Work in the English Novel Ruth Danon,2020-01-08 Originally published in 1985 this book traces the development of an ideal of work in English writing which runs parallel to that of the Protestant work ethic The author has called this the myth of vocation work is seen as the primary source of self definition psychic integration and fulfilment The root and the purest form of the idea is to be found in Robinson Crusoe This work so seminal in many ways presents a prototypical middle class hero caught in a conflict between the impulse to adventure and that to create and make profits The conflicts articulated in this work are picked up more or less explicitly by more than one of the great Victorian novelists This book treats in detail several paradigmatic examples deriving its terms of reference from modern sociological treatments of work and its effects on persons The gospel of work need not result in capitalistic or protestant attitudes but is compatible also with communistic ideas This study serves to revalue the concept of work as a humanistic activity as well as offering a subtle reading of major works of literature

Realist Critiques of Visual Culture Edward Barnaby,2018-05-10 Have industrial age technologies and visual discourses transformed us into spectators of the real and can realist fiction make that transformation visible to us This book brings Situationist Guy Debord s Society of the Spectacle and an array of cultural criticism into dialogue with novels by Hardy Forster Woolf Rushdie Carey and Barnes to foreground literary realism s critique of visual culture including Gothic architectural revival neoclassicism tourism historical pageantry postcolonial cinema and photography museums preservationism urbanism and artisanal neo folk movements Barnaby advances the concept of meta spectacle to distinguish

realist fiction that engages ethically with visual discourses from realist ic fiction that reproduces the visible veneer of reality for aesthetic consumption He highlights the limitations of artistic critiques of spectacle considers their resilience toward a culture industry that continuously repackages iconoclasm as iconicity and reflects upon the process of reorienting the reader to comprehend realist gestures By heightening the capacity to recognize our own immersion within objectified representations of the real Realist Critiques of Visual Culture demonstrates how literary realism remains vital within a society that is so deeply invested in visually replicating and archiving lived experience **Catalogues of Sales** Sotheby & Co. (London, England),1929 **The World of the Victorian Novel** William Harvey Marshall,1967 *Hardy's Use of Allusion* Marlene Springer,1983-06-18 **The National Union Catalogs, 1963-** ,1964 **Jude the Obscure Volume 2 of 2 (EasyRead Super Large 20pt Edition) , Jude the Obscure Volume 2 of 2 (EasyRead Super Large 18pt Edition) , The Novel, Volume 2** Franco Moretti,2022-04-12 Nearly as global in its ambition and sweep as its subject Franco Moretti s *The Novel* is a watershed event in the understanding of the first truly planetary literary form A translated selection from the epic five volume Italian *Il Romanzo* 2001 2003 *The Novel* s two volumes are a unified multiauthored reference work containing more than one hundred specially commissioned essays by leading contemporary critics from around the world Providing the first international comparative reassessment of the novel these essential volumes reveal the form in unprecedented depth and breadth as a great cultural social and human phenomenon that stretches from the ancient Greeks to today where modernity itself is unimaginable without the genre By viewing the novel as much more than an aesthetic form this landmark collection demonstrates how the genre has transformed human emotions and behavior and the very perception of reality Historical statistical and formal analyses show the novel as a complex literary system in which new forms proliferate in every period and place Volume 2 *Forms and Themes* views the novel primarily from the inside examining its many formal arrangements and recurrent thematic manifestations and looking at the plurality of the genre and its lineages These books will be essential reading for all students and scholars of literature **THE WORLD OF THE VICTORIAN NOVEL** WILLIAM H. MARSHALL ,1967 **Sotheran's Price Current of Literature** Henry Sotheran Ltd,1905 **The Publishers' Trade List Annual** ,1973 **Annoying the Victorians** James Kincaid,2013-10-23 What happens when bad criticism happens to good people Annoying the Victorians sets the tradition of critical discourse and literary criticism on its ear as well as a few other areas James Kincaid brings his witty erudite and thoroughly cynical self to the Victorians and they will never read or be read quite the same **Victorian Suicide** Barbara Gates,2014-07-14 When Viscount Castlereagh leader of the House of Commons and architect of the Grand Alliance committed suicide in 1822 the coroner s inquest could consider only two legal verdicts insanity or self murder Public outrage greeted his burial in Westminster Abbey the tradition lingered that a suicide s burial place be at a crossroads with a stake through the heart to keep the lost soul from wandering Probing a remarkable variety of sources and individual cases Barbara Gates shows how

attitudes toward suicide changed between Castlereagh's death and the end of the century. By 1900 the Victorians' moral censure of suicide and the accompanying denial that it was a widespread problem had been replaced by a more compassionate response and also by an unfounded belief in a suicide epidemic which Thomas Hardy described as a coming universal wish not to live. Exposing a rich area of interaction between history and literature and utilizing the methodology of the new historicism, Gates discusses topics ranging from the plot for *Wuthering Heights* to Victorian shilling shockers. Among other findings she includes evidence that Victorian middle class men particularly tended to make suicide the province of other selves of men belonging to other times or places of monsters or of women.
