Judas Cloak:

The Judas Cloak Walter Winward,1990 **Maccabee** David C. Carson,2007 The year is 167 BCE The bloodthirsty Syrian king Antiochus IV has reneged on the promise of religious freedom made to the Jews by his forebear Alexander the Great Antiochus sets out to abolish every semblance of Jewish religion and culture replacing it with the revered ways of the Greeks Hundreds are slaughtered in the courts of the temple as they resist the king's desecration of their altar Antiochus changes the face of Jerusalem erecting a gymnasium where the men follow the common Greek practice of exercising nude Many of the young Jewish men betray their heritage by having their circumcisions surgically reversed to hide their distinction as Jews One elderly priest determines it would be better to die than see their nation thus corrupted With his five sons Mattathias ben Hasmoneus launches a guerilla war against the hated Syrians Judas his middle son proves to be the genius in battle and becomes known throughout Judea as the Maccabee the hammer As Judas leads the nation in the struggle for freedom one of his continuing motivations is love for the woman promised him since childhood but who has been caught in the midst of the conflict Only when Jerusalem is delivered from the Syrians can she become his Maccabee draws extensively on the ancient writings of Josephus and the apocryphal works 1 and 2 Maccabees An additional chapter has been placed at the end of Maccabee Author's Historical Notes for those interested in separating the fiction from the actual events

The Beauty of Holiness Brian Leslie Bishop,2020-01-07 In this book Brian Bishop simply pauses to look at fifty seven beautiful images that feature the life and death of Jesus and the supper at which he appeared three days after his burial to two broken hearted disciples He finds the visual approach to the gospel stories rewarding and attempts to place the paintings in some historical context as an aid to understanding but essentially offers pauses for thought and reflection upon world changing events The book may be dipped into as time and interest allows The beautifully produced color images of wonderful works of art provide constant companionship **Italy** Harry Hearder,Jonathan Morris,2001-12-13 Italy A Short History is a concise but comprehensive account of Italian history from the Ice Age to the present day It is intended for both students of Italian history and culture and the general reader whether tourist business person or traveller with an interest in Italian affairs Harry Hearder places the main political developments in Italian history in their economic and social context and shows how these related to the great moments of artistic and cultural endeavour Amongst key events he analyses the growth and decline of the Roman Empire the remarkable cultural achievements of the Renaissance Italian unification and the contradictions of the fascist dictatorship of Mussolini Jonathan Morris brings the work up to the present day with an authoritative but colourful history of the corruption scandals that brought down the post war Italian political system in the 1990s and the new political forces that have emerged in its place **One Bears The Cross** Sr. Ruffo Espinosa,2005-06 The author reflects on the betrayal of Jesus and proposes a spiritual explanation for why Judas Iscariot from Judea was chosen to carry the label traitor This story describes apostle Judas Thaddeus struggle with his name after Judas Iscariot's betrayal of

Jesus it is narrated through an aspiring apostle Barsabbas who mistakenly believes he was overlooked for the job Although much has been written about the 12 apostles little is actually known about their personal lives We do know that many were unlearned fishermen and they no doubt had ambitions fears and carnal desires similar to those of men throughout the ages The message of this book is developed through the lives of three such men Judas Iscariot Judas Thaddeus and Barsabbas The author suggests that there is a little of Iscariot Thaddeus and Barsabbas in all of us It is the conflict between their personalities which fuels the best and worst qualities of mankind true power is not found through force but in those ideals exemplified by Barsabbas forgiveness and love

The Autobiography of Jesus X Ross Allaire, 2015-03-08 It's not what you think Unless you think everything is wrong Imagine if Kurt Vonnegut and Hunter Thompson collaborated on a new version of The Bible and you kinda get the gist The Autobiography of Jesus X is not for the faint of heart Here is the prophet a cynical dreadlocked pothead crackpot who's done all sorts of despicable things For which He wonders if forgiveness is possible Because now he is only a ghost of the God he once was now retired After this one incarnation as a human being on Earth he quit As God he had become indifferent But as a tall black Jew with blue eyes and red hair in the Roman Empire he proved to be too smart for his own good Or maybe just too human He tried to quit The Autobiography of Jesus X is either the new Bible or the most offensive book ever written or both Maybe neither This is part sci fi fantasy part expose memoir and part stand up comedy He pretty much frames it as His last message to humanity So we might want to listen Or read Or whatever

The Art of the Sublime Roger Homan, 2017-03-02 In the view of Hegel and others pagan art is the art of the beautiful and Christian art is the art of the sublime Roger Homan provides a comprehensive and informative account of the course of Christian art encompassing a re evaluation of conventional aesthetics and its application to religious art Homan argues that taste and aesthetics are fashioned by morality and belief and that Christian art must be assessed not in terms of its place in the history of art but of its place in Christian faith The narrative basis of Christian art is documented but religious art is also explored as the expression of the devout and as an element in the trappings of collective expression and personal quest Sections in the book explore pilgrimage art puritan art the tension of Gothic and Classical church architecture and the language of worship Current areas of debate including the relationship of ethics to the appreciation of art are also discussed An extensive range of examples of painting architecture and decoration most of which are of European origin are discussed throughout with a number of striking illustrations included within the text

Feeling Persecuted Anthony Bale, 2012-01-01 In Feeling Persecuted Anthony Bale explores the medieval Christian attitude toward Jews which included a pervasive fear of persecution and an imagined fear of violence enacted against Christians As a result Christians retaliated with expulsions riots and murders that systematically denied Jews the right to religious freedom and peace Through close readings of a wide range of sources Bale exposes the perceived violence enacted by the Jews and how the images of this Christian suffering and persecution were central to medieval ideas of love community and home The images and texts explored by Bale expose a

surprising practice of recreational persecution and show that the violence perpetrated against medieval Jews was far from simple anti-Semitism and was in fact a complex part of medieval life and culture. Bale's comprehensive look at medieval poetry, drama, visual culture, theology, and philosophy makes *Feeling Persecuted* an important read for anyone interested in the history of Christian-Jewish relations and the impact of this history on modern culture. Paolo Veronese Richard Cocke, 2017-10-05 This title was first published in 2001. Paolo Veronese's *Piety and Display in an Age of Religious Reform* examines the large body of religious paintings with which Veronese (1528-1588) played a crucial role in shaping Venetian piety. With 117 illustrations, 26 in colour, Richard Cocke sets Veronese's work into context, arguing his mastery of narrative has long been neglected largely as a result of Sir Joshua Reynolds's criticism in his *Discourses*. The new expressiveness of Veronese's work in his final decade is linked with the decrees of the Council of Trent, which resulted in an enhanced display of paintings in Venetian palaces during the 1570s, matched by the renewed decorative schemes in the city's churches. **The Art and Science of the Church Screen in Medieval Europe** Spike Bucklow, Richard Marks, Lucy Wrapson, 2017 Fresh examinations of one of the most important church furnishings of the middle ages. The churches of medieval Europe contained richly carved and painted screens placed between the altar and the congregation; they survive in particularly high numbers in England despite being partly dismantled during the Reformation. While these screens divided lay from priestly jurisdiction, it has also been argued that they served to unify architectural space. This volume brings together the latest scholarship on the subject, exploring in detail numerous aspects of the construction and painting of screens; it aims in particular to unite perspectives from science and art history. Examples are drawn from a wide geographical range, from Scandinavia to Italy. Spike Bucklow is Director of Research at the Hamilton Kerr Institute, University of Cambridge. Richard Marks is Emeritus Professor of the History of Art at the University of York and currently a member of the History of Art Department, University of Cambridge. Lucy Wrapson is Assistant to the Director at the Hamilton Kerr Institute, University of Cambridge. Contributors: Paul Binski, Spike Bucklow, Donal Cooper, David Griffith, Hugh Harrison, Jacqueline Jung, Justin Kroesen, Julian Luxford, Richard Marks, Ebbe Nyborg, Eddie Sinclair, Jeffrey West, Lucy Wrapson. **Interlude** John E. Dixon, 2001-08 Fiction is about people, and all people have something in common. The theme of this work is the commonality of faith, or more precisely, everyone believes in something. But is any one person to believe the truth? Join the characters in their search for the truth, the very core of our existence. Witness the events that shape Earth's future as a result of the science of the past. Travel with the characters to the very start of one of the largest religious movements on Earth and discover the real reason for the diverse beliefs of the people of planet Earth. *Interlude* is the first book in this series devoted to pursuing the commonality that is foundational to all humanity. Bribes John Thomas Noonan, 1987-01-01 Traces the history of bribery from ancient Egypt to ABSCAM, examines changing perceptions of bribery, and discusses the legal, ethical, and religious injunctions against bribes. **Municipal Engineering and the Sanitary Record**, 1917 **Art and the Reformation** George Gordon Coulton, 1928 *University*
