joseph Hurka, 2014-09-02 Over one September night on their small suburban street the neighbors of Joseph Hurka's novel *Before* connect Whether they're strangers acquaintances or ultimately closest allies the familiar residents of a street in Hurka's Cambridge Massachusetts fascinate and terrify and Hurka's debut novel offers us the

depths of their strange and secret lives Seventy three year old Jiri Posselt and his wife Anna are survivors of the Nazi horror in Czechoslovakia they have befriended a neighbor named Tika LaFond a college student who has faced great challenges of her own And as night descends we meet another character a man who enters the apartments of neighborhood women when they aren't home taking a peculiar inventory of their lives We discover why this ghostly man haunted terribly by his past is so twisted When he becomes increasingly violent and in the early hours of morning fixes his attention exclusively on Tika it will fall to Jiri Posselt weakened by age but an utterly determined soul to help his young friend As we come to know the characters of Before through their own memories we begin to understand their lives before terror affected them As their lives converge we see how good can work in the face of evil And as they come to understand fully their own pasts in this thrilling and meticulously crafted fiction we realize how the absolute power of knowledge and redemption can counter the true birthplaces of terror
