Judaism And Theology:

Doing Jewish Theology Rabbi Neil Gillman, PhD, 2011-02-07 An Intellectually Rich and Challenging Exploration of Modern Jewish Theology How we deal with revelation determines how we handle the issue of authority in belief and practice How we understand authority determines how we deal with the claims of the tradition on us how we deal with those claims determines how we shape our own Judaism That conclusion opens the gate to a reconsideration of all of Judaism's theology in particular how we understand God for God is at the heart of Torah from the Introduction With clarity and passion award winning teacher author and theologian Neil Gillman captures the power of Jewish theological claims and reveals extraordinary insights into Jewish identity the purpose of religion and our relationship with God Drawing from Judaism's sacred texts as well as great thinkers such as Mordecai Kaplan Abraham Joshua Heschel and Paul Tillich Gillman traces his theological journey over four decades of study beginning with his own understanding of revelation He explores the role of symbol and myth in our understanding of the nature of God and covenant He examines the importance of community in both determining authority and sanctifying sacred space By charting the development of his own personal theology Gillman explores the evolution of Jewish thought and its implications for modern Jewish religious identity today and in the future

Toward a Jewish Theology of Liberation Marc H. Ellis, 1989 **Toward a Jewish Theology of Liberation** Marc H. Ellis, 2004 Turmoil still grips the Middle East and fear now paralyzes post 9 11 America The comforts and challenges of this book are thus as timely as when first published in 1987 With new reflections on the future of Judaism and Israel Ellis underscores the enduring problem of justice Ellis use of liberation theology to make connections between the Holocaust and contemporary communities from the Third World reminds both Jews and oppressed Christians that they share common ground in the experiences of abandonment suffering and death The connections also reveal that Jews and Christians share a common cause in the battle against idolatry represented now by obsessions for personal affluence national security and ethnic survival According to Ellis Jews and Christians must never allow the reality of anti-Semitism to become an excuse for evading solidarity with the oppressed peoples be they African Asian Latin American or especially Palestinian Archbishop Desmond Tutu winner of the Nobel Peace Prize and author of *God Has a Dream* **Jewish Theology** Kaufmann Kohler, 1968

Religious Truth Alon Goshen-Gottstein, 2020-04-02 Truth informs much of the self understanding of religious believers Accordingly understanding what we mean by truth is a key challenge to interreligious collaboration The contributors to this volume all leading scholars consider what is meant by truth in classical and contemporary Jewish thought and explore how making the notion of truth more nuanced can enable interfaith dialogue Their essays take a range of approaches some focus on philosophy proper others on the intersection with the history of ideas while others engage with the history of Jewish mysticism and thought Together they open up the notion of truth in Jewish religious discourse and suggest ways in which upholding a notion of one's religion as true may be reconciled with an appreciation of other faiths By combining philosophical

and theological thinking with concrete case studies and discussion of precedents and textual resources within Judaism the volume proposes new interpretations of the concept of truth going beyond traditional exclusivist uses of the term A key aim is to help Jews seeking dialogue with other religions to do so while remaining true to their own faith tradition in pursuit of this the volume concludes with suggestions of how the ideas presented can be applied in practice CONTRIBUTORS Cass Fisher Jerome Yehuda Gellman Alon Goshen Gottstein Avraham Yizhak Arthur Green Stanislaw Krajewski Tamar Ross **A**

Theology of the Jewish-Christian Reality: Discerning the way Paul Matthews Van Buren, 1995 This is the first and most referred to Christian systemic theology to make clear for the Church the relevance of the continuing existence of the Jewish people to every aspect of its theology The three volumes set out to correct a major and central deficiency in the field that the continuing existence of Israel the people of God and the people of Jesus whose ancestors produced by far the largest part of the Church's Bible and who have lived by the covenant of those Scriptures through the ages has been either ignored or treated negatively A Theology of the Jewish-Christian Reality continues to stimulate fresh thinking about the foundations for responsible theological reflection This opening volume explores the implications of the Church's own confession that the God it worships is the God of Israel Just this truth it is argued is expressed in the Church's doctrine of the Trinity and it grounds the further reflections on the Church's identity on the Bible on revelation and on redemption Originally published in 1983 by Harper and Row Publishers **A Touch of the Sacred** Dr. Eugene B. Borowitz, Frances Schwartz, 2015-04-13 Our faith in

God and our love of Judaism are tested daily by our turbulent world and personal challenges In this special book Dr Eugene Borowitz the leading theologian of liberal Judaism offers a highly accessible guide to the questions we've all wrestled with in our spiritual lives In these pages Borowitz shares with you his rich inner life which draws from both the rational and mystical Jewish thought that have inspired two generations of rabbis cantors and educators and will now inspire you *The*

Cambridge Companion to Jewish Theology Steven Kepnes, 2020-12-17 A comprehensive review of the entire tradition of Jewish Theology from the Bible to the present from leading world scholars [Jewish Theology and Process Thought](#) Sandra B. Lubarsky, David Ray Griffin, 1996-03-07 Presents essays by Jewish thinkers who have found process thought to be a useful framework for contemporary Jewish thought and a set of conversations between Jewish and Christian thinkers on the appropriateness of process thought for Judaism and Christianity **Opening the Covenant** Michael S. Kogan, 2007-12-17

The Vatican II Council of 1965 signaled a new era in the relationship of the Jewish and Christian faiths Determined to free the Church of the anti-Jewish polemic which led to such widespread suffering of the innocent Catholic authorities completely revised their conceptions of Jews and Judaism Soon many mainstream Protestant churches also issued a series of official statements that affirm the eternal nature of God's ancient covenant with Israel An entirely new category of theology emerged as part of the developing Jewish-Christian dialogue and gradually Jewish theologians began to respond Opening the Covenant represents a significant advance in Jewish thinking about Christianity Michael Kogan delves deep into the theologies of the

two faiths to locate precise points of difference and convergence He sees Christianity as the breaking open of the original Covenant to include Gentile peoples God has brought this about says Kogan through the work of Jesus and his interpreters If Christianity is a divinely inspired movement then Judaism must reevaluate its truth claims This will in no way compromise the truth of Judaism itself but will cause Jews to understand their own faith more fully by locating it in the larger context of God's universal redemptive plan Kogan calls for each tradition to receive the wisdom of the other as a means of self understanding Once each faith is freed to find God's purpose in the other the way will be open to a liberating pluralism in which Jews and Christians come to see each other as Israelite siblings sharing a universal role as God's witnesses the builders of God's Kingdom on Earth Neither faith can do this world redemptive work alone Kogan argues that an affirmation of one's own religion can still provide space for the truth of the other and presents a theory of multiple revelations of truth flowing from the one God of all

Toward a Jewish Theology of Liberation Marc H. Ellis, 2002 *We Have Reason to Believe* Louis Jacobs, 2004 This book examines the basic beliefs of Judaism in light of modern thought Its shape is traditional but not fundamentalist This book the main cause of the Jacobs Affair in which the author's appointment to an Orthodox Rabbinic position was vetoed suggests that the doctrine Torah Min Ha Shamayyin The Torah is from Heaven needs to be reinterpreted so as not to be in conflict with modern knowledge The controversy erupted again in the 1990s when Chief Rabbi Jonathan Sacks declared that those who hold views similar to the author's have severed links with the faith of their ancestors This expanded fifth edition with a Preface by William Frankel and a Retrospect of the Jacobs Affair by the author will enable readers to follow the argument and make up their own minds In a recent poll conducted by the London Jewish Chronicle Louis Jacobs was chosen as the Greatest British Jew

How then can Judaism be so crowded with descriptions and images of God? And what can they mean to the ways Christians understand their own faith?
